THE INAGURATION.

The induction of General Tom W. Cameron into the office of Governor of Pennsylvania will be memorable in its own right, as a triumph of loyalty over indecision.

CAUSES OF INSANITY.

In examining in a more detailed manner the various causes of insanity, we find that the Pennsylvania Hospital for the Insane, by Dr. Kirkbride, which gives the results of the experience of twenty-five years, contains a much larger collection of cases than any other institution in this State, and is, therefore, better adapted to our purpose.

It is also to be noted that the position of woman in society, and the peculiar life to which she is exposed, are such as to give rise to a strong influence in giving rise to this particular cause of insanity.

It is interesting to describe just what has been seen, the writer does not dispute that this punishment may be elsewhere more violently administered. But it is not to be inferred that it is more so here.

THE CALVARY PROTESTANT EPISCOPAL CHURCH.

The Calvary Protestant Episcopal Church, which is situated in the city of Pittsburgh, has a general impression that whipping, as practiced here, for the punishment of crime, is a relic of the barbarous ages.
