
WEDNESDAY, MORNING, JAN. 9.

FOR THE PITTSBURGH MORNING POST.

(Air—*John Anderson.*)

Bob Anderson, the bold boy,
No thing is dearer to me than
Was sent to guard his country's flag
Against a rebel band.
In Monitor's walls he found not
Protection from the foe,
And so, said he, to Sumter prowd,
The very spot will go.

So Anderson, my bold boy,
Where'er you may be, the day
Makes all the guns and blandy
To Sumter sped away.

At Perry left his Lawrence,
But raised his flag once more,
So Anderson's more proudly waves
Over Sumter than before.

Bob Anderson, the bold boy,
"Now, Treason, do your worst;
The guns of Sumter guard the flag
From every hand accursed."
The battle's fought, and seceders
Discover that they are sold;
The flag they dread is guarded by
Bob Anderson, the bold.

Bob Anderson, the bold boy,
Deserves the nation's thanks;
He knows and does his duty well,
Despite rebellion's pranks.
We'll give three cheers for Union,
Our country's flag unfold,
And three times three we will give to thee,
Bob Anderson, the bold!

—(PAUL *Bulletin.*)

HINTS ON HEALTH.—We make the following extracts from *Lewis' New Gymnastics*, Boston:

LITTLE CHILDREN'S DRESSES—NAKED ARMS AND NECK.—A distinguished physician who died some years since, in Paris, declared: "I believe, that during the twenty six years I have practiced my profession in this city, twenty thousand children have been carried to the cemeteries, a sacrifice to the absurd custom of exposing their arms naked."

I have often thought, if a mother were anxious to show the soft, white skin of her baby, and would cut out a round hole in the little thing's dress just over the heart, and then carry it about for observation by the company, it would do very little harm. But to expose the baby's arms, members so far removed from the heart, and with such feeble circulation at best, it is a most pernicious practice.

Put the bulb of a thermometer to a baby's mouth; the mercury rises to 99 degrees. Now, carry the same bulb to its little hand. If the arms be bare and the evening cool, the mercury will sink to 40 degrees. Of course all the blood which flows through these arms and hands must fall from 20 to 40 degrees below the temperature of the heart. Need I say that when these cold currents of blood flow back into the chest, the child's general vitality must be more or less compromised? And, need I add, that we ought not to be surprised, at its frequently recurring affections of the lungs, throat and stomach?

I have seen more than one child with habitual cough and hoarseness, or choking with mucus, entirely permanently relieved by simply keeping its arms and hands warm. Every observing and progressive physician has daily opportunities to witness the same simple cure.

☞ TO ADVERTISERS.—The Pittsburgh DAILY GAZETTE has a large circulation among the business men in this and the surrounding cities—among those who BUY and who SELL—and among manufacturers and producers. It may be found in nearly all the counting rooms, store houses, banking houses, hotels, factories and commission houses in the two cities, where it is read and carried home to the families for perusal. As a medium for advertising, therefore, it offers inducements which no other paper in Western Pennsylvania can offer, to all who desire to reach this large class of our citizens. The WEEKLY GAZETTE at this time has a much larger circulation in Western Pennsylvania, Ohio and Virginia, among substantial farmers and merchants, than any other secular paper in this section of the State.

☞ *THE DAILY GAZETTE is the oldest Newspaper in the West, and having an extensive circulation among the business men, and reaching all classes, it offers inducements to advertisers as the best medium through which to reach the public.*

☞ *THE WEEKLY GAZETTE is issued every Wednesday and Saturday, on a large blanket sheet, and contains in addition to the news of the week, a carefully prepared and reliable report of the Markets, commercial and monetary affairs, making it the best Commercial Newspaper in the West.*

DR. MOTT'S
CHALYBEATE RESTORATIVE
PILLS OF IRON.

AN APERIENT AND STOMACHIC Preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The excellence of thousands daily proves that no preparation of iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Innocuous in all modes in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhœa, Dysentery, Incipient Consumption, Scrofulous Tuberculosis, Salt Rheum, Blennorrhœa, Chronic Rheumatism, Suppressed Menstruation, White, Chlorotic, Liver Complaints, Chronic Headache, Sinking Sensations, Intermittent Fevers, Pimples on the Face, &c.

In cases of General Debility, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and attention for which the physician has no name.

In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overbearing; and gently, regularly quickening, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inducing a disagreeable sensation.

It is this latter property among others, which makes it so remarkably effectual and permanent a remedy for *Piles*, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dyspepsia, innumerable as are its causes, a single box of these Chalybeate Pills has often suffered for the most habitual cases, including the attendant Cheerlessness.

In accelerated Diarhœa, even when advanced to Dysentery, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of tone and strength, debilitating cough, and remittent hectic, which generally indicate Incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and laborious cases.

In Scrofulous Tuberculosis, this medicated iron has had other more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

The attention of families cannot be too confidently invited to this remedy and restorative, in the cases peculiarly self-acting there.

In Rheumatism, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably found beneficial, both as alleviating pain and reducing the swelling and stiffness of the joints and muscles.

In Intermittent Fevers it is almost necessarily a great remedy and energetic preventative, and its progress in the more malarious districts of the West, will probably be one of high reputation and usefulness.

As a remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy, and fully remedial effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful attention, immediately follow its use.

Put up in neat flat metal boxes containing 50 pills; price 50 cents per box; for sale by Druggists and dealers. Will be sent free, by mail to any address on receipt of price. All letters, orders, &c., should be addressed to

# Ayer's Sarsaparilla

A compound remedy, designed to be the most effectual *Alterative* that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the disease Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, escape the usual fevers and the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, and hence the drug alone has not all the virtue that is claimed for it; but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

DR. J. C. AYER & CO.
LOWELL, MASS.
Price, $1 per Bottle; Six Bottles for $5.

## Ayer's Cherry Pectoral

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.
