Sowing the Wind and Reaping the Whirlwind.

Those whom we felt to be traitors and conspirators, and who now avow themselves as open enemies to the Union, began their horrid machinations by stopping the wheels of industry, throwing tens of thousands out of of employment all over the free states. They hoped thereby to excite insurrections at the North, in which event, with the government arms in their possession, the work of revolutionizing the country appeared to be not only practicable but easy. But our myriads of workingmen have showed themselves to be proof against such influences. They submitted to reductions in wages, to deprivations of the luxuries of life, to hardship, to every thing, but this loss of that which all good men hold dearer than life—their honor. To become either conspirators or the tools of such men, they nobly refused. As the struggle progressed the spirits of these men rose in proportion to the magnitude of the crisis, till it burst forth spontaneously, universally, enthusiastically like the shout which rang from the walls of Derry, "*No Surrender!*"

And this goal has been reached, be it remembered, after the most full and thorough discussion of the whole subject at issue between the loyal and disloyal portions of the American people. During the past Winter, while so many were wholly or partially thrown out of employment, they had opportunity to comprehend the nature of the great points in dispute, and they have not failed to improve this opportunity. They have read the outpouring of abuse heaped on the Administration by the gauze secession press, as well as the arguments and appeals presented on the other side. If they are now determined to uphold the government, that feeling is no blind fanaticism, but the result of full information, of close thought, of earnest conviction. They see on one side freedom regulated by law, the effect of general enlightment and love of order; on the other, crime, disorder, anarchy, and ultimate ruin. On one side they recognize the theory on which our government was founded, and has been maintained; on the other, the policy which has made Mexico and the South American states what they are to-day. In proportion as men are intelligent on such an issue as is now before us, are they formidable. They fight or work in the good cause, not from a sudden ebullition of excitement, but from a love of liberty, of country deep as the first principles implanted in the human soul by its great Author.

Preparing for Privateers.

The pirates directed by Jefferson Davis at Northern commerce will naturally pounce on the richest prize within their reach; and that unquestionably is the treasure which thrice monthly passes from San Francisco to New York. The Companies to whom this wealth is intrusted have no intention of letting the golden fleece fall into piratical hands without a struggle. They are, accordingly, taking all necessary defensive measures, so as to render the chances of success sufficiently desperate to discourage the attempt. The Pacific Mail Steamship Company, besides supplying their vessels abundantly with small arms, including revolvers, muskets and cutlasses, and ammunition, each steamer will carry at least two heavy carronade or twelve-pound cannon. Instructions have also been dispatched some time since to thoroughly sheath the bows of each ship with iron, so as to enable them, without injury to themselves, to run down and sink any pirate or privateer which might attempt their capture. As they are all fast vessels, they would prove in this way most formidable in an encounter on the usually calm Pacific, where sailing vessels could not so well manage to escape. Their engines are also provided with hot water, pipe and hose, which, with a large number of well armed California and Oregon passengers always on board, would enable them to repel any boarding party.

The commanders, who are well-known as true, intelligent and able men, have likewise been instructed not to permit the near approach of any suspicious vessel, and all their officers are well known to be staunch and true to their owners, and to the American flag. Their crews and firemen are composed of men, many of whom have fought in the Mexican war, and are consequently well versed in the use of arms.

ANOTHER CURE BY DR. SCHENCK.—I called on Dr. Schenck some time ago in one of his visits to Pittsburgh, at the office of Dr. Keyser, No. 140 Wood st. He was examining patients with lung disease. One of my lungs and the bronchial tubes were found to be badly diseased. Oftentimes when I coughed I expectorated blood and matter in large quantities. I had night sweats and a great cough, and was greatly debilitated. Dr. Schenck prescribed for me his "Pulmonic Syrup," "Seaweed Tonic" and "Mandrake Pills" and after taking them one month I have so far recovered that I do not spit any more blood or matter, and have not had a night sweat for two months. I live in Chartiers township, Unity township, Ohio, where I am well known. You may publish this if you wish.

Pittsburgh, Dec. 27, 1860. MARTIN KOCH.

N. B. Since the above was written, Mr. Koch has entirely recovered, and continues well, having regained his usual health.

I, WILLIAM W. ALEXANDER, residing on Ann street, Allegheny city, do hereby certify that I have been a sufferer from a severe cough and pain in the breast for about eight years. During the whole of this time I have had general debility and depression of spirits. I tried every remedy I could hear of, but nothing gave me relief or cured my disease. I heard of Dr. Schenck's "SEAWEED SYRUP," but knowing no one personally that it had cured, I had no confidence in it. In April, 1859, I took a severe cold, which terminated with a violent cough, difficulty of respiration, and night sweats, which so prostrated me that I was confined to my room for two months.

Several of my friends who called to see me, spoke in very high praise, as they knew what it had done. My prostrated system suffered from exercise considerably, and I found I was in no mind to waste no more money for doctors or medicine, but would take the chances, live or die, as it was known no long time that I had consumption developed. However, after reading several advertisements in the "Pittsburgh Dispatch" of the above medicine, I concluded to make a fair trial, and if I received no benefit or rewards I am in good health, by taking five less two dollars' worth of Dr. Schenck's medicines. I unhesitatingly say that it has made a perfect cure of me. I am well man, and I attribute my good health and vigor of constitution, entirely to Dr. Schenck's medicines. I am in better health to-day, Feb. 6th, 1861, than I have done for twenty years past. If persons know the value of Dr. Schenck's inestimable remedies, they would not hesitate for a moment in his visits to this city. I feel like advising every person to call on him, as I have the utmost confidence in his medicines. They, no doubt, are the best in the world. I have stated can call on me at my place of business, at Wm. M. Faber's, Machinist, in this city, or at my residence, Ann street, Allegheny city.

Miscellaneous.

A Card to the Public.

THE amount of bodily and mental misery arising from a neglect or small complaints is incalculable, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailments should be had; for diseases of the body invariably affect the mind. DR. MOFFAT'S VEGETABLE LIFE MEDICINES, in every instance where they have been th roughly used, have TRIUMPHED OVER DISEASE in almost all its diversified forms. The salutary effects of the Life Medicines have, in fact, been so universally experienced, that they have become fully established as the most easy, safe and perfect mode of treatment ever offered to the public

THESE MEDICINES

Have now been before the public for a period of 30 YEARS and during that time have maintained a HIGH CHARACTER in almost EVERY PART OF THE GLOBE for the extraordinary curative properties which they possess.

IN MANY THOUSANDS

of certified instances, they have even RESCUED SUFFERERS from the very VERGE OF AN UNTIMELY GRAVE, after all the deceptive nostrums of the day have invariably FAILED. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

MOFFAT'S LIFE PILLS!!!

Are composed of VEGETABLE INGREDIENTS EXCLUSIVELY, as can be ascertained by chemical tests. Their prominent qualities are those of an active and searching, though perfectly mild and agreeable dete gent aperient; of a gentle saponific, promoting the insensible perspiration; of a pleasant diuretic, invigorating the kidneys and bladder; and of a delightful, tonic cardiac, exciting appetite by the demands of active digestion, and cheering the mind with that grateful sense of renovated health which is one of the most felicitous feelings of our nature.

THE PHŒNIX BITTERS!!!

So denominated from their astonishing power of creating new life and strength, as it were from the very ashes of the most dilapidated constitutions—are more strongly tonic and more immediately invigorating than the Pills: containing the same choice vegetable extracts as the latter, in a different medication. Although really less cathartic than the LIFE PILLS, they nevertheless begin to cleanse the alimentary canal much sooner; generally slightly operating within three or four hours, and producing a decided sense of relief to the Head and Stomach, and exhilerating the Mind, even in less time than this.

MOFFAT'S LIFE PILLS!!!

In Affections of the Head, Sick Headache or Nervous Headache, these Pills will be found to possess the most sanitary efficacy.

MOFFAT'S PHŒNIX BITTERS!!!

Have been happily used for the cure of FEVER AND AGUE, with INVARIABLE SUCCESS!

BILIOUS COMPLAINTS, AND A MODE OF CURE!!!

A well-regulated and proportionate quantity of bile upon the stomach is always requisite for the promotion of sound health—it stimulates digestion and keeps the intestinal canal free from all obstructions. When there is a deficiency of bile, the body is constantly costive. On the other hand, an overabundance of bile causes frequent passages to the stomach, and often promotes very severe attacks of disease, which sometimes end in death

Dr. Moffat's Life Medicines!!!

Should be taken in the EARLY STAGES of Bilious complaints and if persevered in strictly according to directions, will POSITIVELY EFFECT A CURE!

PILES! PILES! PILES!

As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of *thirty-five years*; and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica*. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced to be only improbable, but absolutely impossible, by any human means.

MOFFAT'S

Life Pills and Phœnix Bitters!!!

Cure DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind. FLATULENCY Loss of APPETITE, HEADACHE, GIDDINESS, EASTLESSNESS, IRREGULARITY, ANXIETY, LANGUOR, and MELANCHOLY, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

THE LIFE MEDICINES!

FOR BILIOUS and LIVER COMPLAINTS, with their many well-known attendants, *Bilious and Sick Headache, Pains and Oppression after Meals, Giddiness, Dizziness, Nervousness, Loss of Appetite*, are acknowledged to be vastly superior to anything ever before offered to the public.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of MERCURY, will find these medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury, infallibly sooner than the most powerful preparations of Sarsaparilla.

SCROFULA!

The most horrible cases of *Scrofula*, in which the Face, Bones and Limbs of the victim had been preyed upon by the insatiable disease, are proved by undeniable authority of the sufferers themselves, to have been completely cured by these purely Vegetable Medicines, after all others had been found more than useless.

Acute or Inflammatory Rheumatism!

ANTROSIA CHRONICA, OR CHRONIC RHEUMATISM!!

These diseases, which are among the most painful, and, by ignorant treatment, the most inveterate to watch suffering humanity is liable, are CURED, *speedily* and *permanently*, cured, by a proper course of the LIFE PILLS and PHŒNIX BITTERS.

MOFFAT'S PILLS AND BITTERS!!!

But it is unnecessary to enumerate the many cases in which these purely vegetable medicines have been successful; but let each inquire, Why are they so UNIVERSAL in their happy effects?

Because they PURIFY THE BLOOD, and thus removeall causes of disease in the system.

Because they act powerfully upon the secretions of the body, and remove all impurities at once.

Because they are innocent to the system, but invigorate it—thus requiring no restraint from pleasure or business during their operation.

TRY MY MEDICINES!!!

Try but a Single Dose of the

LIFE PILLS!!

TRY THEM! BE SATISFIED!! BE CURED!!!

HENRY R. COSTAR.—All the summer I have been troubled with Roaches and Mice. I was actually ashamed of the house, for the Roaches were very thick. I purchased a box of your Exterminator and tried it, and in one week there was not a Roach or Mouse in the house.

JOHN S. HYDER, No. 84 Ross street.

HOUSEKEEPERS—troubled with vermin, need be so no longer. If they use "COSTAR'S" exterminators. We have used it to our satisfaction, and if a box cost $5, we would have it. We had tried poisons, but they effected nothing; but COSTAR'S article knocks the vermin out of Rats, Mice and Roaches, quicker than we can write it. It is to great demand al over the country.—*Medina (O.) Gazette.*

MORE GRAIN and provisions are destroyed annually in GREAT COUNTRY by vermin than would pay for tons of this best and surest Killer.—*Lancaster, (Mass.) Herald.*

HENRY R COSTAR—Your Exterminator is received, and, as I announced a decided success. We have a box of it, and the way the Rats and Mice around our premises died Wednesday night was a caution to sleepers. Since then it is Rat or Mouse has been heard in kitchen or cellar.—*Magregor (Iowa) Times.*

I HAVE BEEN SELLING—Your Exterminator for the last year, and have found it a *sure* article every time. What have not known to fail in a single instance.

GEORGE ROSE, Druggist, Cardington, O.

WE ARE SELLING—Your preparations rapidly.—Wherever they have been used, Rats, Mice, Roaches, and Vermin disappear immediately.
