May Comp., 1865. ALLEGHENY CATTLE MARKET. OFFICE OF THE PITTSBUGH GAZETTE, TUESDAY. April 6, 1868.

CATTLE There was a very fair supply of cattle on ale to-day, but with a good retail demand and some little inquiry for shipment, the market was steady and prices, especially for prime fat cattle, were fully sustained. The supply of stock cattle was considerably larger than for several weeks past, and for this particular description the market was a little dull, and at about 10:30 a.m., when would be some left over unsold. Good to prime butchers cattle sold with but little difficulty, and that, too, at full prices, and there were but very few, if any, of this kind of stock left unsold; and as we have already intimated, there were but few of any kind left over. It is said that all the cattle in market this week were from Chicago, with we left the vards, it looked as if there

sold when we left the yards, it was sup-posed that they would average 61/4.

Myers & Needy report 68 head of fat cat-tle at 8,50 to 9,65; 35 head of stockers unsold. Shipped five car loads to Baltimore.
L. Rothchils retailed 27 head from Chicago at 7,90 to 9,12.
Hass & Kraus, 60 head from Chicago at

Stakely & Bro. sold 11 head cows and bulls at 5. E. Katz reports having sold 18 head of scalawag bulls at 4 to 6.

Were in pretty good supply to-day, and the market was a little dull, though all the best Sheep were picked up at full prices. The offerings were mainly common in quality, as well as in condition, and while quality, as well as in condition, and while this particular grade ruled dull, good fat Sheep, as we have already intimated, sold readily at full prices, ranging from 72 to 8½, gross. The following sales were reported: Sargeant wholesaled 55 head, averaging

Jacob Shamberg sold 20 head of prime fat Sheep from Washington county to "Boss" Ackley & Harrison, (butchers) at 81/4, and the same parties bought 20 head from same county from J. Neely, at 71/4.

Rynn & Co. report having retailed 55 Rynn & Co. report having retailed 55 lead, at an average of 7.

G. & W. Garvin report having sold 85 head at 5 to 714.

Dent had about 200 head on sale, but when we left the yards he had not sold; he asked 714.
Stakely & Bro. sold 73 head, at prices ranging from \$2 to \$5 per head.

HOOS. The retail demand for Hogs continues light; but with limited arrivals and a very small supply, prices are well maintained, ranging from 9 to 11c, grosa, for light to prime heavy averages.

PITTSBURGH MARKETS.

OFFICE CF PITTSBURGH GAZETTE Monday, April 6, 1868. The general markets are quiet and deold of any new characteristics worthy of pecial notice. There is a continued fair lemand for most of the leading articles, and prices, generally, are without any quo-

APPLES-Green Apples are scarce, and in steady local demand, and we can report in steady local demand, and we can report regular sales in store at \$4 to \$6 per libl, as

regular sales in store at \$2 to \$0 per uoi, as to quality.

POTA TOES—Sales of Peach Blows at \$3,25 to \$3,50, and Buckeyes at \$4,25 to \$4,50.

Jersey Sweets, \$8.

SEEDS—We can report a sale of 30 bushs Cloverseed at \$7—small sales at \$7,50. Timothy is selling in small lots at \$2,50. Flaxseed is scarce and wanted at \$2,50. GRAIN—Winter Wheat is quiet and unchanged at \$2,53 to \$2,55 for Red, and 5 to Sc higher for White, as to quality. Oats firm but unchanged; sale of 3000 bushels in elevator, at 75c, free on board cars, and small sales at 77 to 80c. Corn is dull, and cannot be quoted above 90 to 95c, on and track. Rye, \$1,75 to \$1,80. Nothing doing in Barley.

BUTTER—Is in better supply, and while the morest is conformal with the morest in the supply and while the more of the supply and while the supply and while the supply and th

the market is easier, prices are without quotable change, ranging from 45 to 50c for rime to choice Roll. EGGS—Very irregular, being quoted all the way from 18 to 23c.

DRIED FRUIT—Quiet and unchanged; small sales at 10½ to 11½c for Peaches, and to 8c for Apples. PROVISIONS—Bacon is still somewhat excited and tending upward; we now quote as to 13½ for Shoulders; 14½ for Ribbed, and 16c for Clear Sides; 18c for Plain Sigar Cured Hams, and 19c for Canvassed do.

Lard, 16%c, in tierces, and 17c, in kegs and pails. Mess Pork, \$26,50.

BEANS-Are scarce and firm but unchanged; sales in store at \$4,50 to \$5 per bushel.

HOMINY—Quiet; sales at \$6,25.

FLOUR—Is a shade firmer, but prices are unchanged; we continue to quote at \$10,50 to \$10,75 for good Spring Wheat; \$11 to \$11,25 for choice do; \$11,75@\$12,25 for Winter Wheat, and \$14 to \$15 for fancy brands. Rye Flour is qouted higher; \$9,25 to \$9,50.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTI MONDAY, April 6, 1868. CRUDE—The Crude market is quiet and little dull but unchanged; we have but a single sale to report, 1000 bbls for April, seller's option, at 8%c, and this is the same thing as 8%c for spot oil, of which there is none in market. At no time, perhaps, for several years, particularily at this season of the year, has the supply of spot oil been so much reduced as at present; indeed, as we have already stated, there is absolutely we have already stated, there is absolutely no stock whatever, excepting that in the hands of refiners. For future deliveries there is but little doing, scarcely enough to establish quotations, and while the offerings are light, the same is equally true of the demand. We are cognizant of a sale of 500 bbls having been made in Philadelphia to-day at 15%c, packages included. Oil City telegrams report the market quiet and prices nominal at \$3 to \$3,10.

REFINED—There was not a single transaction in bonded oil to-day, and the market is dull and weak, though so far as we could learn, there are no sellers here at a decline. In Philadelphia, as we are advised by telegraph, there was a sale of 1500

a decline. In Philadelphia, as we are advised by telegraph, there was a sale of 1500 bbls for May at 25%c, and 1500 for June at 26%—showing a decline of fully a quarter, and this, we suppose, is in sympathy with Antwerp, which market is down to 42% francs. April, in the absence of sales, may be quoted at 24% to 25c, and July at 26% to 27c. All the year, buyer's option, is nominal at 31c.

left over. It is said that all the cattle in market this week were from Chicago, with the exception of two car loads. It looks a little strange to see Allegheny drovers traveling all the way through the great State of Ohlo and a portion of Indiana to buy cattle; one would think that Ohio could furnish all the cattle we want, but it seems that such is not the case, otherwise our dealers would not go to Chicago. We quote the following sales:

Dolan & Co. wholesaled 20 head good Illinois steers to N. Carr at 7½. Shipped 32 head to Baltimore.

Smith & Talmage retailed 20 head of common to prime Ohio stock at 6½ to 9½.

L. Shamberg reports having sold 6 head of extra at 9½ to 9½.

M. Verner wholesaled 32 head of good Chicago steers to Myers & Needy at 8½—163; Marsachusetts I; 7-8, 18. Bleached muslins in good request and buoyant for looking up; Caledonia, 15½; and Lancaster, 18 to 19.

Toledo Market.
