FINANCE AND TRADE,

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, Jan. 26, 1867.

THE New York stock quotations to-day, as reported by Robinson, McClean & Co., were as follows: Gold, 134½; Eighty-one bonds, 107¾; Five Twenties, old 107; Five Twenties, '65, 105¾; Five Twenties, new, 108½; Seven Thirties, 106⅜; New York Central, 93@93½; Erie Railroad, 66¾@67¼; Reading, 100@101; Michigan Southern R. R., 87¾@88; Illinois Central, 111@111½; Cleveland & Pittsburgh, 76¾@77; Toledo, 112@114; Chicago and Rock Island, 91½@92; Mariposa, 24¾@25; Pittsburgh, Fort Wayne & Chicago, 92¾@93; Chicago and Northwestern, 41¾@42; Wabash, 26¾; Quicksilver, 35¾@36.

The failure of McCormick & Callender, oil dealers, in Chicago, was announced in our telegraph news on Monday. This firm is well known to many of our oil brokers, and at one time purchased considerable quantities of oil here for the Chicago market. The immediate cause of their suspension is not stated, but it is fair to presume they have been speculating, and not being able to stand under the heavy depreciation in the value of oil, were forced to go under. As Cleveland has monopolized the free oil trade, we are of the opinion that Pittsburgh will lose but little, if anything, by this failure.

There is but little doing in our local stock market, and there are no new features worthy of special notice. Rumors of another failure are current, but, as yet, they are not well authenticated.

—In financial circles the bill to substitute legal-tender notes for national bank currency, introduced into the House by Mr. Randall, of this State, forms and has formed for several weeks the main topic of discussion. The banks are exceedingly much alarmed, and are bringing to bear upon Congress all the influence they can command to prevent its passage. It is not believed however (says the Philadelphia *Press*,) that the bill can pass the House, as it is entirely too revolutionary in its objects and tendencies. The national finances have been for some time in a very critical condition, but relief is not to be expected by so sweeping a measure as that of destroying the national banks at one blow, as is now proposed. The chief argument urged by the supporters of Mr. Randall's measure is that it will save to the Government the interest which it now pays annually of $25,000,000. But taking the Comptroller's report just made to Congress, we find the circulation of those banks $320,000,000 on which he pays a tax of $2,800,000
Their deposits, $366,000,000; tax 2,930,000
License paid 270,000
Capital Stock, amount of United States bonds, $87,000,000; paying ... 4,350,000
Tax on dividends 1,000,000

Total $8,350,000

Add to this amount of actual income the services rendered, as shown by the comptroller's report, and, which, at the low-est valuation, he places above $3,000,000, and we have at once, in plain facts and figures, an amount over $12,000,000 yearly paid to the Government. It is to be hoped that Congress will give the bill their earnest attention, and dispose of it at once, and thus relieve the business community of the anxiety which prevails lest it should possibly receive the sanction of that body.

The possibility of a continued contraction of the currency to the extent of four millions a month, as imposed by existing legislation, has prompted the inquiry as to how long the National banks can stand it, and still keep on hand 25per cent of the deposits in that currency. It is estimated that it would be possible for them to preserve their relative position for about seven months, provided no other contingency of disturbance were admitted, and the compound interest notes were redeemed when due by other legal tender issues.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, January 29, 1867.

There are no new features in the produce markets worthy of special notice. The operations in all of the leading commodities are of an unimportant character, the demand being restricted almost entirely to filling orders for the jobbing trade, and the fluctuations in values are not important.

GROCERIES—The market in general is firmer, and refined Sugars are a fraction higher. We now quote at 12½ to 13 for Cuba Sugars; 13 to 13½ for Porto Rico; Crushed, 16 to 16¼; "A" Coffee, 12½; "B" do, 12c; Coffee "C" Extra, 11½; Rio Coffee is quoted firm at 22 to 25, for common to prime. Prime to choice Molasses 65 to 70. Carolina Rice 10¼ to 10¾—Green, $1 00 @1 50, to Block 75 to $1 25. Syrups, 90 to $1 35—the outside figure only for fancy brands.

GRAIN—Wheat is dull and nominally unchanged. Oats—sales of 1 car at 45, and 1 sacks do at 46; small sales, in store, at 51 to 52. Corn is quiet and unchanged; small sales, in store, at 75 to 80. No. 1 spring barley is in demand at 90. No transactions in Rye reported; prime, 1 bbl, is quoted. Pennsylvania buckwheat at $4 50.

FLOUR—Is quiet and dull but unchanged. We continue to quote; at $12 25 to $12 50 for standard Spring Wheat brands; $12 50 to $12 50 for White Wheat; and $12 50 to $13 for fancy St. Louis brands. Rye Flour is still quoted at $7 to $8 00 per bbl, and Buckwheat at $5 50 to $5 75 per cwt.

PROVISIONS—Bacon is quiet and unchanged—small sales at 12½ for Shoulders; 15½ to 16 for Sugar Cured Hams, and 17 quoted firm at 17½ to 18. Mess Pork steady and unchanged.

BUTTER—Is rather better demand, especially fresh Roll of which there is but little in market. We can report a sale of 10 bbls prime at 31—may be quoted at 32 to 33, in small packages.

EGGS—Fresh packed in fair demand and none scarcely to be had—may be quoted at 28@30.

SEEDS—There is an improved demand for Flaxseed, and prices are 10@15c per bu higher—offers to buy at $2 60 to $2 65. No movement in Timothy or Clover Seeds.

HAY—Is in better demand, with a material falling off in the arrivals, prices are higher. We can report sales of two cars prime, both to arrive, one at $25, and the other at $26.

POTATOES—Quiet and unchanged; small sales in store at 90. Sale of 1600 bush, prime Peach Blows, to be delivered here in boat order, at 80c per bush.

APPLES—Still but unchanged—regular sales, in store, at $3 50 to $4 50 per bbl, as to quality.

BEANS—In rather better supply, and unchanged—$2 50 to $2 75 per bushel for prime small white.

DRIED FRUIT—Quiet but steady with regular sales in store of 2 to 10 for Apples, and 16 to 20 for Peaches—quarters and halves.

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, January 29, 1867.

CRUDE—There is nothing new to be said about the Crude market. The only sale reported was one car load of "Smith's Ferry" at 8c, packages returned—quotations may be fairly given at 7 to 7½, packages returned, and 12 to 12½, packages included, and these may be regarded as the extremes of the market. We hear of a lot of ten thousand barrels being offered for spring delivery at 9c, with 8½ bid, and it is rumored that there was a sale of five thousand barrels to-day, for same delivery at 8¾. The ten thousand barrel lot has been on the market for several days past, and several brokers have been, and are still working at it, but, thus far, without success. It is said that Crude is held pretty firmly at the wells, though it is somewhat strange that it should be.

REFINED—There is no improvement to note in the demand for bonded oil, and while the market is dull and neglected, prices are nominally unchanged. We quote at 22 to 22½, free on board cars here, and 23 to 23½, for immediate delivery in Philadelphia; 26½ for March; 31 for April; 32 for May; 33 for June, and 35 for July. Last week the sales in the aggregate, reached several thousand barrels, at these quotations, while thus far this week, there has not been a single sale effected, and the reason for it is that buyers very few of our refiners care about making anyjmore contracts ahead at present prices, and they allege that either crude must decline, or Refined advance, before they do anything further. Free oil is quiet and unchanged.

ARRIVALS—The following arrivals of oil were reported to-day:

D. Hi.....	7
J. K. Borhour.....	55
McMahon & Co..	55
H. Chase.....	55

ALLEGHENY CATTLE MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, Jan. 29, 1867.

CATTLE.

There was a very fair supply of cattle yesterday, though generally, the offerings were of an inferior character, there being, it is said, but one car load of good cattle on sale. By this as it may, the market was a very hard one, the demand being rather restricted, both butchers and shippers buying sparingly, and compared with last week, if anything, prices were a fraction lower. A few car loads of prime shipping cattle, had there been any on sale, would have found buyers at fair prices, but there were none in market suitable for that purpose, and consequently, the great bulk of the cattle had either to be retailed or left over. As will be seen by reference to the report of sales, the best retailing cattle sold at 7¼ to 7½, and medium to inferior sold from 6 to 6¾, down to 5¾@6½, and 5.

SWINE.

The demand for Hogs at these yards is almost entirely of a retail character, and consequently, there are but few round lot operations to record. The transactions in the aggregate, during the past week, were about up to the usual average, and prices have undergone but little, if any change. We quote, in a retail way, at 6¼ to 7 cents, gross, for fair to good averages—7 to 7¼ for extra.

SHEEP.

The supply of Sheep was rather larger this week than for some weeks past, though prime fat mutton Sheep brought good prices, 6 to 6¾, gross. Z. Wolfe had 80 head sold 3c common at 4½. Davis reports having retailed 83 head at 4½ to 6¾. Kurtz & Co., 21 head common at 3½ to 4. McPherson sold Wilson 99 head, and there were quite a number of other sales, the particulars of which we were unable to learn.

REPORTED SALES OF CATTLE.

McAllister & Carr retailed on commission for Fisher, 18 head at 4 to 6¾; James Morgan 14 head at 4 to 7¾. Greenwald & Kahn, 21 at 5¾ to 7¾. Myers & Neely sold 18 head to Rothchilds; 20 head to Vanwert; 24 head to Herman; 24 to Baker; 2 head to Wilson; and retailed 40. L. Rothschilds, 15 head at 4 to 6¾. Marks Troutman, 20 head at 5 3/10 to 5¾. Merrick & Bond, 21. Aull & Lafferty, 41 head at 5¾ to 6¾. Conner & Harrigan, 14 at 5¾ to 6¾. Sawle & Carr & McAllister, 18; Shamberg wholesaled 27 head, retailed 12.
