TUESDAY MORNING.....Mar. 4, 1862

The article in the AUGUST No. of Harper's Monthly, "Joseph Jenkins, the Painter," contains the following: "Jenkins, however, engaged in transferring one of Allen's paintings to steel, called the meeting to the great artist, and owned, not without hesitation and fear, of scolding, his anger, that, though he had tried his best, he could not distinguish what object was meant to be represented by a dash of bright color in the immediate fore-ground of the picture."

Turner looked at it for a while, then said:

"What do you think it is?"

"I can't tell sir," was the reply; "but if I were to make a guess, I should think it might be a wheelbarrow."

Very well! Then make it a wheelbarrow,' said Turner, and dismissed the engraver. The shape of the object made no difference to him, but the color was everything; and this great stress placed upon general effect and harmony of color in a picture, probably led to that indistinctness in detail which he declared to be his weak point."

HOW IT WAS MANAGED.—We hear that on Christmas day Major Anderson dined formally with the secession authorities in Charleston, and was duly carried back to Fort Moultrie by early moonlight, apparently very much overcome by the good things drinkable set before him. Those in charge of the steamer passed in the Port, therefore thought it would be safe to relax their vigilance and themselves take a Christmas night frolic; and in the midst of which Anderson and his forces spiked Moultrie's guns and landed safely in Fort Sumter.... The apparent intoxication of Anderson was but a feint to have the very effect it did have.

MR. CHURCH'S ICEBERG.—Mr. Church has at last commenced upon his undertaking of painting an Iceberg, studies for which he made two years ago in Newfoundland. The canvas is the same size as that of the Heart of the Andes. The sole object in the picture will be a vast and solitary iceberg, a mountain of glittering ice, with domes, and fantastical pinnacles, rising out of the ocean. It would be a good investment for the South Carolina Government.

The Post says that a lady on the ice (skating article) is among the chief luxuries of the season.

☞ TO ADVERTISERS.—The Pittsburgh DAILY GAZETTE has a large circulation among the business men in this and the surrounding cities—among those who BUY and who SELL—and among manufacturers and producers. It may be found in nearly all the counting rooms, store rooms, banking houses, hotels, factories and commission houses in the two cities, where it is read and carried home to the families for perusal. As a medium for advertising, therefore, it offers inducements which no other paper in Western Pennsylvania can offer, to all who desire to reach this large class of our citizens. The WEEKLY GAZETTE at this time has a much larger circulation in Western Pennsylvania, Ohio and Virginia, among substantial farmers and merchants, than any other secular paper in this section of the State.

☞ THE DAILY GAZETTE is the oldest Newspaper in the West, and having an extensive circulation amongst the business men, and reaching all classes, it offers inducements to other timers at the best medium through which to reach the public.

☞ THE WEEKLY GAZETTE is issued every Wednesday and Saturday, on a large Mammoth sheet, and contains in addition to the news of the week, a carefully prepared and reliable report of the Markets, commercial and monetary affairs—making it the best Commercial Newspaper in the West.

D. MOTT'S CHALYBEATE RESTORATIVE PILLS & IRON.

AN APERIENT AND STOMACHIC Preparation of IRON purified of Oxygen and Carbon by Connection in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurity of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity. In almost every conceivable case. Indeed, as in all maladies in which Iron is prescribed, it has proved absolutely curative in each of the following complaints, viz:

Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhœa, Dysentery, Inaptitude to Exertion, Scrofulous Tuberculosis, Salt Rheum, Blotches, Ulcerations, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.

In cases of General Debility, whether the result of acute disease or the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description can put written attestation would render credible. It is called by long list of names in those persons forgotten in their own neighborhoods, have suddenly re-appeared to their many world as if just returned from protracted travel in a distant land. Some very signal instances of this kind have attended of female sufferers, emaciated victims of apparent marasmus, anæmia, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic uneasiness to air and exercise for which the physician has no name.

In Bilious Affections of all kinds, and our reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old cathartics, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gentle purgative, or inducing a disagreeable sensation.

It is this latter property, among others, which makes it especially effectual and permanent a remedy for Piles, against which it also operates as a tonic and aperient. In addition, by dispersing the local tendency which forms them.

In unchecked Diarrhœa, which we are its causes, a single box of these Chalybeate Pills has often suffered for the most habitual cases, including the attendant Costiveness.

In Scrofulous Tuberculosis, this medicated iron has been for more than the good effect of the most cautiously balanced preparations of lottos, without any of their well known liabilities.

The attention of families cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In Rheumatism, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittent Fevers it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

In epidemic has ever been recovered to the whole history of medicine, which exerts such prompt, happy, and fully curative effects. Good appetite, complete digestion, rapid assimilation of strength, with an unusually healthful condition of the blood chemical reaction, immediately follow use.

Put up in neat flat metal boxer containing 50 pills; price 50 cents per box, for sale by Druggists and dealers. Will be sent free to any address on receipt of price. All letters, orders, &c., should be addressed to

# Ayer's Sarsaparilla

A compound remedy, designed to be the most effectual *Alterative* that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ENTHESIAS, HOSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Do not pine on, inter something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself has lastly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

# Ayer's Cherry Pectoral

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, Prof. Ayer does not deem to assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

# Ayer's Cathartic Pills,

FOR THE CURE OF

*Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and for Purifying the Blood.*

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.
