#### RIVER NEWS.

The fine packet Kate Robinson, Capt. R. nominally lower; sales spring extra \$10a Robinson, is announced for Cincinnati and 12.25. Wheat in better demand and lalke Louisville. She will leave with dispatch. The Wild Duck Barges, Capt. Anawalt, is also announced for St. Louis forthwith. The Mary Davage will have her repairs finished to-day, and will leave for St. Louis to-morrow. Her barges are at Steubenville taking out nails.

The Glendale, Capt. Hare, is filling up steadily for St. Louis and the Upper Mississippi, and the Kate Robinson, Captain Robinson, is announced for Cincinnati and Louisville.

The splendid side-wheel packet J. N.

McCullough, Capt. Moore, leaves Thursday at 12 m. for Cincinnati and Way points. To persons going that way a fine oppor-tunity is presented.

Business on the landing was dull— freights being scarce to all points?

The river continues to fall, the Monon-

gahela marks indicating four feet six inches. It was reported raining at Oil City yesterday. This may bring a rise in the Allegheny.
Several steamers are between this port and Wheeling, including the R. C. Gray and Wheeling.
Tuesday's Cincinnati Commercial says:

The Maggie Hays and Alice V., from Pitts-burgh, Armadillo, from St. Louis, were the only departures outside of the daily packets. The St. Charles, for Pittsburgh, was the only departure outside the local packets. The Maggie Hays departed for St. Louis full of freight and people. The Emma No. 3 will arrive from St. Louis today on her way to Pittsburgh.

lay on her way to Pittsburgh. Business was very, dull along the levee vesterday, as is usually the case on Mon-day. One-half of the Natoma has been sold at Memphis to Captain James Lee for \$4,500. She will be laid up for a few weeks and undergo a thorough overhauling, preparatory to resuming her place in the Friar's Point trade. The Charles Bowen arrived from the Kanawha yesterday, with seven barges of cannel coal, one barkboat, one corn-boat, and two wood-boats. The Bowen returns to-day with a tow of nine

empty barges.
Nashville, April 27.—River rising with thirteen feet on Harpeth Shoals. Rain this morning but clear to-night. Arrived—Tyrone, from Cairo. In port—Umpire, W.

St. Louis, April 27 .- The river is falling here quite rapidly—eight inches per day. All the upper rivers continue declining, with a fair stage of water in each. The lists of steamboat arrivals and departures continue liberal, imparting a busy aspect to the wharf. The total number of arrivals of steamboat declining the part of s of steamers during the past forty-eight hours was eighteen, comprising seven from the Upper Mississippi, two from the Lower Mississippi, one from the Missouri, four from the Illinois, and four from the Ohio.

trom the Illinois, and four from the Ohio. The Messenger passed on to Pittsburgh after a short delay. The Importer was loaded to her guards. The Leonidas brought a full trip of freight as passengers.

Tuesday's Cincinnati Gazette says: Capt.

A. Q. Ross is in the city. He says that members of Congress appear to be exceedingly ignorant of the perils of river navigation. One member that he conversed with the order that if a boat or two was a 100 feet. thought that if a boat or two was a 100 feet wide, a bridge span of 150 feet would be ample. No accounts is taken of the effects of cross currents, &c. He also states that our Representatives will be governed in their action and influence by the recent ac-tion of the Cincinnati Chamber of Commerce, favoring a 500 feet span of bridges. The steamer Westmoreland, Captain F. Evans, was announced to leave Cincinnati for New Orleans on Tuesday evening. The St. Charles, Capt. Dravo, left Cincinnati for this port on Monday evening with a

fine trip. So says the Cincinnati papers.
The Dubuque Herald, of Saturday, says:
The Sheridan cleared for St. Louis Thursday night with one of the heaviest trips of sacks of grain on her, and took from here a wanted, and departed, drawing four and a feet of water.

The Vicksburg Times says the "champion" Robt. E. Lee has made her last Vicksburg trip for the present, and that her future movements had not been deter-

mined. The Governor Allen is running in her place. It is not improbable that the Lee will be posted for St. Louis, under the direction of Captain John W. Cannon. The Times says the Mississippi remained at Vicksburg repairing boliers. The insignificant loss of a few hours is far preferable to a boiler explosion, or even the risk able to a boiler explosion, or even the risk of having one. The Dora is on her way to Pittsburgh from New Orleans, loaded nearly to her guards. The Vicksburg Times says: "Captain Tom Leathers thinks the Quitman is second in point of speed to no boat plying the waters of the Mississippi river, always excepting the acknowledged 'champion." Captain Tom Tobin, with 'the famous Pargoud,' will have to be on the look out next Saturday, for the 'war horse' will be very apt to come up the coast in a hurry unless she has a big trip of freight, and that will be something very improbable."

The Memphis Appeal actually says that Captain DeHaven's earnest efforts in trying to reduce the cost of transportation on the Father of Waters by building a steamer

the Father of Waters by building a steame of large capacity, and at the same time economizing labor, etc., will make the Captain's name immortal. If that is so, we could name several other immortals lying around loose.
