PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, SATURDAY, June 15, 1867.

The general markets have been dull and unsettled during the past week, and there is but little prospect at present of any improvement. The operations in Flour and Grain continue very light in the aggregate, which is owing to the drooping tendency, and both dealers and consumers are endeavoring to keep down stocks. There is a moderate jobbing demand for Provisions and Groceries, without, however, any important change in prices.

GRAIN—there is nothing doing in Wheat or Barley, and there is but little in this market. Oats continue dull with a supply somewhat in excess of the demand, but prices are unchanged, small sales in store at 70. Corn is very dull here, notwithstanding it has improved somewhat in the east; we continue to quote prime shelled at 86c. Rye is quoted at $1.25@1.26—sale of 800 bush at $1.30.

FLOUR—Continues dull and weak with a drooping tendency, and the receipts continue liberal—mostly on commission, we presume. Fair to good Spring Wheat brands may be quoted at $9.25@12, and choice do to at $12.25@12.50. Winter Wheat brands are selling at $13@13.50 per bbl. Rye Flour is selling in a retail way at 13.

PROVISIONS—There is a continued fair demand for Bacon at 9½ cents for Shoulders, 12½c for Ribbed, and 13½c for Clear Sides, and 15½@16c for Canvassed Sugar Cured Hams. Lard is quoted at 12c for Dried Beef or Packets, for pails and canvassed, and Mess Pork at $22.50@23.

POTATOES—Continue quiet and the tendency is downward. We now quote Peach Blows in store at $1.35 to $1.50 per bushel. Receipts light, but the supply is fully up to the demand.

ONIONS—The arrivals are increasing considerable, but as yet, fresh packed still sell without much difficulty at 2½c.

CHEESE—Is dull and unchanged—sale for Western Reserve, and Hamburg and Factory.

HAY—Is dull, with a declining tendency, though without quotable change. Sales in lots of 60 bales, medium quality, at $20 per ton. Strictly prime Timothy may be quoted at $22@23.

DRIED FRUIT—Dull and unchanged—small sales in store at 6@7c for Apples, and 9@10c for Peaches.

OIL—Lard Oil is quoted at 85@90c for No. 2, and No. 1 at 95@100.

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE, SATURDAY, June 15, 1867

CRUDE—The operations during the week have been unusually large, in the aggregate, reaching, if not exceeding, 50,000 bbls, but the market, notwithstanding, is in a very unsatisfactory condition, these transactions being almost entirely speculative, and mainly for future delivery. The great proportion of the sales during the week were made by operators here, and some of the deliveries run *eighteen months* ahead, at the option of the buyer—others during the balance of the present year. There is but very little inquiry for spot oil, and as the offerings are very light, prices are pretty well maintained, sales having been made during the week at 9@9½. For July and August there were several sales at 7½c and for the balance of the year, buyers options, at 8c. For all of 1868, buyer's option, several hours' options were effected, including for this 10,000 bbls each, and all at 12½. Really, it was reported that the market for 1868 was a little firmer, with buyers at 12½c, and but few, if any, sellers below 13c. The latest advices from Oildom report the market very dull, and as navigation is suspended, there is but little prospect of any immediate improvement.

REFINED—There has also been a fair business done in bonded oil during the past week, and while the sales were unusually large, prices, compared with last week, have still further declined. Spot oil may be fairly quoted 40½c for prime lots; straw to whom, and 41c for excellent water-white of one lot; Friday evening closing at 41½c for June, at 42c. According to these figures, it is claimed that prime 11.35 straw to white is only worth *one cent per gallon*, over producers' cost, after deducting barrels, cans of refining and freight. If these calculations are correct, as we have every reason to believe they are, the only course left for our refiners is to close their works, as they cannot manufacture oil at present prices without sustaining a positive loss.

ARRIVALS—The following arrivals of oil were reported to-day:

Financial Matters in New York.

Gold Closed at 144¾.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, June 15, 1867.

GOLD AND MONEY.

Money easy and steady and freely offered at 5@6 per cent on call. In the discount market there is very little currency for any but prime paper, which passes at 7@8 per cent.

The Assistant Treasurer is buying the new and matured issues of 7-30 notes and receiving 1-20 coupons in payment of duties, but no obligations come in solvent. The government is not paying gold or bonds.

BANK STATEMENT.

The *Express* says the bank statement is favorable and shows plainly that the banks have not only liquidated their indebtedness with the government, and the flow of currency is once more turned towards bank vaults. Loans, $1,000,000; specie, $1,000,000; deposits, $1,000,000, and legal tenders have increased $1,000,000. Such a statement as this showing conditions not correct in these times.

GOVERNMENTS

REMARKS.

Stocks opened higher. The market was reported yesterday, and a reaction was natural, in view of the fact that the large amount of shorts covered prices. More firmer at the one o'clock call, but not a reaction lower thereafter, and continued steady though quiet to the close.
