ty would die out. After waiting twenty odd years MAC. life tenure will be restored.

A quarter of a century, and some years and is likely to remain so for a considermore, have since clapsed, and the inhabitants of the Provinces, instead of changIt is well, however, to note this com-York, thinks differently, or, at all events, arows he does. He offered, some days ago-a resolution to the House of Representatives declaring that the Canadian Tru renegade Cowan feels very sore or not he had remonstrated against it. Mr. RAYMOND is certainly not a pre-eminently wise man. Neither is he a

fool. Hence we conclude he does not appointed Postmaster for this city, is a believe a word of the reason he gives for this proposed impertment intermeddling give satisfaction to the party. with the affairs of our Northern neighbors. No man of ordinary sense believes the United States can be menaced no matter what form of government may exist there. So far there has been much more menacing from this side than from the other. Remember what happened only last summer, when the Canadians

ones, and which all the world know to be spurious. There are choices even in forms of rascality. If the design is entertained of seizing the Canadas, now or insinuates himself into your hall and vanishes with your overcoat. When the United States resolved to seize the territory between the Neuces and the Rio to the Harmonial Philosophy.

is as unconditional and absolute as the right of the people of these States. It no more menaces us to have them adhere to monarchy, than it does them to have us abide by republicanism. Their right to dictate what form of government we shall maintain is as full and clear as our right to dictate what form they shall allow. All the difference is

cording to the life-time, not of individcording to the life-time, not of individ-uals, but of nations. When it shall ar-Kentucky, lives a man, the head or a

achieved. In the war of 1812-15, negotiations were opened with discontented men in the Provinces, such as are found everywhere, and under all forms of administration; but the people showed no disposition to sever their old connection their days; but the admonitions of these disposition to sever their old connection and embark their fortunes with ours.

expeditions and proved abortive, as they expeditions all proved abortive, as they were designed to be. Instances of indictions and the power of appointing them be feminine loveliness has vidual prowess and heroism were dis carried back to the Governor and Senate, ed; and that we are no longer pain played, but the nation gained no reputa- It is commonly alleged that as to these tion for martial exploits. As a partial officers the system of popular elections cxcuse, plausible rather than real, for the miscarriages that put our government and people to shame, it was urged them, it is urged that the election of that the Provinces were filled with the Judges, and particularly for short descendants of Union Empire Loyalists periods, has exercised a deteriorating

-tories they were called, on this side influence upon both the competency of the border-and that further delay would the incumbents and the dispensation of be needful before the traditionary enmi-ity would die out. ENZIE, McLEOD, and their associates It is further-maintained that the govgot up an insurrection. Before it was ernment of the city of New York must inched all sorts of intrigues were car. be specially provided for by the Constiried on across the border. It was stated tution of the Commonwealth. The cont the time and generally believed, that tession is nearly unanimous, on the part prominent officers of the army of the of sober-minded men, that it will not do United States were mixed up therein
When the rising came off it took the form, not so much of a revolt on the part of part of the local administration is hope-

not so muce of a revoir on the part of British subjects, as an assault by worthless vagabonds from this side upon the inhabitants of the Provinces. Not but the some good men were involved in the conspiracy; but whoever saw the "patriots" The healthier influences of the rural in their beggarly array, must admit that population is invoked to restrain and a more equalid set of men never existed. The very sight of them, at a long dis. not indeed present a flattering prophecy tance, by means of newspaper reports, frightened the Canadians out of all republican tendencies, if any had been en-gendered. that in many particulars New York is exceptional to the rest of the country,

itunts of the Provinces, instead of changing their established ideas, and making overtures to cast their lot with us, are sterned of a century, in all the States, though engaged in efforts to consolidate as a not in equal degrees, the tendency has engaged in elforts to consolidate as a Nice-royalty of the British Empire. We do not admire their taste, but think they would do better either to come with us, or to set up for themselves. It is, however, nene of our business what they do, so long as they keep their own side of the line. Mr. RAYMOND, of New

movement was "menacing to the safety that he was so unceremoniously shelved v the Senate. We hope he may be ull questing the President to tell whether ed with remorse and made feel the penalty of his treachery. Mr. J. H. McClelland, the recently thorough Radical, and the choice will

The country will not be disappointed at the announcement that President Johnson will send in no message to th present Congress.

GENERAL NEWS. -Gen. M'Clellan is coming home. only last summer, when the Canadians
were kept in a condition of intense alarm
Eggland dictionary were sold in two

It is utterly discreditable for public men to assign reasons for conduct on national questions which are not genuine ones, and which all the world know to

tertained of seizing the Canadas, now or presently, it is much more manly to put a bold face on it and avow that an act of national highway robbery is intended. A bold footpad who confronts a traveller on the road, and gives him a chance to refuse and defend himself, is a higher grade of villain than a sucak-thief, when running between New York and history birself into your hall and the proper throughout the butted states.

tory between the Neuces and the 100
Grande it deceived nobody by proclaiming that the Mexicua had invaded our soil—because they refused to fall back before our advancing columns.

The right of the Canadians to such government as they may see fit to select is as unconditional and absolute as the vortex and the select is as unconditional. The fitter of these fitters to the control of these fitters to the control of these fitters. In Germany, where a turbine works under a fall of 800 feet.

clear as our right to dictate what form they shall allow. All the difference is that we are vastly stronger than they, and can overpower and annex them, if we will. They have reason to stand in fact of us, not we of them.

Mr. RAYMOND is personally ambitious. He aspires after greatness, which nature did not make him for; but has got not farther than to be notorious, which a good many men of even less capacities than ke possesses have not found it dimtall to be. For two years he has striven with the standard of the freeded and administered, is such that he possesses have not found it dimtall to be. For two years he has striven with the striven than the possesses have not found it dimtall to be. For two years he has striven the found it also have the striven that the lacks gladly seek a home in the process of the striven that the lacks gladly seek a home in the process of the striven that the lacks gladly seek a home in the process of the striven that the lacks gladly seek a home in the process of the striven that the lacks gladly seek a home in the process of the striven that the lacks gladly seek a home in the process of the striven that the lacks gladly seek a home in the process of the striven that the lacks gladly seek a home in the process of the striven that the lacks gladly seek a home in the process of the striven that the process of the striven

than he possesses have not found it difficult to be. For two years he has striven to be at the head of affairs, but has been unfortunate in his selection of ways and means. His successive blinders have made him simply ridiculous.

We entertain no doubt but in the progress of events the British Provinces will achieve their independence, and find their highest advantage in consolidation with this republic. We do not think that period very far off, measuring according to the life-time, not of individ——On Green River, in Daviess comment.

Louisiana:

A French journal relates a story of a wealthy tarmer who died many years ago, and on digging a grave in close the proximity of where he had been buried, the bones were accidentally exhaused the bones were accidentally exhaused.

uals, but of nations. When it shall arrive, we shall be glad to celebrate the amicable annexation. But we have no respect for-filliustering, and no inclination to see this nation, because it is powerful, trample on the weaker, violating for the sake of aggrandiscment, the essential principles to which it professes to bear true allegiances. During our great struggle with the re-bellion we were in a position to be per

The Zittsburgh Gazette

Wednesday, Harch 6, 1987.

Demagaism.

Great Britain has vast possessions on this continent, which extend along our northern border from the Atlantic to the Padide. Her occupancy of these provinces dates Juck of the Independence of the United States. In them are several millions of inhabitants, who have stern ly manifested a preference for monarchical institutions over republican. Not.

NEW YORK.

The Legislature of New York has be mother country, and anhong themselves; but on the whole, they have got along with as few dissensions as other people.

During the war of Hidependence great pains were taken to join the thirteen revoited colouce, and help the thirteen revoited colouce, and help the thirteen revoited colouce, and their popular will. They resisted all importanties to that chal. Attempts were made to occree them; but no success was achieved. In the war of 1812-15, negotiations were opened with discontented into the fight of the fathers to popular will. They resisted all importanties to that chal. Attempts were made to occree them; but no success was achieved. In the war of 1812-15, negotiations were opened with discontented into the Provinces, such as are found everywhere, and under all forms of addressed the fight of the fathers to prove the fa

disposition to sever their old connection and embark their fortunes with ours.

Military expeditions were fitted out arovedly to con user the Canadas; but the end of the North, and having the control at Washington determined that no actual conquest should be made. The military expeditions all proved abortive, as they control at the Courts will cease to be elective, the old models and correct standard with
