he gross receipts for the past year, over t of the proceeding year, were \$100.024 87. he ozponses were as follows : r operating road. Total.

cidental expenses..... terest on coupon bonds......

Interpret of the real, and the structure of the real and the real and round house, with machine shops, and round house, with a contraint of the shops, and round house, with the about \$20,000. Other property reveal is estimated at \$20,000. The calamity uid have resulted in very sortions loss, had

he several valuable and extensive furnaces on this line, and the deposite of minares on this line, and the deposite of minares weath in the several valuable and extensive furnaces on this line, and the deposite of minares weath of the several several several several several operations of a point of the several several deferson, and a point of the Maboo-ing the best and checapest depot for trade and passage to and from this city. Many intelli-gent and well informed persons place so high arises that your managers fiel justified in saying that of the and east, is then discussed at some length. The proposed agreement with the Y reuch Creek and Mahoning Company to extend thow devices non this company to extend there we also buy to translin, for which pur-ferred atock to the amount of one million pre-iars with intervet at to per cent. This is now offered to the present stockmolors, and in ot taken by them will be offered to others. The company has also power to create a more tage. These of four milliones of dollars

if not taken by them will be offered to others. The orthogonary has also power to create a mort-zage lien of four millions of dollars on the whole line, with interest at sev-enty-thirty per cent. With these means, being only an anticipation of future carnings, the managers propose to complete the work under their charge, surveys and estimates have been made, and proposals invited, for three of fucen miles from an superstruc-ture of fucen miles from coposite oil City word, and fifteen miles from coposite oil City wouth ward. It is now proposed to sell \$1,300, and the stock as my be subscribed for. To effer a sale of these wentities, it is only accessing to show how entirely certain will

Destruction of Steamboarts as St. Louis: Dispatches were recolved in the city to-day stating that on Roudy night last four steam-boats were burned at the wharf at that city. YZ: Poytonia, Ima and Leviathan, of the No. 75 Fourth Street Pittsburgh, No. 75 Fourth StreepsPittsburgh,

tor, Captain Donaldson, of this sity. The loss is estimated at \$1,000,000, of which the Dictator furnishes \$250,000. Some of our people have doubted whether this doubted whether the behines at the Soton. New York, Philadelphia, th

all doubt on that is removed by the St. Louis papers of Sunday, which contait the following dispatch from Captain Donaldson: "Canco, Fob. 34, -Will arrive at St. Louis Sunday night, and leave Tuesday. (Signed.) W. B. Dowaltsov, "Captain Donaldson's-boat, therefore, was at the St. Louis wharf on Monday, and she was the only boat of that name there. The Dictator was built here, and the hargest in the West as "the Great Dictator," Tot sing that hall. She was did the presented a measurement of the hargest measurement of the hargest measurement of the foreat Dictator," The hier tar line of the Great Dictator, "and challenged the admiration of all Captain Donaldson, Robert Mackey, Samuel Mor-row, and A. Hartupee, of this city, were the Trincipal owners. The Dictator was init at functionation st. Louis of \$67, 500, and in functionation to the West as "the Ortex Distator," The insurance on the Dictator was as fol-to the Stateman and the functionation to the strateman and the functionation of all contained the sold market. Columbia of 18; 500 erred at 24460 St. tous for \$67, 500, and in functionation to the Stateman and the functionation of some and the functionati

Great Flood at Oil City.

writing from Oil City, February 26th, gives following account of the flood at that

con, writing iron Oil City, rebruary Schi, gives the following account of the food at that place: I arrived in Oil City Satorday just in time to see one of the gloomiest sights that it is the lot of oil speculaters to witness. Just as Igot to the Oil Creek wridge, the ree in the creek gave way with a tremendous crash, sweeping away derricks, engine houses, workshops, and everything on the banks of the creek? As ice grows up the orek had broken up and came down crashing and reaming as though all Un-though the sorek had broken up and came down crashing and reaming as though all Un-though the down of this land of oil adventu-rers-for doomed it really seems to be. The foculing mass lodged about twenty rods above the bridge and remained there a couple of hours, affording the inhabitants of the shan-ties along the creek a little time for moving their goods and chattels. At last it commen-ced moving amid the cheers of the cash ince, it gaves way with a foud report, sumilar to heavy throng others airse the way a large barn above the bridge on the cast ide, and tokk in its course every house, baro and structure from there to the mouth of the creek-among others airse to restory house on the west slde known as the Oil City coundure fully get the fores per hour. A still coundure fully the the of the sates door its camping the the ores, and had the piern mearly completed, but the flood the sates to destroy all the work. The los has gorged be-low the tridge and he water sade about its raines at the rate of loss inderse per hour. A still heavier grind it is freared that lo City in mearly for the town. The los has gorged be-tow the bridge and the water sade is briting at the rate of loss index per hour. A still heavier grind it is freared that lost its in mong the waste pieces when it comes down in the bridge and the sate rate of less the promet had to pay fifty cents to a boatman to treach the droge of list of the atom at the prospect before biller with a strue at the prospect before biller with a strue the the holes,

LATER. binos the above was received, we learn that the bridge was swept away, together with a hones at the east ond, and it or of three other hones at the east ond, and the lower pait of the hones. The was to the lower pait of the inverse from its moortings, carried out, turned exopication its moortings, carried out, turned inverse forom its moortings, carried out, turned inverse forom its moortings, carried out, turned inverse forom its moorting to arried out, turned inverse foromed.
