WEDNESDAY MORNING, FEB. 26.

The following succinct account of the final suppression of the civil war in that country:

"After three long years, and five days' fearful struggle, with the loss of thousands of lives, millions of dollars lost, many more millions paralyzed and whole valued, commerce at a standstill, the well trade reduced to poverty, and 5 ads lost in waste, the well trade reduced to poverty, and the cost in the last stage of suffering and want, the sun rose on Christian morning, and our Mexico free—free from the most cruel and loathsome tyranny that ever oppressed a people—and those oppressors flying for their lives and to a foreign land."

The people of the United States are now entering upon the practice of the system from which, thanks to the firmness of her constitutional authorities, and the persistence of the people by whom those authorities were suppressed, Mexico has at last happily emerged. Here, too, the most cruel and loathsome tyranny that ever oppressed a nation, having been defeated at the ballot-box, has put forth its *pronunciamiento*, and raised the standard of civil war. And the question now to be decided in the United States, is whether the people and the Constitutional Government will succumb to those who thus undertake by violence to reverse the decision of a peaceful and legal election, or whether they will exhibit as much virtue as has been exhibited by the Mexicans, and immovably insist on the Union, the Constitution, and the Enforcement of the Laws.—[*N. Y. Tri.*

A Tennessee View of Coercion.

The Nashville Banner says:

Citizens of seceding States seize and hold the arsenals and forts of the United States by armed force. They drive out all United States officers found therein. Is that coercion, or not? And is it the duty of the United States Government to submit to coercion? Citizens of the seceding States seize the mints and treasure of the United States, and rifle the mails at pleasure, and threaten with death any United States officer that opposes. Is that coercion or not? If so, is it the duty of the United States to submit to it?

So far, all the coercion—all the resort to force, to military force to violate rights, laws and property—has been on the part of seceding States. And yet all this has not has filled the nation against coercion, has been poured forth by those daily resorting to it! It is right enough for any mob to seize the property and trample on the flag of the Union, but damnable coercion if the Union refuses to submit to be robbed and insulted by such hands.

Startling Statistics.

We cut the following from an exchange:

"The present annual production of tobacco has been estimated by an English writer at 4,000,000,000 pounds! This is smoked, chewed, and snuffed. Suppose it was all made into cigars, 100 to the pound, it would produce 400,000,000,000. Four hundred billions of cigars! Allowing this tobacco unmanufactured, to cost on the average 10 cents a pound, and we have $400,000,000 expended every year in producing a noxious, delerious weed. At least one and a half times as much more is required to manufacture it into a marketable form, and to dispose of it to the consumer."

We apprehend our English friend has made a blunder in some part of his arithmatic; for if his figures are correct, the annual consumption of the weed costs about as much as the whole of the United States railways.

Mr. Coalter, the Commissioner from Missouri to the "Peace Convention."

This gentleman, who has been sent to Washington to demand concessions and present the "ultimatum" of Missouri to the North, will please to take notice that he has been repudiated at home. He represents nobody, and will do well to present his own ultimatum, and leave as speedily as possible. He has received the smallest vote on the secession ticket, proving that even his own party is disgusted with him. Mr. Coalter had better go back to South Carolina and remain there. This would afford an additional argument against coercion, as nobody would care to force him back into the Union. The members of the Peace Convention will do well to take notice that the Commissioners from Missouri have been repudiated by the State.—[St. Louis Dem.

From a statistical return lately published in Paris it appears that 700 people are killed, and 5000 wounded annually by carriages and other vehicles in that city. The carriages of Paris kill and wound more people than all the railways in Europe.

ANOTHER CURE by DR. SCHENCK.—I called on Dr. Schenck some time ago in one of his visits to Pittsburgh, at the office of Dr. Keyser, No. 140 Wood st. He was examining patients with lung disease. One of my lungs and the bronchial tubes were found to be badly diseased. I Oftentimes when I coughed I expectorated blood and matter to large quantities. I had night sweats and a great deal of pain, and was greatly debilitated. Dr. Schenck prescribed for me his "PULMONIC SYRUP," "SEAWEED TONIC" and "MANDRAKE PILLS," and after taking them one month I felt much relieved. I took about eight bottles of the Syrup, and one box of the Pills, and the cough has nearly left me.—I live in Coshocton county, Unity township, Ohio, where I am well known. You may publish this if you wish. MARTIN ROCK.

Pittsburgh, August 27, 1860.

N. B. Since the above was written, Mr. Rock has entirely recovered, and continues well, having regained his usual health.

I, WILLIAM W. ALEXANDER, residing on Ann street, Allegheny city, do hereby certify that I have been a sufferer from severe cough and pain in the breast for about eight years. During the whole of this time I have had frequent debility and derangement of spirits. I tried every remedy I could hear of, but nothing took hold of my disease. I heard of Doctor Schenck's "PULMONIC SYRUP," but hesitating as one personally that it had cured, I had no confidence in it. In April, 1859, I took a severe cold, accompanied with a violent cough, difficulty of respiration, and night sweats, which so prostrated me that I was confined to my room for two months.

Several of my friends who called to see me, spoke in very high terms of what they knew it had done. My prostrated condition induced me to try it immediately, and I began my first bottle. It seems no more money for doctors or medicine, but would take the chances, live or die as I best could. Before I had taken half of my second bottle, I found myself improving. However, after I had taken several bottles in the Pittsburgh hospital, and I felt inclined to give Dr. Schenck's medicines a fair trial, and I am happy to say, entirely successful. I am in good health, by taking less than one dollar's worth of Dr. Schenck's medicine, and strange as it may sound, I actually state that it has made a perfect cure of me. I am a well man, and I attribute my good health and vigor of constitution entirely to Dr. Schenck's medicines. I pray he may long live to enjoy health to day, Feb. 6th, 1861, than I have done for twenty years past. If persons knew the value of Dr. Schenck's medicines while running sores, they would not hesitate to call on him in his visits to this place. I feel like advising every person to call on him, as I have the utmost confidence in his medicines. Any person wishing to know the facts as here stated can call on me at my place of residence, or of Wm. M. Fisher's, machinist, in this city, or at my residence, Ann street, Allegheny city.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generations;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. The cleansing it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only Scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, RINGWORMS, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from Disordered Stomach, Indigestion, Pain and Morbid Inaction of the Bowels, Flutulency, Loss of Appetite, Jaundice*, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenzas, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

DR. MOTT'S CHALYBEATE RESTORATIVE PILLS OF IRON.

AN APERIENT AND STOMACHIC Preparation of IRON purified of Oxygen and Carbon by combination in Hydrogen. Ingredient by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Indigestion in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhœa, Dysentery, incipient Consumption, Scrofulous Tuberculosis, Salt Rheum, Stammering, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.

In cases of General Debility, whether the result of acute disease or of the continued diminution of nervous and muscular
