	practical purposes are concerned.
	THE VIEW.
•	
	From the brow of the hill we have a most
d	magnificent view of the whole region for
	miles around; the hills and valleys on the
	South bank of the Allegheny, Sandy Creek
i	and the station there of the Allegheny Val-
2	ley Railroad, the location, too, of the great
7	coal works of Kier, Freter & Kier, the blue,
	though works of Miter, Protect of Miter, and blue,
	though now oily Allegheny, winding around
•	and dotted with mlands, the cultured fields
•	on the hills on both sides, and nearer, at
\$	the foot, the line of the Western Pennsyl-
- 1	vania Railroad. The view is well worth
•	seeing, while the beautiful and bracing air
	is most refreshing to enjoy. From the brow
ō.	of the hill back is about four cleared fields.
	of different sixes, while adjoining them is
	the timber land already spoken of. A very
8	large piece of timber land lies also to the
•	west of the tract. The whole property can
	hardly be said to contain any broken land,
	At the opper part of the milisides ranning
•	We the upper part of the intrades running
۰	along the eastern side of the tract, is a
	ravine covered with trees of various alsos,
•	but the elegant spring which it contains, its
ď	good location, and the building stone to be
	had there, has caused a number of bids to
ø,	be made for it. We should have mentioned
۰	before that the land on the top of the hill
•	will be divided into lots of from five to ten
-	scree, to suit. The soil is rich and very pro-
0	ductive, and for gardening purposes cannot
٠	be sprpased.
