Drafts sold on all the principal cities of Europe. CONVERSION OF 7-30s. We are now prepared to convert the SECOND and THIRD SERIES OF SEVENTY-THIRTIES INTO THE NEW 1867 5-20 Gold Coupon Bonds. JAMES T. BRADY & CO., Dealer in Government Securities, CORNER FOURTH AND WOOD STS. The Pittsburgh Gazette. FINANCE AND TRADE. OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, March 23, 1868. Gold advanced sharply this morning to 140, on the presumption that the President would seek to gain time and his trial postponed to an indefinite period, but unexpectedly the President himself is anxious to have the trial proceed, bring it to a close, and remove all causes for excitement in consequence thereof, the market declined, and closed at 138 1/2 bid. The scarcity of money may cause some further decline in gold, but commercially viewed the market showed an advance, so long as our imports exceeds our exports to such a large percentage—the currency value last week was eight millions, or nearly six millions in gold; to which add freight, other charges and difference in the market value, and the declarative value of the merchandise sold and seven millions gold value, is the true estimate. Government bonds opened less buoyant than on Saturday, but during the early part of the day were steady. After the decline in gold they receded about 1/2 per cent. on new and currency bonds, with large offerings. The expected tightness of the money market, about April will hasten a further decline, even if only temporary. Stocks are improving, and a renewed contest between the two rival parties in Erie is looked for, and since other stocks generally follow the market price of the large roads, it is likely that another sharp rise will take place during the week, to be succeeded by a heavier fall; the bears will have the benefit of the first of April scare, usual at quarter statement day for national banks. Money is scarce for small borrowers or men doing an irregular business; otherwise capitalists are well supplied with loanable funds in the shape of bonds, which are readily convertible. Take it all together, the stringency in the money market is less felt now than was anticipated, because everybody was prepared for it. Closing quotations as received by Ph. R. PITTSBURGH PETROLEUM MARKET. OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, March 23, 1868. CRUDE—The crude market is quiet and, if anything, a little weaker, though prices are without quotable change. We have a report of a sale of 2000 barrels for April, at 7 1/2; 3000 for May or June, on private terms. There are apparently more offers to sell than can learn, there is considerable inquiry on the part of holders to make consignments in order to effect sales. Prices are still sustained at 8 1/2, and there is no margin to run oil to this market, as will be apparent to any one conversant with the trade. REFINED—There is little or nothing doing in bonded oil, and while the market is quiet, prices are without quotable change. We have a single sale to report, 300 barrels for March at 24 1/2; for March; 25 1/2; for April; 26; for May; and 26 1/2 for June. There is still considerable inquiry, mainly for future delivery, but the extreme views of holders has a tendency to retard operations. ARRIVALS—Fisher & Bro. report having received 4675 bbls by river; and Henry Metzger 2500—making a total of 7175 barrels. BROOKS, BALLENTINE & CO., 33 bbls ref. to W. G. Warden, Philadelphia. H. M. Long & Co., 22 1/2 do to Warden, Frew & Co., Philadelphia. H. M. Long & Co., 103 do to Waring, King & Co., Philadelphia. Hutchinson Oil Co., 106 do to Emil Schall, Philadelphia. OIL SHIPPERS PER A. McKelvey & Bro., 220 do to W. P. Logan & Bro., Philadelphia.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, March 23, 1868. The general market are steady and fairly active, and while there is a very good demand for most of the leading commodities, and a fair volume of business in the aggregate, there are no changes in values worthy of special notice. APPLES—With light arrivals and a limited supply, the market is firm with regular sales at \$4 to \$5 per bbl, for common to choice. BUTTER—The receipts continue very light, and with a good demand and very meagre supply, prime to choice Roll may be quoted at 50 to 55c. EGGS—Under the influence of increased arrivals, the market is a shade easier, and we quote at 27 1/2c. GRAIN—Winter Wheat is in demand at \$2.50 to \$2.55 for Red, and 50 to 80 per bushel higher for White. Oats quiet and unchanged at 49c on track; and 73 1/2c in store. Corn is quiet and unchanged; sales of Shell-corn at 11 1/2c. Rye is still quoted at \$1.70 to 1.80. No Barley in this market. SEEDS—Flaxseed is scarce and in demand at the recent advance, \$2.50. Small sales of Cloverseed at \$8, and Timothy at \$2.75. FLOUR—There is no improvement to note in the demand, and the market is quiet and unchanged; we continue to quote Spring Wheat at \$10.50 to \$11.00; Winter Wheat at \$12 to \$12.50, and fancy brands at \$14 to \$15. Rye Flour is firm at \$8.25. Buckwheat is quiet and unchanged at \$4.50 per cwt. HAY—Loose Hay is selling from country wagons at \$20 to \$25, as to quality. Baled is selling on wharf at \$21. LARD OIL—Is firm but unchanged; regular sales of No. 1 at 18c @ 51, and \$1.20 @ \$1.30 for No. 1. DRIED FRUIT—Peaches firm but unchanged; regular jobbing sales at 11 1/2 to 12c. Apples steady at 7c. BEANS—Firm, in limited supply, and in fair local demand at \$4.50 to \$5. PROVISIONS— Bacon is somewhat excited and firmer; sales at 11 1/2 to 12c for Shoulders; 12 1/2 to 13c for Ribbed and Clear Sides; 16c for Breakfast Bacon. Prime kettle Lard, 15 1/2 to 16c, in tierces, and 16 1/2c, in kegs. Mess Pork, \$25 to \$25.50. Dried Beef, 21 1/2 to 22c. HONEY—Is quiet and unchanged; sales at \$2.25 to \$2.50 per bbl. BUTTER—Scarce and held firmly at \$4.50 per bushel.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, March 23, 1868. There was again a short supply of cattle on sale to-day, and with the usual retail demand, the market was firmer and good prices were realized, though compared with last week there is no advance. The quality of cattle was fully up to the usual average with the exception that there was no premium stock; if there had been it would doubtless have brought last week's prices. We quote fair to good butchers' cattle at 60c; medium, to prime at 7 1/2 to 8 1/2; and extra at 9 to 9 1/2. Stockers continue to meet with a steady demand, and sell without much difficulty at 4 1/2 to 6 1/2, as to quality. There were no eastern buyers in attendance, and there was but one drove brought to ship east—Myers & Neely shipped three car loads to Baltimore, Philadelphia, it seems, is getting a good many cattle from Baltimore, and many of these buyers, who used to buy and ship from here every week, are now buying in that market. A New York correspondent writes as follows: John P. Alexander, one of the heaviest stock dealers here, is said, will cease to bring his cattle over the Pennsylvania roads after the 1st of May, but will turn his business over to the Erie. In that case the Communipaw yards are likely to be used up. Alexander moves, through that medium, from 400 to 500 head a week. I give the rumor for what it is worth. Stakely & Bro. sold 28 head of Penna. steers, oxen and heifers at 6 1/2 to 8; and two bulls at 6 1/2. Smith & Talmage sold 10 head for Glass, Lafferty & Co. at 7 1/2 to 8 1/2. Hazlewood & Bingham report having retained 51 head of Chicago cattle at 8 to 9 1/2. N. Carr sold 20 head for Dolan & Ivory at 7 1/2 to 8 1/2. Hedges & Taylor sold 20 head for Berry at 6 1/2 to 7 1/2; 23 for Armstrong at 6 1/2 to 7 1/2. M. Verner reports 18 head of prime to extra fat cattle at 8 1/2 to 9 1/2. Glass, Lafferty & Co. report having sold 20 head at 7 1/2 to 8 1/2. Marks & Trautman report having sold 70 head of prime to extra cattle at 8 to 9 1/2; and 25 head of good stockers at 6 to 8. Dolan & Ivory report having retained 50 head of prime to extra at 8 1/2 to 9 1/2. Greenwald & Kahn report 60 head at 7 1/2 to 9 1/2. L. Rothchilds wholesaled 36 head of prime Chicago fat cattle at 8 1/2; retained 20 head of steers at 7 1/2 to 8. Myers & Neely retained 50 head from Chicago at 8 to 9. Shipped 53 head to Baltimore. John Kerwin bought one pair of oxen from Glass at 5 1/2; and 3 bulls at 5. Kraus & Haas retained 55 head of Chicago and Ohio cattle at 7 1/2 to 9 1/2. There was a limited supply of Sheep on sale to-day, and with a good retail demand and some inquiry for shipment, the market was very stiff, and holders experienced no difficulty in realizing full prices. One Philadelphia buyer picked up 238 head, for shipment to that market, and with this number taken from the supply, the number left for the retail buyers was very small, and as we have already intimated, holders sold readily at extreme prices. Adam Eckert wholesaled 87 head to Hoffman at 5 1/2. R. C. Crum bought from Remington for Farnest, 171 head at 6 1/2; 50 from same to same at 6; and 37 from another seller to same buyer at \$4.75 per head. Philadelphia's Richardson 20 head of extra Beaver Co. Sheep, averaging 120 lbs, at 8. Stakely & Garwin retained 70 head of mixed at 4 1/2 to 7 1/2. Emerick & Co. wholesaled 90 head to Tesh & Bro. (butchers) at 6 1/2. The demand for Hogs is only moderate, and while the market seems to be a shade easier, prices are without quotable change, ranging from 8 1/2 to 11c, gross, according to quality. Emerick & Co. report having retained 200 head during the past week at 8 1/2 to 11. Rothchilds & Myers report 50 head during same time at 10 to 11.

DOMESTIC GOODS MARKET. OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, March 23, 1868. Owing to the belief, to an active arrival of new wool, to which could or would lose the most on Brown Sheetings, and offer to supply their respective customers, the cheapest, a material decline has been established in New York to be followed quickly, we suppose, by an advance, as cotton has not declined. The Pittsburgh manufacturers have put down their prices, so that this market presents the same relative advantages to the western buyer as before. We reduce our quotations accordingly: Anchor, Eagle and Penn. Mills..... 17 1/2 Non-look, Conwaga and Tadm..... 17c Deane's, Junius and Anchor Co..... 15 1/2 Magnolia..... 15c Yarns—Cotton Yarn, Carpet, Chain, Candle-wick, Twine, and Batings are the same as last week.

Money is scarce for small borrowers or men doing an irregular business; otherwise capitalists are well supplied with loanable funds in the shape of bonds, which are readily convertible. Take it all together, the stringency in the money market is less felt now than was anticipated, because everybody was prepared for it. Closing quotations as received by Ph. R. PH. R. MERTZ, BANKER AND BROKER, 116 Wood St., near Corner of Wood, GOVERNMENT SECURITIES, Gold, Silver and Coupons, Bought and Sold on Liberal Terms. Drafts sold on all the principal cities of Europe. CONVERSION OF 7-30s. We are now prepared to convert the SECOND and THIRD SERIES OF SEVENTY-THIRTIES INTO THE NEW 1867 5-20 Gold Coupon Bonds. JAMES T. BRADY & CO., Dealer in Government Securities, CORNER FOURTH AND WOOD STS. The Pittsburgh Gazette. FINANCE AND TRADE. OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, March 23, 1868. Gold advanced sharply this morning to 140, on the presumption that the President would seek to gain time and his trial postponed to an indefinite period, but unexpectedly the President himself is anxious to have the trial proceed, bring it to a close, and remove all causes for excitement in consequence thereof, the market declined, and closed at 138 1/2 bid. The scarcity of money may cause some further decline in gold, but commercially viewed the market showed an advance, so long as our imports exceeds our exports to such a large percentage—the currency value last week was eight millions, or nearly six millions in gold; to which add freight, other charges and difference in the market value, and the declarative value of the merchandise sold and seven millions gold value, is the true estimate. Government bonds opened less buoyant than on Saturday, but during the early part of the day were steady. After the decline in gold they receded about 1/2 per cent. on new and currency bonds, with large offerings. The expected tightness of the money market, about April will hasten a further decline, even if only temporary. Stocks are improving, and a renewed contest between the two rival parties in Erie is looked for, and since other stocks generally follow the market price of the large roads, it is likely that another sharp rise will take place during the week, to be succeeded by a heavier fall; the bears will have the benefit of the first of April scare, usual at quarter statement day for national banks.
