SATURDAY MORNING, MARCH 2.

Religious Intelligence.

The Rev. J. B. Whiting, Central Association Secretary of the Church Missionary Society, has published the Liverpool Missionary Conference of 1860, remarked, that it had been his duty, as an advocate of the Church Missionary Society, to plead the cause of missions in various parts of England, and in the Emerald Isle, and acquired much information in regard to missionary efforts. He found that the Bible had been translated during the last fifty years into upwards of one hundred languages. There were 100,000 professing Christians in New Zealand; 100,000 in Burmah and Pegu; 112,000 Protestant Christians in India; 5,000 or 6,000 in Mesopotamia; 250,000 in Africa; 40,000 in America, and 250,000 in the Islands of the Pacific. There were Christians in China, Madagascar, Mauritius, and many other parts of the world. There were 200,000 or 300,000 Negroes under the care of Christian pastors in the West Indies. There are more than a million and a quarter of living Christians who, but for the labors of the missionaries, would all have remained idolaters. Then, again, the 1,600 missionaries, who had gone forth from Europe and America, were now accompanied by 16,000 native ministers, religious catechists, &c.

——According to a report made by the Sabbath Committee of New York, the Sunday liquor bars have been closed, and much has been done toward closing drinking houses and gambling saloons on the Sabbath. The crying of Sunday newspapers has been stopped to a great extent.

——The Moravians have over three hundred missionaries employed in the most destitute heathen lands; such as North America, Greenland, Labrador, Jamaica, Thibet, South Africa, Australia, &c. According to last year's report $200,000 was contributed to the support of their missionaries. The whole membership of this denomination is said not to exceed twenty thousand.

——St. Paul's Cathedral, London, has been generally re-opened for preaching to the masses. The Bishop of London preached to an immense congregation on the Atonement which is the "grand truth," versus Oxford Rationalism.

——An exchange gives the following account of the death of a Wesleyan (Methodist) minister:

"On the 15th of January the Rev. J. P. Hetherington (many of Glasgow) of Blackview, Carrickfergus, retired to rest in his usual health. The next morning his daughter, surprised that he was not up or coming down stairs, went to his bedroom to ascertain the cause, when she found her father lying on his knees at a chair by his bed-side, with his hands clasped in the attitude of prayer, but quite dead."

——The Agents of the Methodist Book Concern, New York city, reported to the Book Committee at its annual session, week before last, that the net profits of the past year were $42,-491, and that of the published circulation of all the publications of the Church.

——The Christian Chronicle, published in Philadelphia, the organ of the African Methodist Episcopal Church, reports that interesting revivals are in progress in many of the churches.

——We clip the following from an article which appeared in the New York Observer, about a young man who became anxious about his soul:

"He resolved to call on a minister and ask counsel. * * * * He found the minister standing in animated, and to him apparently interesting conversation with a couple of visitors, and after waiting with them a while to get a favorable opportunity, he could not open his mind to the minister, and he retired without having received any benefit from the interview. He, ere long, became a convicted, and, in the end, an enlightened sinner."

——Two Will Baptists of the United States had their anniversary recently at Saco, Maine. According to reports at missionary meeting, there are thousand dollars, were raised for the missionary cause during the past year.

——Mr. Whittemore, a missionary in Turkey, writes that he has been visited several times by Kezzulbash Koords, who called themselves Protestants. They solicited him to send a preacher of the Gospel. They said: "We believe that Jesus Christ is the only Saviour of lost men; but as yet we are ignorant, and you must teach us." You have the truth, and we have no hope of learning it except through you."

——A correspondent of the N. Y. Observer writes—who took an active part in the Presbyterian Convention at Pittsburgh—that one hundred and fifty in all, have been awakened to enquiry, and a large number begin to hope in Christ.

——The American Presbyterian acknowledges the receipt of four hundred dollars from the Third Presbyterian Church, (Rev. H. Kendall, D.D., pastor), for Church Extension—to be expended in Missouri.

——A writer in the Cleveland, New York, recognizes of the preaching of his pastor for six months:

"He goes on hunting words, waging wars, with no more effect than if he had stopped his sermon for the forty minutes in the morning that he is a priest and I am a layman, and for thirty long minutes he are ministered that I am but a layman, while he is a priest, and consequently one of the clergy. In the whole body of the laity to-day, while the churches have gone off, and to smash for waiver, but to proclaim to the world and the schools the advantages, the indispensableness, and the authority of the creed?

——The Chicago Church Record (Episcopal) says:

"In the height of folly to talk of a still united Church. The Protestant Episcopal Church except the old friends of the Protestant Episcopal Church in the United States of America. It is, therefore, no more one body itself, the Southern States form a government of their own, they must have an ecclesiastical organization of their own."

——The Rodda Methodist Preacher's Meeting has been discussing the question "Was it possible for Christ to be tempted to fall?" Some affirmed, others denied, while a third class maintained that Revelation furnishes no answer, and the matter transcends our faculties.

——The Bishop of Victoria in a speech at the Church Missionary Conference, referred to a visit to Japan. He said Divine service takes place for the benefit of the English residents and others. A Roman was expressed that the service should be performed. We quote from the report of the Times:

"The Bishop added, therefore, to American missionaries, needless to say, a request with which he readily complied on the understanding that he should not be required to compose any sermons in the native language. Hence it was agreed that he should read passages from a volume of sermons prepared by the Bishop. On entering the church on the following Sunday I took the chair nearest the door, and began, as I thought, to read the sermon, but, to my astonishment, proved to be a republication of Spurgeon's sermons at Horrow, by the Rev. J. Cumming. I read on, however, literally through, and I suppose the Bishop will be glad to learn that the audience of that remarkable clergyman were the people and in the Empire of Japan.

——The leading editorial of the Christian Advocate and Journal entitled "The Foreign Field," gives some interesting facts, which indicate, perhaps, the success of the missionary cause. In 1854 there were 900 Protestant missionaries in the world; in 1858, there were 1,329, more than one-third in twenty years. In 1854 the receipts of the American Board were $162,596 10; in 1860 they were $297,000, nearly three-fold in twenty-six years. In 1854 the receipts of the Wesleyan Missionary Society (England) were $375,000; in 1860 they were $709,000.

——The increase of population in our country during the last ten years was 35½ per cent., and a fraction, (from 19,712,242 to 31,000,000); the increase of Church members, (from 1,519,063 to 2,628,-000), was 73 per cent., nearly double; the proportion in 1832 was 1 member to 1,447 of population; in 1860, 1 to 1,179.

——It has been ascertained by statistics furnished by the Manufacturers' Gazette that Papacy is on the decline in Great Britain. Manufactures and commerce have been greatly thriving. It is estimated that there are 2,000 factories of printed cotton goods, and nearly 400 of woollen goods, and 1,000 of linen goods, and 1,000 of silk goods, and 1,000 of lace goods, and 1,000 of hosiery goods, and 1,000 of carpets, and 1,000 of ribbons, and 1,000 of [illegible]

Scrofula, or King's Evil,
is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending from parents to children unto the third and fourth generation; indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin in this scrofulous contamination; and its destructive diseases of the liver, kidneys, brain, and, indeed, of all the vital organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by a healthy alterative medicine, and invigorate it by healthy blood and exercise. Such a medicine we supply in

AYER'S
Compound Extract of Sarsaparilla,
the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the resolvents of the system from its destructive consequences. It removes those obstructions and sores which arise from it, and invigorates the organs, but not only Scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, MERCURIAL DISEASES, RHEUMATISM, SYPHILITIC AFFECTIONS, DROPSY, DYSPEPSY, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD.

The popular belief is "impurity of the blood" is founded in truth, for scrofula is a disgrace tion of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,
FOR ALL THE PURPOSES OF A FAMILY PHYSIC,
are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. Hence, below named gives us pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Headache, Heartburn, Nausea from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,
FOR THE RAPID CURE OF
Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by the use of it. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies threaten upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

DR. MOTT'S
CHALYBEATE RESTORATIVE
PILLS OF IRON.

AN APERIENT AND STOMACHIC Preparation of IRON purified of impure and poisonous matter in Hydrogen. Functioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that the solution of Iron can be compared with it. Impurities in the blood, depression of vital energy, pale and sallow skin complexions indicate its necessity in almost all of the following cases. Jaundice in all varieties of Dyspepsia, Chronic Rheumatism, Diseases of the Kidneys, Female Irregularities, Scrofula, Diarrhœa, Dysentery, Chronic Cholerosis, Liver Complaints, Piles, Hysterics, Nervousness, Sick Headache, Impoverished Blood, Neuralgia, Fevers, Intermittents, Nervous Affections, Want of Appetite, Loss of Memory, Universal Debility, and Consumption, when in its early stages.

Dr. Mott's Chalybeate Restorative Pills of Iron are sold by all Druggists throughout the United States, Canada, and the West Indies, at 50 cents per box, or 6 boxes for $2.50, and will be sent by mail, free of postage, on receipt of price.
