THE CHRONIC INSANE. The proper care and treatment of usually styled incurables) has been

country from the very great difference in the habits and cust subject, knows that in England a great mechanical and agricultural, is done by the patients, while in this country no uch system of work can be organi and maintained to the same degree of

been made in this country, it has been ound, after extended trial in the hands of careful thorough, men, to cost more than where the same work was done by men specially hired for the purpose.

To give the reasons for this would lead us away from the object now in view, but the fact is indisputable, and confirmed by the experience of all who have given most attention to the subject.

Stockholders:

First. That the Bonds of the Pennsylviania Railroad Company secured by the First and Second Mortgages, and those due the Commonwealth issued for the purchase of the Main Line of Public Works, and other indebtedness, to be

confirmed by the experience of all who have given most attention to the subject. The insane cannot, from the the character of their physical disorder, labor more than a few hours a day, and to secure even that amount, much care and constant supervision are reguired, and that supervision becomes expensive in proportion to the number of the insane who may may be employed; if, in mechanical labor, there must be skilled supervision; if in agriculture or gardening, careful and attentive men to see that the work is properly done and the tools not broken and destroyed.

It has been claimed that much of the expense of maintenance may be saved by requiring those of the chronic insane who are physically able, to labor several hours each day on the farm, or in other occupations about the establishments.

When the report had been read to the company will warrant the same.

the chronic insane has never been fully motion that it be accepted and referred tried in this country, though efforts are to the incoming Board. He protested tried in this country, though enorts are to the state of the capnow in progress in New York and Masagainst the proposed increase of the capall other propers throughout the United S
on the Canadas. sachusetts to give the plan a trial. In ital stock of the company, and in regard every institution for the insane in this to the act of the Legislature, which aucountry, a certain number will be found thorizes the increase of the capital stock stockholder of the Triumph Oil Company will be found thorizes the increase of the capital stock stockholder of the Triumph Oil Company will be stocked to the capital stock of the Company will be stocked to the capital stock of the Company will be stocked to the capital stock of the Company will be stocked to the capital stock of the Company will be stocked to the capital stock of the capital stock of the Company will be stocked to the capital stock of the capital number will vary in different localities equal to \$10,000,000. He said without the but it is indisputably established by the consent of the stockholders, no Legislaexperience of the majority of superintendents of hospitals for the insane, that that class of workmen cannot be relied to the stockholders, no Legislature can pass, legitimately, such action as this. Col. Page further held that the road discriminates against Philadelphia; that class of workmen cannot be relied on for steady work, and that when most needed they are hardest to be had. This statement applies to continuous labor day statement applies to continuous labor day of the statement applies to con after day, and not to spasmodic efforts.

This whole subject has been very fully discussed at the two last meetings of the the sake of conciliating, men in power. Those who get passes oftentimes sell than in the stream. Association of Medical Superintendents them in the streets. There can be no Association of Medical Superintendents of American Institutions for the Insane, and the result of the discussion may be stated in the adoption at their last meeting in May, 1866, in Washington, D.C., ing in May, 1866, in Washington, D.C., to themselves to know whether it was so fing in May, 1866, in Washington, D.C., to themselves to know whether it was so fing in May, 1866, in Washington, D.C., to themselves to know whether it was so fing in May, 1866, in Washington, D.C., to themselves to know whether it was so fing in May, 1866, in Washington, D.C., to the was taken trouble the major of the ma of this proposition: "That insane persons considered curable, and those supsons considered curable, and those supposed incurable, should not be provided committee of seven stockholders for expression of the separate establishments." Among amination; that said committee be directly the seven stockholders for expression into any report upon the besides that given above, ted to examine into and report upon the which led to this, may be mentioned the cycliency of using additional stock following: The extremo reluctance on and borrowing more money; to examine the part of those who have given most into and report upon the operation and
