FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, May 8, 1868.

The gold market was firmer to-day in consequence of the heavy shipments of specie to Europe amounting to about three million dollars for the past week. The scarcity of commercial bills in the market forces the bankers to remit specie in payment of the gold interest on May first. The demand for coin has also stimulated the market for bonds for European shipment, and prices have advanced ¾ per cent. within three days. Although the demand for cash gold has been very large little excitement is noticed in the market, the demand for coin seems to be strictly legitimate, and speculators do not buy to hold for a rise.

Government bonds were all firmer, especially Five Twenties of 1865; Consols and 1867 bonds principally wanted in exchange for Seven Thirties. The investment demand runs principally on old Five Twenties of 1863 and 1865, which are comparatively cheaper, being without accrued interest. In Seven Thirties there is scarcely any change, the time of their maturity being so near at hand.

In stocks there was a general rise of all western roads. Fort Wayne has advanced from 106½ to 107½ within a few days; the demand for this stock is principally for investment, which is a proof of the good management of the road and its productions. Capitalists pay more attention to these securities than the watered stocks of eastern companies. Nearly all the shares of western through routes that were held on speculation in Wall staeet a year ago, have all passed quietly into the hands of parties able to hold them. In local securities some Insurance stocks are offered but find but few purchasers. The high prices of oil have also caused a demand for Columbia., Triumph and Pittsburgh and Cherry Run oil companies.

Money is in good demand at 10 to 12 per cent. for all but prime paper out of the banks.

Closing quotations as received by Ph. R. Mertz, were as follows:

Gold, 139¾; 1881 bonds, 113⅝; 1862 5-20s, 108⅝; 1864 do, 106¾; 1865 do, 107⅛; Consols, 109¼; 10-40s, 103½; 7-30s, 107¾.

Railroads—Cleveland & Pittsburgh, 84⅝; Fort Wayne, 107½; North Western common 66; North Western—preferred, 76¾; New York Central, 128¾; Erie, 68¾; Old Southern, 84½; Ohio & Mississippi, 31¼; Merchants Union Express, 31½; Western Union Telegraph, 38¼. Mining Shares—Corydon, 28; Quartz Hill, 90; Quicksilver, 32.

—The Comptroller of the State of New York complains that many of the national banks of that State, when called upon for a full statement of their business affairs, decline to report, upon the ground that they already report and pay taxes to the General Government. Their excuse is certainly entitled to some consideration. The national banks are confused and annoyed by the multiplicity of returns and reports required of them.

—The New York *Tribune*, of Thursday, says: The increase in currency during April of $8,944,000 is the subject of remark in financial circles. It is now apparent that the pressure for money during April was intensified by the sale of gold for legal tenders, for which the Treasury had no use. Instead of restoring to commercial channels the legal tenders by purchasing Seven Thirties at 105¾, the Treasury preferred to lose interest on its balance, and, after the money market had recovered, became the buyer of Seven Thirties at 107¼ to 107⅜. This mode of administering the finances may have been wholly in the public interest, but upon the surface it looks as though private interests were the first consideration.

The report that the Pittsburgh and Fort Wayne road is to issue a million of new stock for construction is without foundation. Its power to sell stock is exhausted, and its renewals can only be effected by a vote of stockholders.

IRON AND NAILS.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, May 8, 1868.

The demand for iron during the past week is reported by manufacturers as moderately active, with prices unchanged. The demand is confined to supplying immediate wants. Manufacturers are mostly engaged in filling contracts for parties who have ordered ahead, and the stocks of nails is much broken. Prices are firm for small lots with an abatement of 25 cts per keg and 5 per cent. cash for good orders.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, May 8, 1868.

The general markets are devoid of any new characteristices worthy of special notice. We can report a steady demand for all of the leading commodities, and while there are no material changes, prices, generally, are firm and well sustained. Grain is very firm and considerably excited, and stocks are pretty well reduced. Provisions are also firm but unchanged, and the same remarks will apply to Flour.

APPLES—Green Apples are firm and scarce but unchanged; we continue to quote at $6 to $7 per bbl.

ASHES—Steady, with sales at 4½ to 5c for common and refined Soda Ash, and Pearls at 11c.

DRIED FRUIT—We can report a steady demand for Peaches at 13 to 13½c. Apples unchanged at 7 to 7½c.

POTATOES—Prime Peach Blows are in steady demand at $1,50 per bushel. Jersey Sweets, $8,50 to $9 per bbl.

GRAIN—Winter Wheat is in demand and firm, with sales of prime Red at $2,70 to $2,75, and 5 to 8c higher for White. Oats firm and in light supply but unchanged; sales on wharf and track at 80c, and in store at 83 to 85c. Corn is firm at $1,10, and the usual advance for small lots in store. Rye is in demand at $2 to $2,10. There is not much inquiry for Barley, most of the malsters having suspended operations.

BUTTER—Is in rather better demand, and prices are a shade higher; we now quote at 35c for prime Roll, and 38 to 40c for choice.

EGGS—Unchanged and in good supply; 20c is the standard price.

PROVISIONS—Bacon is firm and in steady jobbing demand but unchanged. One of our leading houses quotes as follows: 14½ to 14¾c for Shoulders; 16¾c to 17c for Ribbed Sides, and 18½ to 19c for Clear do; 19½ to 19¾c for Plain Sugar Cured Hams, and 20½ to 21c for Canvassed do. Lard, 21c, in tierces, and 21c, in kegs. Dried Beef, 22½c for uncanvassed, and 23½ for canvassed. Mess Pork, $30 to $30,50.

LARD OIL—Is firm but unchanged; we continue to quote at $1,25 for No. 2, and $1,55 for No. 1.

SALT—Is quiet and unchanged. We continue to quote at $1,75 to $1,80 to the trade, and $2 for small lots in store.

FLOUR—The market is firm, and although unchanged, prices are well maintained. We continue to quote at $11,25 to $11,75 for Spring Wheat; $12 to $12,75 for Winter Wheat, and $14 to $16 for fancy brands. Rye Flour, $10, and firm.

HAY—Weighmaster McNulty, at the Allegheny Diamond Scales, reports sales of 31 loads of Hay at $20 to $27; 3 loads of Straw at $16, and one load Corn Husks at 3c per pound.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, May 8, 1868.

CRUDE—The market was more active to-day, the reported sales, in the aggregate, being considerably larger than for several days past, reaching about fourteen thousand barrels. Spot oil is off from a quarter to a half; sales having been made to-day at 11c, against 11¼ to 11¾c yesterday. The transactions reported were as follows: 1,200 bbls to be delivered on this water at 11c; 2,000 do same delivery at 11c; 1,000, seller's option, all the year, at 10½c; 2,000, seller's option, to December 1st, at 10½c; 1,000 for May or June, seller's option, at 11c; 1,000 for May at 11c; 2,000, spot, at 11c; 3,000 this water at 11c. From the above, it will be seen that spot or this water may be quoted at 11c; May or June, seller's option, at 11c, and all the year, same option, at 10½c. The river is again in fine navigable condition, and we may look for large arrivals within the next few days, quite a fleet of towboats having gone up the Allegheny a day or two ago.

REFINED—The market for bonded oil was also unusually active to-day, the sales, in the aggregate, being larger than during any preceding day this week, but prices, as a general thing, are a shade lower. To illustrate, May sold to-day at 30 to 30¼c, against 31c during the early part of the week; future deliveries, however, are unchanged, and while the market is a little weak, sellers in this market are firm, and, as a general thing, refuse to make concessions in order to effect sales. The following is a report of the operations: 1,000 bbls last half of May at 30c; 500 do do at 30½c, and 1,000 at 30¼c; 500 each July to December, inclusive, at 31c; 500 each July to December at 31½c; 500 August to December at 31c; 500 each June and July at 30c; 2,000 first half of June at 30c, and 500 same delivery at 30c.

RESIDUUM—Sale of 200 bbls at $2 per bbl, bbls included.

PITTSBURGH METAL MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, May 8, 1868.

Business during the week was materially active. There was a fair trade done in crude irons. The receipts have largely increased, yet, in certain descriptions there is but little accumulation of stocks. Common and inferior irons were neglected. Concessions to the extent of fifty cents per ton was made in order to effect sales. Foundry irons remain dull. The consumptive demand being very light.
