Pennsylvania Seen from Abroad.

That we do not overestimate the glorious future in store for our good old commonwealth, may be gathered from the following extract from an editorial published in the Newburyport *Herald*:

"There is no commonwealth of the whole thirty-four that has a more solid foundation for growth than Pennsylvania. It has access to the sea on the east, and it connects by water with the Mississippi on the west. It has iron mines that are equalled by those of no other State except Missouri; and iron entering into so many uses for man, is a more valuable mineral than lead or copper, silver or gold. It has coal so abundant that it could heat the whole earth, and while it can be easily and cheaply transported to other parts, it affords the motive power that fixes the Keystone State as the seat of manufactures for this part of the continent. The value of coal annually sent to market in Pennsylvania exceeds the value of gold obtained from California, and while the mines every year pour out more, they will not reach the fullness of the product in a whole century. California gold, with her increasing population and machinery, is rather decreasing. The iron and coal of Pennsylvania must make her among the American States what the iron and coal of England has made Great Britain among the nations of Europe. If now to her iron, that will one day cover the State with furnaces, foundries, and machine shops, additional to supplying others, and if to her coal that will make other States tributary to her, and as a motive power fill the State with manufactories, Pennsylvania finds that her hills drop fatness and her mountain streams run with oils so that in her wilderness shall arise the Nazi tuckets, and New Bedfords, to furnish light for the world, she will have the three greatest sources of wealth, added to her rich agriculture, that a people can enjoy."

There is no exaggeration about all this. We do not stand by the mere growth of old districts—new regions are constantly becoming extraordinary centres of activity within our borders, while as much as in the distant west. Those who doubt this have but to refer to the history of the Lackawanna coal field within the last decade, and compare its present condition with that of 1850. In the newly discovered oil treasures of the Allegheny valley a vast mine of wealth is opened up to our State, and the wonders of California being repeated on a new scene of action. Erie, too, presents a marvellous spectacle of rapid progress, and is beginning to realize somewhat of the bright destiny so long looked towards to. And so we find activity and prosperity all over the State. New railways are being constructed, mines opened, factories erected, and settlements extended. What need then, of our young and enterprising citizens emigrating to the rude west, when we have better fields for them here within the borders of our own State.

Texas.

While the South Carolina Convention officially approves and recommends the treachery of General Twiggs and his theft of the United States military stores, there is very good reason to believe that in Texas the Twiggs party are fast losing ground, and that the people of the State are still faithful to the Union.

This is evidently the opinion of those two arch traitors, Wigfall and McCulloch. They would not waste precious time in Charleston and Virginia if they could hope for success in Texas. They have a good knowledge of the people of that State, and have undoubtedly sufficient causes for despairing of the present success of treason there.

The Hon. Andrew J. Hamilton, representative from Texas in the last Congress, and a strong Union man, has just been elected to the State Senate for the counties of Travis and Burnet, which district includes Austin, the Capital of the State. He became a candidate in order to try conclusions with the secessionists, and he beat their candidate, Shelby, by a very great majority. This is the first test of what was thought a strongly disaffected district. Evidently the Union feeling is growing there.

Governor Houston holds out against the "Bogus Convention." That body had no authority to depose him; and he is still Governor of Texas. There is no doubt that he will shortly have Government troops at his disposal, to defend himself; and thus prepared, he will summon about him the true men of the State and put down treason.

The enlistment of Wigfall at Charleston may be regarded as a prudential measure on the part of that lively fire-eater. Houston has often denounced him as an unscrupulous intriguer, and last year said publicly that he "hoped yet to live to hang that little rascal Wigfall." If he catches him he will not spare him; and he who knows Houston, evidently prefers to take his chance in the batteries rather than face the old hero of San Jacinto.—[N. Y. Post.

☞ ANOTHER CURE BY DR. SCHENCK.—I called on Dr. Schenck some time ago in one of his visits to Pittsburgh, at the office of Dr. Keyser, No. 140 Wood st. He was examining patients with lung disease. One of my lungs and the bronchial tubes were found to be badly diseased. Oftentimes when I coughed I expectorated blood and matter in large quantities. I had night sweats and a great deal of debilitated. Dr. Schenck said I had a great cough, and was greatly reduced. He prescribed for me his "PULMONIC SYRUP," "SEAWEED TONIC" prescribed for me his "PULMONIC SYRUP," "SEAWEED TONIC" and his "MANDRAKE PILLS," and after taking them one month I felt much relieved. I do not spit near as much blood as I have so far recovered that I do not spit any blood at all, and the cough has nearly left me. I live in Coal-ter-ville, Union township, Ohio, where I am well known. You may publish this if you wish.

Pittsburgh, August 27, 1859. MARTIN KOCH.

N. B. Since the above was written, Mr. Koch has entirely recovered, and continues well, having regained his usual health.

☞ I, WILLIAM W. ALEXANDER, residing on Ann street, Allegheny city, do hereby certify that I have been a sufferer from severe cough and pain in the breast for about eight years. During the whole of this time I have had general debility and depression of spirits. I tried many nostrums I could hear of, but nothing took hold of my disease, so I heard of Doctor Schenck's "PULMONIC SYRUP," and eight sweats, which so prostrated me that I was confined to my room for one month.

Several of my friends who called to see me, spoke in very high praise, as they knew what it had done. My health and condition did not improve very rapidly, and I made up my mind to make no more money for doctors or medicine, but mind to make no more money for doctors or medicine, but would take the chance, live or die, as I had been for years. After about four months I recuperated. However, after reading several advertisements in the Pittsburgh Dispatch, I felt inclined to give Dr. Schenck's medicines a trial, and accordingly two gallons of Dr. Schenck's Pulmonic Syrup, and taking in less than ten dollars' worth of Dr. Schenck's medicine, I am entirely restored to health. I have been in perfect health and vigor of constitution entirely to Dr. Schenck's medicines. I enjoy better health to-day, Feb. 4th, 1861, than for twenty years past. All persons knew the value of Dr. Schenck's medicines, as follows: Those who are not personally acquainted with me can call on me at my place of business, at Wm. M. Faber's, Machinist, in this city, or at my residence, Ann street, Allegheny city.

Miscellaneous.

A Card to the Public.

THE amount of SICKNESS and mental misery arising from a neglect of small complaints is incalculable, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailments should be had, for disease of the body invariably affects the mind. DR. MOFFAT'S VEGETABLE LIFE MEDICINES, in every instance where they have been thoroughly used, have TRIUMPHED OVER DISEASE in almost all its diversified forms. The salutary effects of the Life Medicines have, in fact, been so universally experienced, that they have become fully established as the most easy, safe and perfect mode of treatment ever offered to the public.

THESE MEDICINES

Have now been before the public for a period of 30 YEARS and during that time have maintained a HIGH CHARACTER in almost EVERY PART OF THE GLOBE for the extraordinary curative properties which they possess.

IN MANY THOUSANDS

of certified instances, they have even RESCUED SUFFERERS from the very VERGE OF AN UNTIMELY GRAVE, after all the deceptive nostrums of the day have invariably failed. So deceptive nostrums of the day have invariably failed. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and abating them with renewed tone and vigor, that they were indebted for their name.

MOFFAT'S LIFE PILLS!!!

Are composed of VEGETABLE INGREDIENTS EXCLUSIVELY, as can be ascertained by CHEMICAL TESTS. Their prominent qualities are those of an active and searching, though perfectly mild and agreeable detergent aperient; of a gentle expurgative, promoting the insensible perspiration; of a pleasant diuretic, invigorating the kidneys and bladder; and of a delightful tonic cardiac, exciting appetite by the demands of active digestion, and cheering the mind with that grateful sense of recovered health which is one of the most felicitous feelings of our nature.

THE PHŒNIX BITTERS!!!

So distinguished from their astonishing power of creating new life and strength, as it were from the very ashes of the most dilapidated constitutions—are "more strongly tonic and more immediately invigorating than the Pills: containing the same choice vegetable extracts as the latter, in a different medication. Although really less cathartic than the Life Pills, they nevertheless begin to cleanse the alimentary canal much sooner; generally slightly operating within three or four hours, and producing a decided sense of relief to the Head and Stomach, and exhilarating the Mind, even in less time than this.

MOFFAT'S LIFE PILLS!!!

In Affections of the Head, Sick Headache or Nervous Headache, these Pills will be found to possess the most salutary effects.

MOFFAT'S PHŒNIX BITTERS!!!

Have been happily used for the cure of FEVER AND AGUE, with INVARIABLE SUCCESS!

BILIOUS COMPLAINTS, AND A MODE OF CURE!!!

☞ A well-regulated and proportionate quantity of bile upon the stomach is always requisite for the promotion of sound health—it stimulates digestion and keeps the intestinal canal free from all obstructions. When there is a deficiency of bile, the body is constantly costive.

Costiveness of bile, the body is constantly costive.

On the other hand, an overabundance of bile causes frequent nausea in the stomach, and often promotes very severe attacks of disease, which sometimes end in death.

Dr. Moffat's Life Medicines!!!

Should be taken in the EARLY STAGES of Bilious complaints and if persevered in according to directions, will POSITIVELY EFFECT A CURE!

PILES! PILES! PILES!

As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city that the former proprietor of these valuable Medicines himself afflicted with this complaint for upwards of *thirty-five years*; and that he cured himself entirely by the use of the *Materia medica* prescribed within the wide compass of the *Materia Medica*. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced actually incurable, but absolutely impossible, by any human means.

MOFFAT'S

Life Pills and Phœnix Bitters!!!

Cure DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind; FLATULENCY, LOSS OF APPETITE, HEARTBURN, BILIOUS HEADACHES, ILL TEMPER, ANXIETY, LOW SPIRITS AND MELANCHOLY, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

THE

LIFE MEDICINES!

For BILIOUS AND LIVER COMPLAINTS, with their many well-known attendants, *Bilious and Sick Headache*, Pain and Oppression after Meals, Giddiness, Disturbance, Heartburn, Loss of Appetite, are acknowledged to be vastly superior to anything ever before offered to the public.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla.

SCROFULA!

The most horrible cases of *Scrofula*, in which the Face, Bones and Joints of the victim had been preyed upon by this insidious disease, are proved by undeniable authority of the sufferers themselves, to have been completely cured by these Vegetable Medicines, after all others and many had been found more than useless.

Acute or Inflammatory Rheumatism!

ANTHEROSA CURONICA, OR CHRONIC RHEUMATISM!!

These diseases, which are among the most painful, and, by ignorant treatment, the most inveterate to which suffering humanity is liable, are CURED, speedily and permanently cured, by a proper course of the LIFE PILLS and PHŒNIX BITTERS.

MOFFAT'S PILLS AND BITTERS!!!

But it is unnecessary to enumerate the many cases in which these purely vegetable medicines have been successful; but let us inquire, Why are they so UNIVERSAL in their happy effects?

Because they PURIFY THE BLOOD, and thus remove all cause of disease in the system.

Because they act powerfully upon the secretions of the liver, and thus cleanse the impurities at once.

Because they do not reduce the system, but invigorate it at the same time, by the restraint from pleasure or laziness during their operation.

TRY MY MEDICINES!!!

Try but a Single Dose of the

LIFE PILLS!!

TRY THEM! OR SATISFIED!!

BE CURED!!!

RICHARDSON'S

IRISH LINENS,

DAMASKS, DIAPERS, &C.

CONSUMERS OF RICHARDSON'S LINENS, and those desirous of obtaining the GENUINE GOODS, should see that the name they purchase are sealed with the full name of the firm,

This caution is rendered necessary, as large quantities of inferior and defective Linens are palmed upon unwary persons and retailers with the name of RICHARDSON, SON & Irish Linens, who, regardless of the injury they inflicted alike on the American consumer and the manufacturer of the genuine Goods, will not readily abandon a practice so profitable, while purchasers can be imposed on with Goods of a worthless character.
