Air, Heward presented a potition of citizons of Michigan, setting forth that the jension laws make provision only for the discharged soldiers of the regular Army, and all who lare imperfiled thef lives in the defence of the country being equally meritorious, they ask an amendment to the pension laws and act for the relief of disabled soldiers, so as to apply to soldiers honorably discharged, disabled soldiers, which is abled from whatever cause, whether the petition their several statement is the point of the petition their several statement in the committee of the petition their several statement in the committee of the petition may be a several statement of the petition their several statement in the committee of the petition may be a several statement of the petition their several statement in the committee on Pennions, to which it was referred. THE RAILROAD HORR' Fur-her fonceroing the Accident on The Erie Dispatch says: "Never in the aunals of the city has the hearts of the public (in unison with those of nearly the whole country) been so shocked and approved as with the last fearful suchdent. The first wild tumors affect to even approximate the truth, and as destail after detail was received, the story, inalead of being distillated, was only increased in its sectors. The first rumor reported a fearful accident, with perhaps linear killed. The suspense was broken that of the suspense was broken to the complete t Committee on Pensions, to which it was a referred to the contraction of the contraction of the contraction to the contraction to the contraction to the contraction of the contraction o if the tax was to be paid on next year' crop.
The debute was continued at some length by Mesars STEWART GRIMES, THAYER, NYE and SHEIL MAN, and the bill was thanly laid over The House bill making appropriation for the excellent of the reconstruction laws, and for service in the Quartermaster's Department, was referred to the Committee on Appropriations.
The CHAIR laid before the Sanate a communication from the Attorney General, transmitting information in regars to account paid during the year ending consolution. In the book of portors no more learful page has been opened than this.

"Eric city and its immediate vicinity has reason for mourning. In that fatal car set Alexander M. Mothin, Assistant City Engineer. William W. Towner, surveyor, and Kalward Metcali, clerk in the B. & E. Railroad office. The three were acque intances and firm friends. Mr. Metcali was starting on a visit to New York, to spend the holidays with his wother. His remains are unreconsultable among the mass of charred tranks that once were human, but now have no semblance of humanity. All that rounline as a memento of his presence in the car, is a small key. William W.
