The Pittsburgh Gazette

THE ORANGE TREE.

The man lies darkling in the boy,
The future dimly marks its morn:
Flushed with strange ripeness, fear and joy,
Which fit our later life, are born.

The boy springs brightening in the man,
Frolics, at times, as years before,
Runs gay and wild, as once he ran,
Breathes the free life of days of yore.

Happy the boy in manlike thought,
Happy the man in boylike play;
Heart unto heart forever wrought,
Ger earliest and our latest day!

Thus dark-bright trees by tropic floods
Mingle the coming with the old;
The deep-hued fruitage shades the buds—
The buddies white amid the gold.

—The Oneida Communists have decided to admit no new members.

—Why is a dog's tail like a teamster? Because he keeps a wargin.—*Exchange.*

—Palmer, of Jarrett & Palmer, is lying very ill of brain fever in New York.

—The English Lady Vane and the Marquise d'Agnado are the rival belles of Paris.

—Fanny Fern has concluded to join the crusaders against tobacco, particularly smoking.

—Somebody wants to know, "was Adam a gorrilla?" Where then is Monsieur Du Chaliu?

—Horace M. Maynard, of Tennessee, is said to be the leanest man in the House of Representatives.

—Before the war Vermont had about seventy thousand horses, and now there are but 39,222 in the State.

—$80,000,000 is what a Frenchman wants in order that he may build a bridge across the channel between England and France.

—Canada and the United States have competed for the championship in wood-chopping, and the American Eagle is triumphant.

—A Swiss inventor has discovered a motive power which he thinks will displace steam, and he wants to sell it for $10,000,000.

—The wonderful story of the wonderful Wisconsin mother who became afterwards a commonplace father, is said to be only one-half true.

—It is rumored that Mr. Bonner is in negotiation with Queen Victoria and the Prince of Wales. He would like to have them write for the New York *Ledger*.

—If that much abused and misunderstood philosopher, Thomas Paine, had lived until Wednesday last, he would have been one hundred and thirty-one years old.

—There were between five and six hundred new buildings put up in the State of Rhode Island last year. If they keep on all of the available room will be built on shortly.

—A ghost frightened the people of Handsboro, Miss., for several nights recently, but firearms being spoken of, the ghost showed his disapproval by not putting in an appearance.

—Philadelphia is the only city in the country that is sdding as vigorously as ever to its lists of murders. Two new ones were added last week. Other places seem to be enjoying a little rest.

—This winter has been so cold that the wolves in France have been driven from their fastnesses and made their appearance among the thickly settled districts. The last wolf in England was killed by Sir Evan Cameron about two centuries ago.

—Somebody, says that Mrs. General Butler wears a necklace of spoons, another thinks is only cost the value of the spoons, and he is again corrected by one who says the whole story arises from the fact that the General is worth the *spons*, which is shangy and bad English.

—Katie, the old woman who sold apples near the *Tribune* office, is dead. She occupied her apple-stand for twenty-seven years, and in all that time lived, as she recently has died, alone and unknown. She had saved some three thousand dollars, which she had invested in government bonds, as she was advised to do by Mr. Greeley, her uncle.

—Our German contemporaries are very angry at Messrs. Grover & Maretzek's neglect of them. The *Friend of Freedom* yesterday gave them a sound lecturing and the *Republican* was not behind hand. The slight consisted in overlooking them while advertising in the other papers, and was an unmerited and we hope an unintentional one.

—The amount of insurance on the property destroyed by the recent and truly disastrous fire in Chicago is stated to be $1,456,000, while the loss was some $3,070,000. The fire is described as having been the grandest spectacle and the most destructive conflagration that the Chicago has ever witnessed. Half a million sheer less is however no joke, and the press of that city seems to realize that this is not, strictly speaking, one of those sensations for which Chicago is so willingly notorious.

—The N. Y. *Commercial Advertiser*, in referring to Mark Twain's article on George Washington's body servant, in the last *Galaxy*, styles it a necrology. Mr. Twain's articles are good enough to make any magazine sell, if it contained nothing else; and he is probably *the* wit of this decade, or we might call John Phœnix and Mark Twain the wits of this century in America. Of course, in such assertions, we except all of that class of which Dr. O. W. Holmes is the bright particular luminary.

—One of the public schools of Milwaukee is going to give a dance and sociable, the proceeds of the sale of tickets to be devoted to the purchase of a piano for the school house. We think this is a pleasant and commendable idea. The teachers and the parents of the scholars will thus be brought together sociably, and the children themselves will have a good time. Let we know some places where such a project would be looked on with sanctified horror, and regarded as one of the wiles of the Evil One. Being who is so closely watched and so thoroughly understood by a certain class of people nameless here forever more.

—Charles Dickens is reported to have done a noble action, one of which he may well be proud, one for which Americans might well forget the pettiest meannesses in his character, and one which might well cause many a cheek to blush. He has sent $1,000 to Mrs. Clemm, the mother-in-law of our greatest poet, Edgar A. Poe. Mrs. Clemm nursed and tended Poe in sickness and in health, and smoothed his dying limbs, and was loved by her with an intensity almost amounting to worship. This lady is now an inmate of a charitable institution in Baltimore, and is in extremely indigent circumstances. By his timely gift Mr. Dickens has earned a blessing from every person who has enjoyed the works of Poe; but the aggravating part of it is that Mr. Dickens does not care for their blessings.

—Last week the police of Philadelphia visted the various news stands of that city and suppressed the sale of indecent papers. We do not know if they confiscated them or not, but we believe that they have a legal, and we are sure that they have a moral right so to do. This action might be initiated here with good effect. The number of these filthy periodicals sold in this city is enormous, and their circulation is doing immense harm. That the circulation is unparalleled and on the increase is shown by the new sheets of this nature which are continually sprouting up in the large towns like fungi, and appearing on the news boards over the country, each vieing with the other to outdo it in prominent indelicacy and shameful obscenity. If the police can stop the sale of this trash in Philadelphia, as we know they can and have, then they can and ought to do so here.

☞ BUCHU.

(From Dispensatory of the United States.)

DIOSMA CRENATA. BUCHU LEAVES.

Properties.—Their odor is strong, diffusive and somewhat aromatic, their taste bitterish, and analogous to mint.

Medical Properties and Uses.—Buchu leaves are gently stimulant, with a peculiar tendency to the *Urinary Organs*, producing distress and the other similar medicines, exciting diaphoresis.

They are given in complaints of the Urinary Organs, such as Gravel, Chronic Catarrh of the Bladder, Morbid Irritation of the Bladder and Urethra, Diseases of the Prostate and Retention or Incontinence of Urine, from a loss of tone in the parts concerned in its evacuation. The remedy has also been recommended in Dyspepsia, Chronic Rheumatism, Cutaneous Affections and Dropsy.

HELMBOLD'S EXTRACT BUCHU is used by persons from the ages of 18 to 25, and from 35 to 55, or in the decline or change of life; after Confinement or Labor Pains; and wetting in children.

In Affections Peculiar to Females the Extract Buchu is unrivaled: for any other purpose, as in Chlorosis or Retention, Irregularity, Painful or Suppression of Customary Evacuations, Ulcerated or Schirrous State of the Uterus, Leucorrœa or Whites.

Diseases of the Bladder, Kidneys, Gravel and Dropsical Swellings.—All medical men concur in the opinion of Buchu as a diuretic, and it is recommended in affections of the Bladder, Kidneys, Gravel and Dropsical Swellings, and all Urinal Derangements, as combining in its properties the most active, safe and reliable diuretic.

Helmbold's Extract Buchu has cured every case of Diabetes in which it has been given. Irritation of the Neck of the Bladder and Inflammation of the Kidneys, Ulceration of the Kidneys, Stone in the Bladder, Retention of Urine, Gravel, Calculous Affections, Dropsy, Dropsical Swellings, Sediments, Mucus or Milky Discharges, Pain, Weakness, and are invariably attended with the following symptoms:—Indisposition to Exertion, Loss of Power, Loss of Memory, Difficulty of Breathing, Weak Nerves, Trembling, Horror of Disease, Wakefulness, Dimness of Vision, Pain in the Back, Hot Hands, Flushing of the Body, Dryness of the Skin, Eruptions on the Face, Pale Countenance, Universal Lassitude of the Muscular System, &c.

HELMBOLD'S EXTRACT BUCHU IS DIURETIC AND BLOOD-PURIFYING,

And cures all Diseases arising from Habits of Dissipation, Excesses and Improprieties in Life, Impurities of the Blood, &c., especially after a long course of Mercury, Sarsaparilla, Copaiba, Cubebs, Injections, &c., which, while they destroy the mercury, and create incontinence in MANKIND, will in FEMALES produce Sterility.

Special attention is therefore directed to the following symptoms, and no Affection is there else required in connection with HELMBOLD'S BUCHU WASH.

MEDICAL.

A GREAT

CURE OF ASTHMA.

I feel myself under obligations to you, as well as a duty I owe to others who have been like sufferers with myself, in order that they may know where they can get cured. I had been subject to violent, continued attacks of ASTHMA for more than six years, and had been to great expense and to various medical men of experience without obtaining any permanent relief, if relieved at all. I was so bad that I never knew who was to be free from the disease. I had to sit in bed every night for weeks and weeks, without any prospect or hope of cure. My condition was such that I felt life a burden, and when I got an attack I felt in danger of suffocating every moment. So terrible had been my suffering that my mother says that she has seen me so near suffocation that I was nearly black in the face from the desperate efforts made to get breath. In the cold winter nights, many a night, with the doors and windows of the house thrown wide open, in order to hinder the approach danger of strangulation. In this condition, on the 15th of October, 1856, I arose heard of DR. KEYSER'S skill in curing this disease, I called on him, in company with my husband Joseph Meyers, but I must confess, with a great deal of doubt as to effecting a permanent cure. Dr. KEYSER examined me carefully, and my lungs all over, with his LUNG SOUND, and told me that with care I would get well. I persevered with his medicines for over a year, and am today in vigorous health, and TOTALLY FREE FROM THE ASTHMA, and its terribly disagreeable attendants. I have had, once in awhile, a slight attack of the disease, but I regard my health as entirely re-established, and if I do have any attack, a few doses of the Doctor's medicine immediately relieves it. I cannot feel too thankful for the exemption from a disease which used to cost me whole weeks and months of loss of sleep, besides suffering which none but those who are subject to this disease can fully appreciate or describe.

NANCY MEYERS.
MARY MOUNT JOY, (her mother,)
GEORGIANA FISHER.

Birmingham, Dec. 9, 1867.

The case of Mrs. Myers, recited above, is one of more than ordinary importance, because of the violence of the attacks and their extended length, and the great prostration of all the vital powers attending the disease. Any one who knew her during the time she was a sufferer from the disease of which she was cured, and will look at her now, the very picture of robust health, cannot but admit that the cure is one of more than ordinary importance, as well as of as great a degree of asthma every day of our lives, being a disease of an incurable nature. Let those who doubt investigate for themselves.

SIGHT RESTORED.

The cure to which we allended some weeks ago, of Christiana Fisher, of Beaver county, is now entirely confirmed by the appearance of this Fisher herself, who lately called on DR. KEYSER in person, to thank him for his kindness and skill in restoring her to ENTIRE AND PERFECT SIGHT. Miss Fisher had been nearly blind for four months. She was so blind that she could not distinguish any object so as to make out what it was. The case is remarkable, is hundreds of cases like hers are done out to never-ending darkness, and the wonder is that there is no cure, and nothing can be done. She was under DR. KEYSER'S treatment for two months, and before she applied to him, through her brother, SIMON P. FISHER, slight hopes were entertained of her ever getting her sight. Her case is well known in Beaver, and her brother resides, and has been regarded as one of extraordinary merit.

We, the undersigned, knew of the cure of Miss Fisher, and bear willing testimony to the fact above stated.

The case above referred to was similarly cured by medicines to purify the blood, and it is witnessed by scores of persons who have known Miss Fisher, and have a knowledge of her total blindness for months, and her restoration to sight, as the accompanying letter of her brother sets forth:

DR. KEYSER—This is the list of names that have to your advertisement of the cure of my sister, Christiana Fisher. They were all willing to put their names down. And were very much astonished to see that you brought her sight so soon. My mother sends her thanks to you; she says: "you are the greatest man in the world." She says if we had not come to you she believes her child would not be living at this time. We all join in sending our love and respects to you.

PULMONARY CONSUMPTION, RESULTING FROM PLEURISY, CURED.

Mr. Samuel Stewart, Allegheny City:

I took a violent attack of pleurisy, in May, 1866, which left me with a cough lasting all summer, wearing away my strength and gradually undermining my health. During this illness of pleurisy I had several physicians of the highest reputation in the city. After I had partially recovered from the pleurisy, I was advised to go into the country, which I did, and when there I called in a doctor, who told me my left lung was affected, and that if something was not done soon I would die of CONSUMPTION. I listened on from this time until about the middle of June, my cough and lung disease gradually growing worse, and I weaker every day, and almost despairing of ever getting well. In this state of mind and despondency, and knowing the general belief of the incurability of Consumption, and having heard of cures made by DR. KEYSER, and seeing his advertisement in the newspapers, I was induced in October last to call on the Doctor at his office, 120 PENN STREET, and had him examine my case. After he had done so, he told me the upper lobe of my left lung was very much diseased, but he thought with great care and the perseverance in the use of his medicine, I would get well. At the time I called on Dr. Keyser my pulse was over one hundred and fifty-five in a minute, and I was generally prostrated, and had no cough night and day. I commenced the Doctor's treatment in October, with a feeble, broken constitution, and continued it faithfully until the present time. The Doctor's treatment has entirely cured me of my disease, and my cough and expectoration have ceased, and my general health is so very well that I feel like a new person. The fact of my recovery from my last attack of pleurisy is well known to my friends and acquaintances, and many of them still have the impression that I was nearly dead when I called on Dr. Keyser. I am now in the enjoyment of perfect health, and consider myself well; all the rattling of my lung has ceased, and my general health is in every way good. All my relatives and friends know of this advanced stage of my disease and my extraordinary recovery. One of the medicines given me by Dr. Keyser was a medicine called LUNG CURE, which I took in connection with the other treatment. GEORGE FORD.

ANOTHER CURE OF CONSUMPTION.

STATEMENT OF JOHN G. WIGHAM, OF TURTLE CREEK, ALLEGHENY COUNTY.

I was discharged from the United States army in January, 1865, on account of a wound in the head, from a shell, and a disease which the army physicians pronounced CONSUMPTION. I had a terrible cough and fast wore away in strength and flesh and was unable to do anything. Shortly after my return from the army, I made application for a physician of my neighborhood, and afterwards, to another in Pittsburgh of high reputation, whose remedies I used faithfully for five months, Without any benefit whatever, but which at grew worse, and wasted in flesh and strength every day. In August, 1866, my mother took me to DOCTOR KEYSER, of 120 Penn street, whose skill in such cases like mine had been highly spoken of and put myself under his treatment. The Doctor examined my lungs very carefully with his LUNG SOUND, and told me that my left lung was badly diseased at the upper part, but if I was careful he thought he could cure me by following his directions closely, which I did from that day to this. I gradually improved under Dr. Keyser's medicines from the first week I commenced to take them, and my general health has improved and my short, which it was exhausting away, and where it pained me, has become full and strong and free from pain. I can now do a full day's work, and take great pleasure in giving my testimony in favor of Dr. Keyser's treatment and medicines.
