...AY, MORNING, APRIL 8.

Blenheim Palace.

...ently we had intelligence from England of partial destruction, by fire, of Blenheim Palace at Woodstock, and of the loss of the valuable paintings known as the Titian Gallery. Most of these were presented to the Duke of Marlborough by Victor Amadeus, King of Sardinia, and were of great value. The entire loss is estimated at £100,000.

The pile of buildings constituting Blenheim Palace was erected in the reign of Queen Anne by special act of Parliament, to reward and commemorate the services of the great Marlborough, who, previous to the time of Wellington, was considered the best soldier that England had ever produced. His skillful movements on the Continent, and especially at the battle of Blenheim, on the 13th of August, 1704, where, with the assistance of Prince Eugene, he gained a complete victory over Marshal Tallard and the Elector of Bavaria made him exceedingly popular in his own country, and procured for him the Manor of Woodstock and title of Duke, which was settled upon him and his heirs forever. Although £500,000 were appropriated for the erection of the palace, the jealousy of a Tory Ministry withheld the funds, after an advance of £240,000, and the remainder of the cost, £60,000, was paid from his private fortune. It was not completed until after his death, in 1716. The style is the Italo-Corinthian, the whole occupying three sides of a square, with a front measuring 348 feet from wing to wing. The architect was Sir John Van Brugh. The exterior is richly ornamented and set off to the great est advantage by the artistic arrangements of a park of 2,940 acres, a model of landscape gardening. The interior is furnished with corresponding elegance and taste. Within the chapel are the remains of the first Duke, his wife, and two children, and their statues, executed by Rysbrack. The library is a noble hall, containing, among other treasures, the Sunderland collection of more than 17,000 volumes. The astronomical observatory near the east angle, is well provided with apparatus, including a telescope by Herschel, presented by King George III., after his visit to Blenheim in 1786.

Woodstock is about sixty miles from London and noted for its historical associations. It was here that King Alfred resided while translating Boethius. Here, too, lived the Fair Rosamond, as well known in romance. At Woodstock Henry II. received the homage of Rice, Prince of Wales, and of Malcolm, King of Scotland. Edward I. held a Parliament at Woodstock in the year 1275, and both his son Edmund and the renowned Black Prince were born here. It was also the birthplace of Chaucer. The old palace was at intervals occupied by Richard II. and Henry III. and Henry VIII. narrowly escaped assassination there, in the same palace, Elizabeth, the daughter of the latter, was confined, before she came to the throne, by her sister Mary. Sir Walter Scott has named one of his novels from Woodstock. The present population is about 9,000.

Specimens of Secessional School Books.

"Vanity Fair" having discovered a want, is resolved to supply it. Our seceding brethren want food for the young mind free from the abolition virus, and we have accordingly prepared a series of geographies, spelling-books, grammars, &c., in which every idea is a native of the Sunny South, and therefore appropriate to Southern sonnies. Our caveat is entered with the excellent Jeff.

FROM OUR SOUTHERN GEOGRAPHY.

SOUTH CAROLINA.—A vast empire, bounded on the north by the Artic Ocean, east by Fort Sumter, south by the Tortugas, and west by the Pacific. The population is illimitable, the productions incalculable, its resources inexhaustible. The people are happy because the Better Half of themselves are slaves. Its chivalry awes the world by valiant deeds; its navy defies the battle and the breeze.

PRODUCTIONS.—South Carolina produces chattels of every shade, to suit the taste of the purchaser.

DISEASES.—The prevailing disorders are violent Retches and Sicksession. A Dr. Jackson once invented a cure for these complaints.

LITERATURE.—The standard of literature is high. The Charleston "Mercury," the journal of the Western world, is renowned for the purity of its English and the elevation of its morals. Its circulation is enormous. It justly holds every man a traitor who does not steal from the United States Government.

OUR SECESSION GRAMMAR.

The peculiarity of this work is its proper use of terms. For instance we say: "The noun is the slave of the verb." "The verb is the master of the accusative." Great stress is laid on Passives and Supines. Obedience is taught in every line.

COPIES FROM OUR SECESSION COPY BOOKS.

Poor whites are poor trash,
If you'd spoil the nigger spare the lash,
Little boys when you fog don't mind the gash, &c.

The copy right of these works is secured.

Infamous Act of the Lincoln Administration.

William Cowling, of Ohio, a messenger in the Interior Department, betrayed the confidence reposed in him by Mr. Secretary Thompson, and instead of delivering a dispatch to the telegraph office, as he was directed to do, put it in his pocket. Thus the dispatch failed to reach its destination, intended as it was to notify the authorities at Charleston of the departure of the Star of the West for that port, and to preclude her approach in violation of the understanding between the authorities of South Carolina and the Buchanan Administration. For this treacherous conduct Cowling was very properly dismissed from the Interior Department. Lincoln, however, has given him a higher appointment in the same Department. He rewards applauds the "treachery" by rewarding the traitor. It seems that Black Republicanism engenders in its votaries a perfect contempt for anything like gentlemanly honesty and exact decency, and that even as high an official as a President becomes contaminated by its corrupting influences, to reward such an act of personal and official treachery and dishonor as the one we have recorded.—[Memphis Avalanche.

The Avalanche denounces Mr. Cowling simply for refusing to aid a traitor in his treason. They will need a new dictionary down South before long. The disunionists are using such words as "honor," "faith," "stealing," "treason," &c., &c., in a manner to which the language is unaccustomed.

A new field for cotton has been offered to the notice of the men of Lancashire by one Mirza Jafer Khan, a Persian, who, expressing gratitude for many kindnesses received in England, points out Khuristan, known now as Persia Arabia. Its advantages are its vicinity to the sea, its exceedingly fertile soil, its rivers navigable and running far inland up to the mountain ranges of Luristan, Arabistan and Baktehan, as far as the shores of the Persian Gulf. The rivers are known as the Kerkhao, the Karan, the Jernan and the Bebehan. He states that it could be cultivated cheaply and extensively, and there would be no difficulty in making arrangements. There appears to be an embarrassment of riches with respect to cotton fields, and from what I can learn rather extensive preparations are being made to render many of them immediately available.

DAVIS made Seiah himself a praiseworthy object, compared with those *justs rallies* angels who "were *neither* faithful nor rebellious." We fear that the historian will make some such distinction between the avowed traitors of the South and the fastidious of the North, who dare not side with rebellion and yet do all they can to make authority odious.—*N. Y. World.*

ALLEGHENY COUNTY, SS.—In the District Court: Of April Term, 1861, No. 406.

In the matter of the Report, Surveys, &c., of the Commissioners to establish High and Low Water Lines in the Allegheny, Monongahela and Ohio Rivers, in the vicinity of Pittsburgh:

And now, to wit, March 30, 1861, it appearing to the Court that the Commissioners appointed by this Court under the provisions of the Act entitled "An Act to establish High and Low Water Lines in the Allegheny, Monongahela and Ohio Rivers, in the vicinity of Pittsburgh, in Allegheny county, approved the 16th day of April, 1858, have completed their surveys and determined the lines and located the lines of low and high water mark along the said rivers, and have caused to be made correct maps and plans of the same, with the necessary descriptions and explanations to a perfect understanding thereof; and that they have returned the same, authenticated by their respective signatures, and that of the surveyor, to this Court, as provided by said Act: It is thereupon ordered that the Prothonotary of the District Court receive and file said maps or plans in his office, for public inspection and examination, and that he give notice in the Legal Journal and in at least three daily newspapers published in the City of Pittsburgh, That, on SATURDAY, the 4th day of May next, the Court will hear any objections which may be made thereto by any person or parties who may consider themselves aggrieved by the adoption of the same as provided by said Act.

From the record. Attest: D. ARMSTRONG,

FEVER AND AGUE.—Malaria or Miasma is the predisposing cause of Fever and Fever and Ague, but the immediate exciting cause may arise from over exertion, imprudent exposure, or irregularity of habits. The PERUVIAN SYRUP OR PROTECTED PERUVIAN, acting directly upon the Liver, Kidneys, Bowels, Pancreas, and Digestive Functions, has proved the most successful remedy ever introduced for the cure of this distressing complaint. A single trial will afford relief, and one bottle will in most instances stop the Chills and subdue the Fever. Two or three cases yield to its power. It has never been known to fail.

☞ANOTHER CURE BY DR. SCHENCK.—I called on Dr. Schenck some time ago in one of his visits to Pittsburgh, at the office of Dr. Keyser, No. 140 Wood st. He was examining patients with lung disease. One of my lungs and liver I believe were found to be badly diseased. Oftentimes when I coughed I expectorated blood and matter in large quantities. I had night sweats and a bad cough, and was much debilitated. Dr. Schenck prescribed for me his "PULMONIC SYRUP," "SEAWEED TONIC" and "MANDRAKE PILLS," and after taking them one month I have so far recovered that I do not spit any more blood or matter, and the cough has nearly left me. I live in Cambrian county, Unity township, Ohio, where I am well known. You may publish this if you wish.

Pittsburgh, August 27, 1860. MARTIN KOCH.

N. B. Since the above was written, Mr. Koch has entirely recovered, and continues well, having regained his usual health.

☞I, WILLIAM W. ALEXANDER, residing on Ann street, Allegheny city, do hereby certify that I have been a sufferer from severe cough and pain in the breast for about eight years. During the whole of this time I have had general debility and depression of spirits. I tried every nostrum I could hear of, but nothing took hold of my disease. I read of Dr. Schenck's "PULMONIC SYRUP," but knew of no one personally that it had cured. I had no confidence in it. In April, 1859, I took a severe cold, accompanied with a violent cough, difficulty of breathing and night sweats, which so prostrated me that I was confined to my room for two months.

Several of my friends who called to see me, spoke in very high praise, as they knew what it had done. My prostrated condition also enraged me considerably, and I made up my mind to waste no more time and money for doctors or medicine, but would take the chances, live or die, as I had been so long sick that I felt completely discouraged. However, the leading several advertisements in the "Pittsburgh Dispatch" I felt induced to give Dr. Schenck's medicine a fair trial, and procured one bottle of the "PULMONIC SYRUP." Its good health, by taking less than ten dollars' worth of Dr. Schenck's medicines. I unhesitatingly state that it has made a perfect cure of me. I am a well man, and I attribute my good health and vigor of constitution entirely to Dr. Schenck's medicine. I enjoy better health to-day, Feb. 4th, 1861, than I have enjoyed for nearly twenty years past. If persons knew the value of Dr. Schenck's inestimable remedies, they would not hesitate to call on him in his office in this city, or advising every person to call on him, as I have the utmost confidence in his medicines. Any person wishing further information can call on me at my place of business, at Wm M. Faber's, Machinist, in this city, or at my residence, Ann street, Allegheny city.

Miscellaneous.

A Card to the Public.

THE amount of bodily and mental misery arising from a neglect of small complaints is incalculable, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailments should be had; for diseases of the body invariably affect the mind. DR. MOFFAT'S VEGETABLE LIFE MEDICINES, in every instance where they have been thoroughly used, have TRIUMPHED OVER DISEASE in almost all its diversified forms. The salutary effects of the Life Medicines have, in fact, been so universally experienced, that they have become fully established as the most easy, safe and perfect mode of treatment ever offered to the public.

THESE MEDICINES

Have now been before the public for a period of 30 YEARS, and during that time have maintained a HIGH CHARACTER in almost EVERY PART OF THE GLOBE for the extraordinary curative properties which they possess.

IN MANY THOUSANDS

of certified instances, they have CURED RECURED SUFFERERS from the very VERGE OF AN UNTIMELY GRAVE, after all the deceptive nostrums of the day have invariably FAILED. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

MOFFAT'S LIFE PILLS!!!

Are composed of VEGETABLE INGREDIENTS EXCLUSIVELY, as can be ascertained by CHEMICAL TESTS. Their prominent qualities are those of an active and searching, though perfectly mild and agreeable detergent aperient; of a gentle saponific, promoting the insensible perspiration; of a pleasant diuretic, invigorating the kidneys and bladder; and of a delightful tonic cardiac, exciting appetite by the demands of active digestion, and cheering the mind with that grateful sense of renovated health which is one of the most felicitous feelings of our nature.

THE PHŒNIX BITTERS!!!

So denominated from their astonishing power of creating new life and strength, as it were from the very ashes of the most dilapidated constitutions—are more strongly tonic and more immediately invigorating than the Pills containing the same choice vegetable extracts as the latter, in a different combination, although really less cathartic than the LIFE PILLS, they nevertheless begin to cleanse the alimentary canal much sooner; generally slightly operating within three or four hours, and producing a decided sense of relief to the Head and Stomach, and exhilarating the Mind, even in less time than this.

MOFFAT'S LIFE PILLS!!!

In Affections of the Head, Sick Headache or Nervous Headache, these Pills will be found to possess the most salutary efficacy.

MOFFAT'S PHŒNIX BITTERS!!!

Have been happily used for the cure of FEVER AND AGUE, WITH INVARIABLE SUCCESS!

BILIOUS COMPLAINTS, AND A MODE OF CURE.

As a well-regulated and prosperous quantity of bile upon the stomach is always requisite for the promotion of sound health—it stimulates digestion and keeps the intestines regularly open—but when there is a deficiency of bile, the body is constantly positive. On the other hand, an overabundance of bile causes frequent nausea in the stomach, and often provokes very severe attacks of disease, which sometimes end in death.

Dr. Moffat's Life Medicines!!!

should be taken in the EARLY STAGES of Bilious complaints and if persisted in according to directions, will POSITIVELY EFFECT A CURE!

PILES! PILES! PILES!

As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city that the former proprietor of these valuable Medicines was afflicted with this complaint for upwards of *thirty-five years*; and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica*. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

MOFFAT'S

Life Pills and Phœnix Bitters!!!

CURE DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind. FLATULENCY, Loss of Appetite, Heartburn, Disgust for Food, Fullness or Weight, Nausea, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and Great Depression of Spirits, can all be effectually cured by the use of these Medicines.

In short, these Diseases and Symptoms, which are the offspring of DISORDERED LIVER, STOMACH AND BOWELS, with IMPURITY OF THE BLOOD, will disappear after a few doses of these Medicines are taken, and in a short time a perfect state of health will be restored.

Observe the following symptoms resulting from Diseases of the Digestive Organs:

CONSTIPATION, INWARD PILES, FULLNESS OF BLOOD IN THE HEAD, ACIDITY OF THE STOMACH, NAUSEA, HEARTBURN, DISGUST FOR FOOD, FULLNESS OR WEIGHT IN THE STOMACH, SOUR ERUCTATIONS, SINKING OR FLUTTERING AT THE PIT OF THE STOMACH, SWIMMING OF THE HEAD, HURRIED AND DIFFICULT BREATHING, FLUTTERING AT THE HEART, CHOKING OR SUFFOCATING SENSATIONS WHEN IN A LYING POSTURE, DIMNESS OF VISION, DOTS OR WEBS BEFORE THE SIGHT, FEVER AND DULL PAIN IN THE HEAD, DEFICIENCY OF PERSPIRATION, YELLOWNESS OF THE SKIN AND EYES, PAIN IN THE SIDE, BACK, CHEST, LIMBS, &c., SUDDEN FLUSHES OF HEAT, BURNING IN THE FLESH, CONSTANT IMAGININGS OF EVIL, AND GREAT DEPRESSION OF SPIRITS.

Any one of the above symptoms is sufficient to indicate the existence of disease, and should be immediately attended to. No one can enjoy good health while any of these symptoms exist.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of MERCURY, will find these medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla.

SCROFULA!

The most horrible cases of *Scrofula*, in which the Face, Bones and Limbs of the victim had been preyed upon by the insatiable disease, are proved by undeniable authority of the sufferers themselves, to have been completely cured by these purely Vegetable Medicines, after all others had been found more than useless.

Acute or Inflammatory Rheumatism!

ANTROSIA CHRONICA OR CHRONIC RHEUMATISM!

These diseases, which are among the most painful, and, by ignorant treatment, the most inveterate to which suffering humanity is liable, are cured speedily and permanently cured, by a proper course of the LIFE PILLS and PHŒNIX BITTERS.

MOFFAT'S PILLS AND BITTERS!!!

But it is unnecessary to enumerate the many cases in which these purely vegetable medicines have been successful, but let us inquire, Why are they so UNIVERSAL in their happy effects?

Because they PURIFY THE BLOOD, and thus remove all the cause of disease in the system.

Because they act powerfully upon the secretions of the body, and remove all impurities at once.

Because they do not debilitate the system, but invigorate it—it is requiring no restraint from pleasure or business during their operation.
