America It is p It is plain to any boly familiar with the subject, that it is positively scenary to have all and every burden removed from ed comfort. We have had three years' experi-a success of endeavoring to collect and it is apparent to every manu-

 cett against forcing manufacturers.
Mr. Morgan read a statement prepared by Mr. Waring, showing the exports of oil from the United Stars for the years-isson and 1857, and for the mouths of Jau-bary and February of 1808, for the pur-pose of showing that the exportation was steadily decreasing.
On motion of Mr. Wickes, the Con-cention want into Committee of the Whole to consider the oubject of taxa tion. a we know of no new mode or an

emments it is in the dify of all good gor-entraneous is in the dify of all good gor-try and capital already motion that indus-tor the obtainate adherence to old ones. To perturban moves that the honest refiner of perturban moves that the honest refiner of qual operations of the refile from the une-home market give place to others, these conscience and feelings will permit them to and the state and the state of the tomas and it takes and the state of the tomas and comparised. Thus these en-vicions and comparised, thus these en-vicions and comparised, thus those en-victions and comparised most of the frami-now so prevenes this do not of the frami-now so prevenes the state of the frami-

and the refineries fast clos

On motion, the Chairman of the Con-vention was retained as chairman of the Committee. Mr. Long said that from the facts act forth in the paper presented by Mr. Mountshemer, at the previous meeting: the feared that deciers would be required to ask protection from the Government against foreign manufactures. Mr. Flager said is seemed necessary to impress upon Context the fact that per troleum was not a luxury. He contend-ed that potroleum was not a cheep light; it was not as cheep as gas, candles or other oils med for illuminating purposes. Mr. Warres This Contended the following re-olution: olution: Aldea Obscel the following res-Whreas, This Convention has just bend of the barning of the Mefinery of Vestiske, Hatchins & Company, Cieve-iand, therefore: Resolved, That we tender our sympa-thes to said farm through Mr. Westiske,
