have employed them in the worst central has possession of the force of great civable manner. Even below this, ing the Province, which is one other nation. The members who are known at home as most scrupulous concerning their personal integrity, have generally proved altogether the most unitrustworthy, and thought the schemes, ardently cherished. have been included and that it it falled, even that of the French.

It seems probable that if a war should be account throughout the mortificación to the force of state and that it it falled, even the mortificación to the mortificación to the force of the force of some other nation. The most that it it falled, even the mortificación to the force of the force of the force of the force of some other nation. The matche the force of the theast circumspect about soiling their reputations. They have evidently presumed postponed until suitable complications upon their social standing to do things should ensue. In the new condition of

this disgrace. It has strong majorities artists and a number of excellent musi-in each of the Houses. It will be held accountable by the people, and ought to phrase, "popular institutions." How many such Legislatures that party can cleet and still maintain the ascendancy is a problem some individuals are inclined to solve practically; but we think an able subject : an desubject:

"During the Executive session Saulsbury, who had become very drunk, came over towards Sumner, and assumed a threatening attitude, gesticulating and threatening his intention of having satisfaction out of Sumner for introducing fear that injury will be done to some nafear that injury will be done to some na-

dence in popular government, and a radwill be constrained to fly to monarchy as a relief from intolerable abuses. bers less culpable than the republican ones. They are neither men of superior average mental endowments nor of dren to run about in a state of nature is the Legislature, in proportion to memrior average mental endowments nor of higher moral tone. They have proved qually as false to the professions of their party, and to their personal engage which children might be clothed. difference is that they are in lean minor-

republicans have done.

Two remedial instrumentalities are in the hands of the constituencies. I. They must take more care as to who are selected as legislative candidates. This is particularly important to be done by members of the dominant party, especially in localities where the majority is uses, and hence parties delight in them, evil deeds. but they have their perils. Heavy ma-

called as long as the plunderers can prevent it. There must be such a demand for it by the people as shall compel combilings.

The resumption of operations by the iron masters of Wheeling will in retive corruption shall fill the common-

"For some wise purpose the Creator of all men-has chosen to set his scal upon the negro race, distinguishing them, as a people in the most marked and unmistability to seek by false reasoning or blustering words, however eloquent, to hide this grand distinction which Providence the grand distinction which Providence has made, not case relegantly but have received training in them.

What an air of novelty and wisdom is is a "Creator of all men;" 2. That the said Creator had "some wise purpose;" his seventy-fifth birth day 3. That he "set a seal upon the negro and unmistakable," that by means of it rovisions against the expected approach a negro can be told from a white man, a negro can be told from a white man;

b. That this "distinction" is not "cphomeral," but is likely to last forever.

All this stands to reason! A black man
does differ from a white one. But, then, does differ from a white one. But, then, it must follow that a white man differs The idea of race implies a fixed and de- the Radical candidate. termined difference. How this variation came except by will of the Creator it would be hard to say. Indeed, an old its presiding officer.

which others, who were conscious of affairs hopes are excited that they may being open to suspicion, felt constrained—now be carried into execution. A contirection.

This Legislature had a fac opportunity and principles would now combinative will be the comb to omit or to cover up so as to dety de- nental struggle, however, is a matter of This Legislature had a fize opportunity for public usefulness, which it signally failed to improve. Party commitments and individual promises were esteemed by members lighter than vanity. Indeed, it looked as if some of them were solicitous to show they contemmed all the obligations which honorable men are careful to respect and cherish. Havis creased to 80,000. Philadelphia has a succeeded in doing this in the rure.

carein to respect and charism. In the sure, succeeded in doing this in the sure, fectual manner, by a contradiaday car that is 23,000. THURSDAY, APRIL II, 1867.

THE ADJOURNMENT.

This day the Legislature will give thoughtful people of this Commonwealth, without regard to party lines, more contentment than on any other of the protracted seeson. It will adjourn finally, and its members depart for their manuferior. There are compatible that the security and intellectually because of legislature will give inferior. There are compatible that the security and in the Senate and Intellectually because of legislature will give inferior. There are compatible that she conditions that the security and its members depart for their months. This is the real motive of the inferior. There are compatible that the case is presented in a still more unfavorable light when the fact is stated, that, with only two or three exceptions, the members of the largest mental capacities have employed them in the worst centerior who are known at home as most serupulous concerning their per most scrupulous concerning their
