BELLINGHAM'S CELEBRATED

STIMULATING ONGUENT, For the Whiskers and Hair.

The subscribers take pleasure in announcing to the Citizens of the United States, that they have obtained the Agency for, and are now enabled to offer to the American public, the above justly celebrated and world renowned article.

THE STIMULATING ONGUENT is prepared by Dr. C. F. BELLINGHAM, an eminent physician of London, and is warranted to bring out a thick set of

WHISKERS OR A MUSTACHE in from three to six weeks. This article is the only one of the kind used by the French, and in London and Paris it is in universal use.

It is a beautiful, economical, soothing, yet stimulating compound, acting as if by magic upon the roots, causing a luxuriant growth of luxuriant hair. If applied to the scalp, it will cause astonishing, and cause to spring up in place of the bald spots a fine growth of new hair. Applied according to directions, it will force red or rusty hair dark, and restore gray hair to its original color, leaving it soft, smooth and flexible. The "Ongent" is an entirely vegetable article in every particular, and after one week's use they would last for any consideration, without it.

The subscribers are the only Agents for the article in the United States, to whom all orders must be addressed.

Price One Dollar a box—for sale by all Druggists and Dealers; or a box of the "Ongent," (accurately to have the desired effect,) will be sent to any who desire it, by mail (free,) securely packed, on receipt of price and postage, at 12 cts. Apply to or address
