A WORD OF ADVICE.—A few papers in the country, with a sycophancy that seems natural to them, make daily thrusts at POB-sey, imagining that they can crush that its into to trus country during the present year will reach unprecedented projections. A LATE English work on diamonds and other precious stones, says that but a small portion of the genesised and worm are genu-given out, and those of India are rapidy fulling. The scarcity of real genus has been into by the ingenuity of counterfielders, who manufacture spurious genus that frequently deceive expert connolsseurs. NET and did not make anything by it. For years the presson in the interest of the ther President kept up a personal warfare on hin, which resulted only in seeing him victor, in the end. If those who are now that can learn from experience they may that can learn from experience they may exhibited in this city. The PARTICULAR attention of MACRUM & CARLISLE.
