TERMS: Fingle Copies. THURSDAY, JANUARY 3, 1867.

ACTION IN RIGHT QUARTERS. We invite attention to the action of the come. City Councils of Pittsburgh, and also of The effect of such a movement, however terity for settlement, if an auspicious day

the Fittsburgh Board of Trade, or the sub-ject of the repeal of the act of Assembly of perity and happiness of those concerned in ject of the repeal of the act of Assembly of Aprif, 1654, depriving the Connellsville Railroad Company of its franchisea. We know that both these bodies represent touly the interests of this great community, and express the almost unanknows sentiment, try of this city only but of West in Penne cont of this city only but of West in Penne cont of this city only but of West in Penne cont of this city only but of West in Penne cont of this city only but of West in Penne cont of this city only but of West in Penne cont of this city only but of West in Penne cont of this city only but of West in Penne cont of this city only but of West in Penne cont of this city only but of West in Penne cont of this city only but of West in Penne cont of the city only but of West in Penne cont of this city only but of West in Penne cont of the city only but of West in Penne cont of the city only but of West in Penne cont of the city only but of West in Penne cont of the city only but of West in Penne cont of the city only but of West in Penne city of the city only but of West in Penne city of the city only but of West in Penne city of the city only but of West in Penne city of the city only but of West in Penne city of the city only but of West in Penne city of the city only but of West in Penne city of the city only but of West in Penne city of the city only but of West in Penne city of the city only but of West in Penne city of the city only but of the City of the C

a every part of the State. We have recently discussed this question and, on a large scale, shall arise, which cannot be foreseen. Farmers may learn exp fully in the columns of the GATTTF We have recently discussed and question very fully in the columns of the GAZETTE, is that it is not necessary for us to go over the ground again. All we wish to say now is, to express our gratification that the inclusion of the ground again. All we wish to say now is, to express our gratification that the inclusion of the ground again. All we wish to say now is, to express our gratification that the is, to express our gratification that the facturing industry. gentlemen who are authorized to speak by

production to warrant use conclusion that, phatically given utterance to their views. THE COLLEGE AND COMMON phatically given utterance to their views. phatically given utterance to their views, phatically given utterance to their views, and to announce that similar action will be taken by the people of the surrounding side of a subject. They see it not as a whole, it will leave the manufacturing in-

And to ansounce that similar action will a sector the company minds is to one of the changes proposed, out, ou the betaken hey the people of the surrounding is doe of a subject. They see it not as a whole, it will leave the manufacturing in counties. At the last session of the Legislature peoilely true of those whose time and inder the laws as they stand. The changes contemplated are neither to constant to match and the set of the committee on The company of the control watches form all parts of the control watches form nine members of the Committee on Rail roads were adverse to western interests : whose interests seem to be there. The insportance of a subject is increased by intelligible principles, but rather by caprice those who forged the fetters which now bind and inpede the enterprise of this and of the State could be got out of the Com-white: At the approaching session we have a warrant to hope for and to expect ask nothing more. If the question was one implicit on training. We say fairness, for we ask nothing more. If the question was one in proportion as another is favored, it in proportion as another is favored, it in proportion as another is favored, it scheme we conceive to depend on the over public nor private finances will be easy to would be a different matter from what it is. throw of another, which we should see to conduct.

would be a different matter from what it is. But this thing for which we ask does no wrong to any rival interest, and deprives the matter in its true light. W.M. L. GAR no section, or corporation of anything to which they can legitimately lay claim, A great wrong was done--probably under ang erromeous impression as to the facts of the ly on the very claim and those very clar. erroneous impression as to the facts of the | ly on the very religion and those very clercase-to a beneficial and deserving corpo. gymen whom he so bitterly fought. So ration, and to a very large number of the too we sometimes find the friend of compeople of the State, whose prosperity de-pends upon the construction of this road, Now all we ask, is, that that wrong shall ing the college under the mistaken iden history of ble care, may be obtained of be corrected, and that an injurious statute that the latter is opposed to the former, JOSEFII FLEMING, be corrected, and that an injurious statute that the fatter is opposed to the focuse, -a statute alike damaging to the honor that the success of the college is fatal to and to the interests of Pennsylvania-shall the prosperity of the common school, free of charge. Set by mall anywhere by JUSEPI

This strongly reminds one of the fabled FLEMING, on receipt of \$1.2. ----The following is the action of the Board of dialogue between the limbs and belly. The GRAY HAIR, HALDNESS, DAN the second of the Board of College and the common school are parts BLYF. ANY HISKSE OF THE SCALL, of one system, each depending for its high. be repealed.

TOWN BUILDING. During the last hundred years the ten-dency of population throughout the civil-ized world to congregate in towns, has stea-dily increased over former precedent. In European nations, as the French, much given to emigration to foreign regions, the diminution of first-population, between communitions has been found to reach five that those who have accomplished the most for colleges have been the most intelligent 64 FMA bireet, is an authorized Agent to receive enumerations has been found to reach five per centum; while the number of urban in-habitants has been augmented in like pro-portion. Many causes have conspired to produce these results: chief aware to the first of the state habitants has been augmented in like pro-portion. Many causes have conspired to produce these results; chief among which is the employment of machinery in place of hond lubor. He will be surrounding country than he who is the surrounding country than he who is the surrounding country than he who is the surrounding and powerful influ-with all its clevating and powerful influ-

is the employment of machinery in place of hand labor. In former times, when all articles of manufacture were slowly fabricated by hand, the people engaged therein were schttered widely aftend down the country Every hamlet-ahnority often time raw material, entering into general consump tion. With the introduction of steam as a propelling force, and the quickening of machine vention, in all the departments of machine propering force, and the question of the should expire. If, also, we about the departments of machine err, consequent thereout, the dispersion of multitude of streams of supply cut off, state of the should be the would anguish. Neither should be the for the state of the should be the state of the should be the state of the should be the state of the state of the state of the should be the state of the sta manufactures ceased. Instantity there was would fanguish. Therefore should be the adrawing together of work people. Hand-looms, for weaving cloth, the solitary an-whole, one complete system, each depend. A DMINISTRATOR'S NOTICE.-Whereas letters of Administration on the se-ter of bANUEL (ONATY late of the GIP of th tooms, for weaving closu, the solitary an-vil for making nails or horse shoes, speedi-ly went could out of use. Nor was this move-function of the solitary and the solitary and the solitary of the solitary and the solitary an ment confined to a tew manufacturing in child in our country, of whatever color and districts. It has reached all. By machines, from whatever land, all the privileges of bury structure, w. PEEBLES MILLER. Jag is our best public school; fitting them thus to **EXECUTORS' NOTICE**. Whereas the structure of the structure structure structure of the structure st plied, so that the aggregate production of a become intelligent men and women and millious a century ago.

Aillions a century ago. Nor has machinery been confined to bigher institute to which the common school owes its origin and life.
