The gold certainly could not be put to a more limely or creditable use, at present, than to the relief of the money markets of the old world, with which we are in duily and intimate commercial intercepture.

The next foreign advices are looked for with much interest. Should the political and than under situation be reported worse than by the Jaya, the probability is that further heavy shipments of gold will be made this week on the other hand, should even a partial improvement be shown, there will be less eager mess of demand for gold, and a steadler feelmess and the supply and receipts are light. Quotations may be fairly given at it, bids returned and in bulk, and 19, bids included the colon of th can learn, purchases for this market are light.
