TUESDAY MORNING, APRIL 23.

The War Upon Liberty and Popular Institutions.

The people of Virginia quite recently voted that their Convention should not have power to proclaim their State out of the Union without first submitting the question to that Convention's creators and masters, the qualified electors of that State. The question was distinctly submitted to them—"Shall the Convention be required to submit its action to the People, and shall their assent be required to give it validity?" and they voted YES by an overwhelming majority. In vain the secession oracles shrieked, "Vote it down!" "No Submission!"—the People would not vote it down, but voted it up in spite of their lifelong leaders. And now the Convention, elected by them to keep the State in the Union, and expressly commanded by the People now to pass an ordinance of secession without their distinct assent, have defied their masters, violated the conditions on which they were instituted with power, and assumed to take the State out of the Union! And, while their treasonable act is covered with the veil of secrecy, they rush upon the Navy Yard at Norfolk, sink vessels in the mouth of the harbor, so as to stop the egress of the National Ships of War, and undertake to seize Harper's Ferry Arsenal and all the Federal property within the State limits.

In fact, the secessionists everywhere regard Submission to a Popular Vote as the basest tyranny. "They are the Cavaliers, the Chivalry of the South, and the quiet, industrious masses who cling to the Union are, but the mire beneath their feet. They know the majority is against them; but what care the wolves that the sheep outnumber them? See North Carolina forced into rebellion in defiance of the known vote of the People—see the stubborn refusal to submit the Confederate Constitution to a popular vote in any single State. This is a rebellion of the Few against the Many, and they mean to try conclusions with Bullets rather than Ballots. There is no use in trying to meet them with other weapons than their own.—[N. Y. Tribune.

Writing the Truth from the South About the South.

The New Orleans correspondent of the N. Y. Tribune says:

The impression of the New York Times that a correspondent who is known will be permitted to write the truth from the Seceding States, either to the Northern or the local press, is a woful mistake, so far as this vicinity is concerned. There are not a dozen counties in Louisiana, Mississippi and Alabama in which the life of any correspondent who should merely narrate all that he sees and hears daily in connection with political matters, without one word of comment, would be safe, if he were known, and there is not one in which his person would be safe. New Orleans, for instance, is a comparatively civilized point. I read my Tribune at dinner daily when the mail does not fail (and it only fails about four times a week,) and there are two semi-public places in the city in which it is on file, and is pursued with the utmost avidity by hundreds who are deemed "sound" beyond all suspicion on the Secession question. And yet Northerners considered pro-slavery men at home, and here on legitimate business, have barely escaped from the city with their lives for using, thoughtlessly, expressions which savored a little of disrespect for the usurpers. Your mild neighbor (who, by-the-by, I heard roundly cursed last evening for being "just as bad as Greeley himself, only not quite so honest and flat footed about it") is evidently utterly ignorant of the nature and extent of the odious and outrageous despotism which rules the South.

ANOTHER CURE BY DR. SCHENCK.—I called on Dr. Schenck some time ago in one of his visits to Pittsburgh at the office of Dr. Keyser, No. 140 Wood st. He was examining patients with lung disease. One of my lungs and the bronchial tubes were found to be badly diseased. Oftentimes when I coughed I expectorated blood and matter in large quantities. I had night sweats and a great cough, and was greatly debilitated. Dr. Schenck prescribed I use his "PULMONIC SYRUP," "SEAWEED TONIC" and his "MANDRAKE PILLS," and after taking them one month I have so far recovered that I do not spit any more blood, the cough has nearly left me, I live in Coreopsis, near this county, Indiana township, Ohio, where I am well known. You may publish this if you wish.

HARVIS KOCH.

Pittsburgh, August 27, 1860.

N. B. Mr. Koch's above was written, Mr. Koch has entirely recovered, and continues well, having regained his usual health.

I, WILLIAM W. ALEXANDER, residing on Ann street, Allegheny city, do hereby certify that I have been a sufferer from a severe cough and pain in the breast for some years. During the whole of this time I have had general debility and depression of spirits. I tried every means in I could hear of, but nothing took hold on my disease. I heard of Dr. Schenck's "PULMONIC SYRUP," and concluded to use it. In April, 1859, I took a severe cold, so much accompanied with a violent cough, difficulty of respiration, and night sweats, which so prostrated me that I was confined to my room for two weeks.

Several of my friends who called to see me, spoke in very high praise, as they knew what it had done. My prostrated condition disheartened me considerably, and I made up my mind to waste no more money for doctors or medicine, but would take the chances, live or die, as I had been so long sick that I felt completely discouraged. However, after reading several advertisements in the "Pittsburgh Dispatch" of the wonderful cures effected by Dr. Schenck's medicines I felt induced to give Dr. Schenck's medicine a fair trial. I got one bottle of the "Pulmonic," in less than a week after taking it less than ten dollars' worth of Dr. Schenck's medicine, I was entirely restored to health, and have remained a perfect picture of health with the whole compass of the Materia Medica. He however at length tried the Medicine which now is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced as to my improbable, but absolutely impossible, by any human means.

Miscellaneous.

A Card to the Public.

THE amount of bodily and mental misery arising from a neglect of small complaints is incalculable, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailments should be had; for diseases of the body invariably affect the mind. DR. MOFFAT'S VEGETABLE LIFE MEDICINES, in every instance where they have been thoroughly used, have TRIUMPHED OVER DISEASE in almost all its diversified forms. The salutary effects of the Life Medicines have, in fact, been so universally experienced, that they have become fully established as the most easy, safe and perfect mode of treatment ever offered to the public.

THESE MEDICINES

Have now been before the public for a period of 30 YEARS and during that time have maintained a HIGH CHARACTER in almost EVERY PART OF THE GLOBE for the extraordinary curative properties which they possess.

IN MANY THOUSANDS

of certified instances, they have even RESCUED SUFFERERS from the very VERGE OF AN UNTIMELY GRAVE, after all the deceptive nostrums of the day have invariably FAILED. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and sending them with renewed tone and vigor, that they were indebted for their name.

MOFFAT'S LIFE PILLS!!!

Are composed of VEGETABLE INGREDIENTS EXCLUSIVELY, as can be ascertained by CHEMICAL TESTS. Their prominent qualities are those of an active and searching, though perfectly mild and agreeable detergent aperient; of a gentle saponific, promoting the insensible perspiration: of a pleasant diuretic, invigorating the kidneys and bladder; and of a delightful tonic cardiac, exciting appetite by the demands of active digestion, and cheering the mind with that grateful sense of recovered health which is one of the most felicitous feelings of our nature.

THE PHŒNIX BITTERS!!!

So denominated from their astonishing power of creating new life and strength, as it were from the very ashes of the most dilapidated constitutions—are more strongly toned and more immediately invigorating than the Pills: containing the same choice vegetable extracts as the latter, in a different medication. Although really less cathartic than the LIFE PILLS, they nevertheless begin to cleanse the alimentary canal much sooner; generally slightly operating within three or four hours, and producing a decided sense of relief to the Head and Stomach, and exhilarating the Mind, even in less time than this.

MOFFAT'S LIFE PILLS!!!

In Affections of the Head, Rich Headache or Nervous Headache, these Pills will be found to possess the most salutary efficacy.

MOFFAT'S PHŒNIX BITTERS!!!

Have been happily used for the cure of FEVER AND AGUE, with INVARIABLE SUCCESS!

BILIOUS COMPLAINTS, AND A MODE OF CURE!!!

☞ A well-regulated and proportionate quantity of bile upon the stomach is always requisite for the promotion of sound health—it stimulates digestion and keeps the intestinal canal free from all obstruction. When there is a deficiency of bile, the body is constantly costive. On the other hand, an overabundance of bile causes frequent nausea in the stomach, and often promotes very severe attacks of disease, which sometimes end in death.

Dr. Moffat's Life Medicines!!!

Should be taken in the EARLY STAGES of Bilious complaints and if persevered in strictly according to directions, will POSITIVELY EFFECT A CURE!

PILES! PILES! PILES!

As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well known to the afflicted that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of *thirty-five years*, and that he has tried in vain every remedy ever extolled within the whole compass of the *Materia Medica*, previous to his discovering the Medicine which now bears his name. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced as to my improbable, but absolutely impossible, by any human means.

RICHARDSON'S

IRISH LINENS,

DAMASKS, DIAPERS, &C.

CONSUMERS OF RICHARDSON'S LINENS, and those desirous of obtaining the GENUINE GOODS, should see that the articles they purchase are sealed with the full name of the firm,

J. N. RICHARDSON, SONS & OWDEN,

as a guarantee of the goodness and durability of the Goods. This caution is rendered essentially necessary, as large quantities of inferior and defective Linens are prepared, with a view of deceiving the unwary, and realizing a portion of the reputation so justly attached to the name of RICHARDSON, who, regardless of the injury thus inflicted upon the American consumer and the manufacturers of the genuine article, will not tamely abandon a business so profitable, while purchasers can be imposed on with Goods of a worthless character.
