EPHEMERIS.

—Snow is a drug just now in St. Paul.

—Bath, Me., is to have a $75,000 court house.

—Milwaukee's schools cost $65,000 last year.

—One dollar is the price of a Turkish bath in Boston.

—Half the children of Kankakee, Ill., have the scarlet fever.

—Kerisch is to be the Sebastapol of the next Russian war.

—The New York *Mail* calls the rule of three the law of the fates.

—Rosicrucian is the name of the favorite for the next Derby.

—Seven and one-quarter pounds is the weight of an Oregon potato.

—There is a bond of sympathy between Switzerland and Mexico.

—Rents in Albany are to be raised fifty per cent. on the first of May.

—The New York and New Haven Railroad is going to use steel rails.

—Toledo is to send five delegates to the Manufacturers' Convention in Boston.

—Bourricault received eighteen thousand dollars for "Rip Van Winkle," from Jefferson.

—A Mr. Mahon, of New York, is said to be the most prominent candidate for the Mexican Mission.

—Fifty thousand Arabs in Algeria recently went to their long home on account of the cholera.

—The regular army of Mexico is to be 18,000 men hereafter, and is to cost $4,800,000 per annum.

—The farmers in the neighborhood of Green Bay, Wisconsin, are still suffering greatly for want of water.

—Burglars are troublesome in various parts of Maine. They have them there aged from ten to sixty years.

—Train, the political Cheap John, has gone to Europe again, probably to lay up a new stock of grievance.

—Eighteen and sixteen were the respective ages of a groom and his bride at Brant, Illinois, on Christmas day.

—The Springfield *Republican* thinks it got awful late in Greenfield, Ill., on Thursday, as the town clock struck 720.

—Somebody turned the lights out in Selwyn's theatre, Boston, on Saturday. Screaming, etc., was the consequence.

—One hundred and sixty dollars in gold is the price paid per ton for the new steel rails of the Hudson River Railroad.

—The Durand *Times* says wildcats were never so plenty in Wisconsin as now. They are killed at the rate of a dozen a year.

—A Berlin Professor claims to have discovered the first copy of Faust's Bible, two years older than any other, and containing the printer's autograph.

—An exchange gravely tells its readers that in Chicago all things are possible. An old bull has been playing on the fiddle, and did it very well, too.

—A girl thirteen years old, living in Dayton, has a child six weeks old, her husband is twenty-years old, and the whole party looks on life as an excellent joke.

—Rumor says that the Austrian government is endeavoring to prevail on the French Emperor to recognize Senor Juarez as President of the Republic of Mexico.

—Col. Berdan's new fire arm is said to be the most perfect rifle ever yet invented, far outdoing the needle and chassepot guns. The Russian Government thinks of purchasing some.

—Du Chaillu is a wonderful man. He had scarcely gotten back from his perilous explorations in Africa, when he went out to Chicago, and has since more returned to New York in safety.

—The people of Patterson, N. J., are outdoing themselves in rendering aid to the suffering poor. Here is an excellent chance for the people of other places to endeavor to outdo the Pattersonians.

—Semicolonville is the name of a town in Iowa, and an exchange advises the landlords to have the Legislature change the name to Periodville, so that travellers will make a full stop there.

—Valero, the Spanish actor, was recently robbed in Matanzas of a box containing six thousand dollars in gold. The robber left a cigar box containing fifteen thousand dollars in bills, which was beside the gold, behind him.

—A Mr. Schwartz, who has a cigar factory at Troy, N. Y., recently employed a man who did not belong to the Union, consequently all other employees of Mr. Schwartz left. Mr. Schwartz quickly supplied their places, and very peremptorily refused to re-employ them.

—A negro in Milwaukee asked another why he carried a pistol. No. 2 did not like the question, so he fired his weapon at the querist. Nobody was hurt, but there was one black man less in the neighborhood, and the police can't find him. He evidently thinks he murdered his companion.

—For many years we believe there was not a masquerade in this country. Either popular prejudices or popular finances frowned hard enough to keep them down, and it was not until the war opened many stopped up pores and widened out the popular views by opening countless vistas, that they, with many other pomps and vanities, were introduced, and now we read of every small town having its masquerades, as well as its skating parks and rinks. We read in a Wisconsin paper this morning that "a grand masquerade" prevail in Michigan, Wisconsin and Minnesota.

—The Fenian parade has excited the Philadelphians to the extent of a couple of columns to each newspaper. On Wednesday everything was Fenian, banners, streamers, sashes, ribbons, all were green, as the grass would have been if it had not feared to show itself to so warlike a procession as was this. Three coffins figured largely in the line and made a very pretty show, and the parade all seemed quite happy, and were evidently delighted at the fine appearance they made. In fact it was a regular Irish jollification, and when we have said that we have said enough, for every one knows that that is the jolliest of all jollities.

—A man was knocked down and nearly murdered in his own dwelling by a gang of fellows, who gained their entrance into the house by false pretences. They got three hundred dollars, when a woman in the house made so much racket that they ran off. Of course this happened in Chicago, where on the same day, Wednesday, they had a mysterious death of a wealthy Jewess, a case of heartless child abandonment, the arrest of an old Chicago villain who murdered a New York policeman, also the arrest of another of the Ahlelmer murderers and the fall particulars of the great clock factory fire. Happy place Chicago is for newspaper locals.

—Du Chaillu is a wonderful man. He had scarcely gotten back from his perilous explorations in Africa, when he went out to Chicago, and has since more returned to New York in safety.

—The United States Clock Works, situated in Austin, four miles from Chicago, were burned to the ground on Tuesday night. The fire was first discovered in a varnish room, but soon spread and entirely destroyed two large four-story buildings. The company loses by the fire something like $50,000, as the buildings were valued at $175,000 and were insured for $120,000. One long-story building, used as a case manufactory, was saved. Another fire on Wednesday destroyed a cigar and liquor store on Lake street, Chicago. The building and that part of the stock which was destroyed were valued at $35,000, which was pretty well covered by insurance.

—A young lady Good Templar at Bath, Steuben county, the other evening explained her position on the cider question, in conversation with a Templar gentleman of the same order. "Ah," said she, "I got out of it nicely when he asked me if I drank cider? Of course I answered 'No!' You see since father bought that barrel from Mr. ——, that you like so well, I have always used a straw, for I knew your officers would not ask me anything about sucking."—*N. Y. Herald.*

MISCELLANEOUS.

DR. J. SARGENT'S
FAMILY MEDICINES.

DR. JOHN SARGENT'S
Anti-Dyspeptic and Liver Pills,
A CERTAIN CURE FOR
Liver Complaint, Dyspepsia, Bilious Attacks, Jaundice, Sick Headache, Colds, Costiveness, &c.

THE EXTRAORDINARY AND
Increasing Demand for ANTI-DYSPEPTIC AND LIVER PILLS, has induced me to make them more public, in order that their usefulness may be more extensive, and would assure any of those who have tried other of the many pills and not experienced the relief they anticipated, to call for mine. SARGENT'S ANTI-DYSPEPTIC AND LIVER PILLS. There are no pills that will compare with them. Sold with universal satisfaction, nor do any others present the requirements of the invalid as do mine.

I cannot, of course, enumerate the diseases for which these Pills are beneficial, but whenever a cathartic is necessary, they will effect a speedy and permanent cure. They remove from the blood all corrupt humors, which are always the cause of the diseases; they open those excitory vessels which empty into the bowels; they give a healthy action to the liver, causing it to throw off all corrupt humors; they diminish the secretion of bile, and digestion, purify the blood, and will, in a short time, restore the body to a state of sound health.

DYSPEPSIA.—The distressing symptoms attendant, not only upon Dyspepsia, but want of action in the liver, or torpidity of the system, are relieved by the use of these Pills. A dose or sometimes less, will give immediate relief, with such certainty that a beat-burn is a stipulation to vomit. Either of the above symptoms are found in the same patient at one time; and by the use of these Pills, which tend, as they act upon the liver, to equalize the circulation through the whole system, they are all relieved. A variable, uncertain appetite; great excitement of spirits, including a melancholy; weariness and great antipathy to exertion.

It is seldom that all the above symptoms are found in the same patient at one time; any of them, therefore, is a sufficient indication of the existence of the disease and need of this medicine.

DR. SARGENT'S ANTI-DYSPEPTIC AND LIVER PILLS. Are for sale by druggists throughout the country, and by the proprietor, when ordered according to the directions.

If such a case of the above diseases I could give in such a form as I hope will be satisfactory; but all the certificates I could get would not inspire half the confidence that one trial will give.

FROM DR. JOHN BUTLER.

LOWELLVILLE, TRUMBULL Co., O.—DR. J. SARGENT—Dear Sir: I have very much pleasure in informing you that I have been afflicted with Dyspepsia for the last seven years, during which time I have been very unfortunate in procuring a remedy that would relieve me. I have used a number of your pills, which have given me relief when taken according to the directions. I have also used your Liver Pills, and believe them very efficacious in relieving me of a severe attack of Bilious Fever. I have also obtained from you a fresh supply immediately, as I have been afflicted with Dyspepsia for the last two years.

STERLINGVILLE, OHIO.—DR. SARGENT—Dear Sir: I have used one box of your Anti-Dyspeptic Pills by Hall, and have been able to do a good day's work since. I have not been able to do a day's work for two years before, and without them; they have done me so much more good than any medicine I ever took, that I hope you will send one down to our druggist, so that I can get them. I am sure that all who try them will call for them. I have recommended them with the most perfect confidence.

ROCK POINT, BRIDGE CO., Pa., February 21, 1867.—DR. SARGENT—Dear Sir: I have been afflicted for two years with Liver Complaint, attended with a very severe pain in the region of the heart. Was induced to try your pill a which relieved me in a few days. I have also used your Liver Pills, and am happy
