THURSDAY, April 2, 1868. The unusual high charges for carrying gold has forced large amounts on the market, which caused a decline from 34 per cent. The foreign exchange sixty-day bills are firmer and higher on account of the decline of our bonds in Europe. There is scarcely any doubt but that gold will sevance the moment the stringency in

money matters is passed over. Government securities are dull and decidedly lower, less for want of confidence in the present premium, but for want of the means to buy largely. The pressure to sell is mainly from banks and banking institutions of the east, and few bonds come

nto market from the west. Stocks are very firm, and nearly all the niscellaneous shares have advanced in the ace of a stringent market. The pressure or money is greater here than we have ver seen it, and almost any rate of interest is submitted to for a want of ready

CENTRAL LIVE-STOCK MARKET,

OFFICE OF THE PITTSBUGH GAZETTE, } THURSDAY. April 2, 1868. CATTLE. The market has again been very quiet during the past week, both the offerings and sales being very light, and as has been the case for some time past, there is scarce ly enough doing to establish quotations. One shipper (Peter Klemen) bought nearly all the cattle that were sold, at prices ranging from 7 to 8%c, for fairish to good fat cattle; extra, of which there were none on sale, may be quoted at 9 to 91/c. There was one shipper here from Philadelphia this week, but finding no cattle, he turned in and bought a drove of Sheep; last summer and fall and during the first part of the winter. it was nothing unusual to see a dozen of Philadelphia buyers in attendance every week, and occasionally two or three from New York, and it was no uncommon occurrence to see fifty to eighty cars ship ped to Philadelphia each week. Now, however, it is sadly changed. For the past three months we doubt whether the weekly sales in the aggregate would foot up two hundred head, which, comparatively speaking, is nothing. We are in hopes, however, that a reaction is near at hand, and we hope agon to see husiness very much improved that a reaction is near at hand, and we hope soon to see business very much improved and the eastern trade reclaimed; we hope to see the pens all filled again, instead of having them as they now are, full of emptyness, It cannot be expeted, however, that eastern men will come here until there is a much larger supply of cattle from which to make selections, and we hope, therefore, that our Western stock growers and dealers will make it a point to ship their cattle this way. The following are all the salestbat were made at these yards during the week ending to day at noon:

Holmes, Lafferty & Glass sold 43 head of fat and stock cattle for Doud to Klemen at 7; 24 for Logan to Klemen, very common stockers, at 5½; 19 head of fat cattle for Doud to E. Young at 8%; 8 head of very common for Wells to Hines at 5½.

H. Diehl sold 10 head of commonish stock weighing 8900 at 6,30.

weighing 8900 at 6,30. Allerton sold 69 head of pretty good fat cattle weighing 80,100, to Peter Kleman at

The Sheep market has been quite stiff this week, which was owing to diminished arrivals and an improved demand. Among the buyers here this week, we noticed among others: Loyd, Hesser and Deltrich, of Philadelphia, and Halcomb & Hill, Pidcock & Co., and Fall Kase, of New York Holders experienced no difficulty in effections and the transfer and the transfer and the second se Holders experienced no difficulty in effecting sales, and that, too, at full prices—if anything, a little above those of last week. Quotations may be given at from 5% to 7%, gross, and there is a difference of one cent per point made. Set ween disped and wooled Sheep; thus far the arrivals of clipped have been light.

Hedges & Taylor sold for Phillips to Loyd 154 head at 7,50, 97 head for Fisher & Plerce at 7.

Holmes, Lafferty & Glass sold 82 for Sar Holmas, Latterty & Glam sold 82 for Sar-geant to Kaise at 12/110 for Togen to Prierce at 72; 194 for Zimmerman to Delitrich (chipped) at 8 291 for Dougle of Prierce at 7,16 378 for Holmes & Prieste 16 Prieste 17,16 180 for Baker to Maynes at 68. weighing 9175, at 714. Moss & Loughrey to same buyers, 176 at 614.

The Hog market continues remarkably stiff, and compared with last week, prices are a shade higher. We now quote at 8½ to 10¾ for light New York to prime heavy Philadelphia Hogs, and these may be regarded as the extremes of the market. The sales during the week just closed were remarkably light, scarcely reaching two thousand head; and some of our regular shippers unable to get their number here are forced to buy in Chicago and ship through. through. PITTSBURGH MARKETS.

OFFICE OF PITTSBURGH GAZETTE.

THURSDAY, April 2, 1868. The general markets are steady and moderately active, but without any maferial change. If it was not for the stringency in money matters and the great difficulty in making collections, business, we have no doubt, would be much better: as it is, dealers generally are forced to restrict their operations as much as possible

on this very account. APPLES-Quiet but steady and unchanged; regular sales in store at \$4 to \$6 per bbl, as to quality.

HOMINY—Is dull and unchanged; sales ria regular way at \$6,25 per bbl.

FLOUR—There is no improvement to note in the demand for this article, and while the market is quiet, prices are without quotable change. We continue to quote good Spring Wheat at \$10,50 to \$10,75; choice do, \$11 to \$11,25; Winter Wheat, at \$11,50 to \$12,25, and fancy brands at \$15 to \$16. Rye Flour is firm at \$9.

PITTSBURGH PETROLEUM MARKET. OFIFCE OF THE PITTSBURGH GAZETTE,

THURSDAY, April 2, 1868. CRUDE-The market is quiet, and, if mything, a little weak though unchanged. We can report asale of 2500 bbls for all the year, buyer's option, at 12c; spot and first water oil may be quoted at 8%c, and May and June at 914c. Oil City telegrams reand June at 19/20. Our City telegrams report market dull at \$3, and river rising and snowing. The sales thus far this week have not been very heavy, but with low water, limited receipts and a very light supply, holders are firm, notwithstanding the foreign news is rather unfavorable, and refined is weak, with a drooping tendence.

REFINED-There are no new character-REFINED—There are no new characteristics in the maaket for bonded oil, further than under the influence of a slight decline at Antwerp, the feeling seems to be a little offish, and buyers are asking for slight concessions, to which refiners, as a matter of course, are unwilling to submit. We can report a sale of 1000 bbls for the first half of April, at 25%c, and 1000 for last half of same month, at 25%c. Spot oil is quoted at 24%c to 25c, and all the year—nominally—at 31c.
