OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, April 13, 1868. Gold is steady but with material change, fluctuating between 138 and 13834, The local money market, although light enough in all conscience, is easing up a little, and the banks are again disposed to accommodate borrowers, especially those who are in good standing. The local stock market is quiet and devoid of any new features worthy of special notice. Columbia Oil stock is quoted at 10,50 to 11; Triumph is wanted at 1—none offering. Oil Basin is also wanted at 1, but there is none offering at that figure: This company has but results of the strong at that figure: This company has but results of the strong at \$4.50. Jersey Sweets, \$8. PROVISIONS—Bacon is firm and still tending upward; 14c for Shoulders; 16c for Plain Sugar Cured Hams, and 19% to 20c for Canvassed do. Lard, 18c, in tierces, and 18%c, in kegs. Mess Pork, \$27.50 to The local money market, although light at that figure. This company has but recently declared a dividend of two per cent. Sales of People's Bank stock at 10734; M. &

M. is held at 65, and Bank of Pittsburgh at 64 to 65. -From all parts of the country we have encouraging accounts of the grain crops. The seasons have been favorable to a second year of abundance. The very austerity of winter, though productive of much privation and suffering, has sheltered and nourished the plants, which promise to yield a plentiful harvest. In all parts of the West and South the winter crops are represented as looking remarkably healthy; and simi ar accounts reach us from England and the grain countries of Europe. Besides, as natural consequence of the late high prices of breadstuffs, the farmers have generally placed an enlarged area under grain; and the ample profits derived from the last crop have enabled them to manure and otherwise till their lands to the best advantage. Thus far, also, the spring has been remarkably propitious to field operations, and there is a reasonable prospect that the spring planting will fare as well as that of

the fall. -Closing quotations received by James T. Brady & Co. Gold 5-20's, 1862. 5-20's, 1864.. 101% 107% 107% " 5-20's, Jan. and July, '65..." '67...

May Comp., 1865. ALLEGHENY CATTLE MARKET.

Office of the Pittsburgh Gazette, Monday, April 13, 1968. CATTLE. There was only a moderate supply of Cattle on sale to-day, although it was, nevertheless, fully up to the demand, which was restricted almost entirely to ARRIVALS—The following are the arnevertheless, fully up to the demand. which was restricted almost entirely to supplying the wants of the retail trade. The whole number on sale was about 600 head, all, or very nearly all, of which were from Chicago, and, so far as we could learn, all the Cattle on sale were in the bands of regular dealers. There appeared to be a larger number of good cattle than usual, a great proportion being made up of prime western steers, smooth and fat, and these of course, brought pretty stiff prices, 9 to 9½c. Consumers are growling, and, with good reason, too, at the exorbitant prices they have to pay for meat, but drovers and butchers growl still more; their profits are no greater now than when cattle were from two to three cents per cattle were from two to three cents per pound lower; it takes about double as much capital to carry on the business, and money is so tight that it is very difficult to make collections, and a good many bad debts seem to be unavoidable. We quote the following sales:

Hasa & Kraus 36 (Chicago) steers at 8 of 9/4.

Marks & Traurman 76 (Chicago) steers at 15 of 9/4.

Marks & Traurman 76 (Chicago) steers at 16 of 9/4.

Dolan & Co. wholesaled 15 head of extra (Chicago) steers to McAllister & Co. at 9/4; retailed 17 head at 8 to 9.

Hazlewood & Blackstock 48 (Chicago) steers at 8 to 914. Greenwald & Kahn 70 (Chicago) steers at 8½ to 9½. Holmes, Lafferty & Glass 50 head, on commission, mostly common, did not get

Myers & Needy, we did not get their report, they probably had about 75 head. There was a moderate supply of Sheep on sale to-day, and as has been the case for some time past, while prime fat mutton Sheep sold without much difficulty at fall prices, common and inferior were dull and neglected; we quote the former at 8 to 8½c, and the latter at 5 to 6c. One or two small bunches of Sheep sold at 11 to 11½c, but these were very fine, averaging 140 lbs, and cannot, therefore, be taken as a fair criterion of the market. But very few allipped Sheep offering, as yet, and the man' whit would rob Sheep of their wool this kind of weather ought to be prosecuted. We are quoted the following sales;

Jacob Ryan sold 16 head to Andy Ackley weighing 2760 lbs, from Washington Co. the best lot of Sheep offered for sometime, at 11½.

Stakely & Bro. sold 24 head of extra Sheep from Green Co. (Penna.) to Tesh, & Bro., butchers, averaging 140 lbs, at 11; also, 85 head of very common to Billy Hincs (who usually buys no other kind)

f common to medium Washington county Sheep at 51/4 to 7.
McMillan & Kerr sold 50 head of fair to prime Washington Co. Sheep at 6 to 81/4.

HOGS. The demand for Hogs continues rather light, and while the market is quiet, prices are firm and well sustained; we quote in a retail way at 10 to 1114c, gross, for good to prime heavy averages.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, April 13, 1868. The general markets are moderately acive and steady, and in many cases, prices are tending upward, though the demand mand is restricted mainly to supplying mmediate wants.

APPLES—Quiet but steady and un-changed; regular sales in store at \$3 to \$6 per bbl, as to quality. SEEDS—Cloverseed is quiet and un-changed; \$7 to \$7,50; Timothy at \$2,75, and Flaxseed is scarce and in demand at \$2,50 to \$2.55. BUTTER-Is scarce and firm, and choice

EGGS—Dull, with a supply considerably in excess of the demand, and there were plenty of sellers to-day at 20 to 21c.

GRAIN—Nothing done in Wheat—none in market; and the same is true of Barley. Oats firm and prices are well maintained; sale of 2 cars at 79c—small sales in store at 80 to 82c. Rye may be quoted at \$1,75 to \$1,80. Corn is in demand, and Ear sells readily on wharf at \$1.

Rye Flour, \$9,25 to \$9,50.

PITTSBURGH PETROLEUM MARKET. OFFICE OF THE PITTSBURGH GAZETTE, }
MONDAY, April 13, 1868. CRUDE—The Crude market is a little reak, under the influence of the resumption of navigation and anticipated increased receipts, but notwithstanding sellers are more numerous, as yet, there has been no quotable decline in prices. We can report a sale of 1000 bbls for April, seller's option, at 8%, and 2500 bbls (40 to 47 gravity) to be delivered on first water, at 8½c. With the above exceptions, there are no new characteristics in the market worthy of special potice, we look bowdeyer for more special notice; we look, however, for more activity, now that navigation has been resumed, even if the market does not improve, as the handling of so much oil al-woys occasions a livelier feeling, and causes the trade to present more cheerful appearance. An Oil City felegram says: "Market inactive; considerable inquiry but few transactions. On ereek, offering at \$2,60 to \$2,65; in boats at mouth and on cars here \$2,90 to \$2,95, and from tanks for
