

In the House of Representatives, on Saturday, Mr. Stevens submitted a proposition that certain officers of the Treasury Department be appointed by concurrent resolution. In urging this proposition he used very strong language towards the President and some of his Secretaries, even going so far as to hint that if the President should be troubled with illness, he would receive nothing but orders from his deviousing of impeachment, it is his right and duty to bring forward articles to that end.

If Mr. Stevens believes anything has been done deserving of impeachment, it is his right and duty to bring forward articles to that end. He is violent threatening articles to that end. He is violent threatening articles to that end. He is violent threatening articles to that end.

As we read the Constitution it does not warrant the appointment of officers in the manner proposed by Mr. Stevens. Among the masses of the people there is just as strong a disposition to hold Congress to strict accountability, as to hold the President.

When Secretary Harlan was asked to consent with rebels and copperheads to overthrow the republican party, he frankly responded: "I have been four times elected to a seat in the United States Senate by the Legislature of Iowa, and as a member of that organization I will not do anything to give aid or comfort to the great Union party."

The Democrats of Ohio, assembled in State Convention on the 24th inst., were defeated in their endorsement of the President. They then elected a new President and a new Vice President.

Which is the interested, means as far as the President plays into the hands of the Democrats, in their efforts to regain political power, they will applaud him, and we should have gained their ally, which would have done the work.

The Nashville, (Tenn.) Press says: "My policy is to get an opinion from the old party, the Southern Secession Democrats, in order to secure a re-union. I will do anything to get a re-union of the old party, the Southern Secession Democrats, in order to secure a re-union."

The call of the Republican Central committee of Illinois for a State Convention, is addressed to the "Republican Union voters of Illinois who are in favor of keeping Centralists out of the halls of Congress, and of asserting and maintaining the right of the loyal people, through their Representatives in Congress, to fix an amendment to the Constitution which shall early in rebellion shall be permitted to participate in the government of the United States."

The Republicans of Junia county have nominated for Congress, John J. Patterson, (subject to the District Conference.) Associate Judges, Joseph Pomroy, Lorain Wilson, Probationary, John M. Thompson, Commissioner, James M. Davidson, Attorney, Jerome Lyons, Auditor, Thomas Morrow.

On Change, in Parliament, on Saturday, a resolution was offered to the effect that the action of the Chamber in 1862, requiring the members to take the oath of allegiance, and the exclusion of those who refused, was rendered unnecessary, now that the rebellion is at an end, and that, therefore, the disability be removed. It was adopted and made the special order for next meeting.

The action of the republican members of the Senate to consider the Reconstruction Amendments has had a beneficial effect. Conflicting views will be reconciled, and the measure passed, such that the republicans will secure the unanimous support of all the Senators who act with the republican party.

When the national authorities banished Mr. Vallentyne the donors were outraged. Now, they propose to raise among themselves \$30,000, to send him to Europe for three years, until pending political complications shall have ceased.

MAXIMILIAN and his empire are in a bad way. His European backers are likely to leave employment at home for all their time and resources; and this contingency will leave him no other course than to abdicate and leave.

The Washington Herald was devoted to contain all the members of the Cabinet to accept the President's Policy, or at least to accept the President's Policy, or at least to accept the President's Policy.
