FINANCE AND TRADE.

OFFICE OF PITTSBURGH GAZETTE, WEDNESDAY, May 13, 1868.

The uncertainty of the President's conviction or acquittal has cast a gloom over all financial business. Gold keeps up from 139¾ to 139⅞, with little doing. Th arguments in favor of a rise are no stronger than those for a decline in case the President is convicted and removed from office. It would be natural to suppose that when all political agitation were removed gold should rate lower, but, on the other hand, the removal of the President may be looked upon in a different light in Europe, and people there might doubt the stability of our government, and return bonds instead of buying. It is very erroneous to suppose, as many, no doubt, do argue, that it was injurious to our interest to see bonds go out of the country below par, but the United States Treasury is in the same position as any other needy borrower, and whatever the best terms can be made for money, there is the place to go and get it. Before specie payments can be reached, our national debt must increase if we do not tax ourselves beyond the present rate or reduce our expenses; of, course, it does not follow that the increase is in greenbacks, but the greenback debt expressed in coin will reach the present volume of our currency debt, and this we can not prevent, except by the above mentioned method. We have, as a nation, to follow the example of individuals in order to be prosperous after having squandered our position.

In government bonds the market is quiet, there is at present a lull which may turn into an investment fever at any moment.

Money is getting plentier and cheaper, and must find an outlet for investment. Already is there more investment demand from the interior, and the beginning of next week will doubtless witness an active market in bonds, and a considerable rise.

Stocks are almost unchanged. The western shares remain firm, but the eastern roads are rather depressed, as is also Fort Wayne, in consequence of an article published in the New York *Herald*, concerning the way large dividends have been declared, but it must be conceded that this road is one of the best managed in the country, and one that has natural advantages over almost any route to the west connecting with the Pacific shares.

Business is quiet.

Closing quotations as received by Ph. R. Mertz, were as follows:

Gold, 139¾; 1881 bonds, 113¾; 1862 5-20s, 108¾; 1864 do, 106⅞; 1865 do, 107½; Consols, 109¾; 10-40s, 103¾; 7-30s, 107¾.

—The Secretary of the Treasury gives notice that all compound interest notes intended for conversion into three per cent. temporary loan certificates must either be presented to the Assistant Treasurer at New York or to the Treasurer at Washington who will issue certificates, which, on presentation at the office of the Assistant Treasurer at New York, will entitle the holder to receive such certificates in exchange. Compound interest notes intended for redemption in lawful money must be forwarded to the Treasurer at Washington.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, WEDNESDAY, May 13, 1868.

CRUDE—The oil market remains in a very complicated condition, and at this writing it is impossible to say who has the upper hand, the "bulls" or "bears," though the feeling between the opposing elements is about as strong as ever. There was nothing to nothing done to-day, but a single sale reported, 2,000 bbls, to be delivered between now and November 1st, seller's option, at 10½. Spot oil is held and offered at 11¼ and 11⅜ without finding buyers, and so far as we could learn the offerings at these figures were quite liberal. The demand was very light. At the Oil City the market is reported firm, with sales at what was considered equivalent to $4.45 to $4.50, delivered at Oil City and Parkersburgh Alleghany Valley cars.

REFINED—The market for bonded oil is also in a very complicated condition, with next to nothing doing, and it looks now as if matters would continue as they are for some days. It is reported that there were fresh "calls" for May oil to-day, and it is also said that the "ring" has up to 22d or 23d inst. in which to make their point—establish their "corner." Whether the movement will be successful or not, it is impossible at this stage of the game to conjecture with any degree of accuracy; if it should turn out to be a failure, the probability of a tumble is very strong, though it is hardly probable that prices will go back to where they were previous to the advance. In the meantime, the situation is very interesting to outsiders, though not very pleasant for "short sellers." May oil was offered to-day at 32c, though it was reported that a sale had been made at 32½c. The only sale reported was 500 bbls for last half of June at 30½c. All the year buyer's option, is nominal at 32½c.

ARRIVALS—The arrivals of oil by river and rail reported to-day were as follows:

Lecust & Ward	1000	Frew & Bro.	500
G. S. Thomas	800	D. M. Edgerton	1000
Lockhart & F.	160	C. C. Burke	240

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, WEDNESDAY, May 13, 1868.

The general markets are quiet, though moderately active, and while there is less excitement and some articles are a little weak, generally speaking, there are no changes in prices worthy of special notice.

GROCERIES—The market remains firm on all goods except Coffee, which has declined from ¼ to ⅜c. gold, in the East, which has its corresponding effect on our own market. Sugars are very firm at quotations, and we notice an advance of ⅛ to ¼c in the East yesterday on Refined, which will cause our merchants here to advance their prices. As the fruit prospects are very flattering, we may anticipate still higher rates for both raw and refined. Syrups follow Sugars, and are of course, very firm and scarce, and choice Syrups and Drips are almost out of the market. Rice is steady. Teas are firm and quiet. Spices unchanged. Below will be found the ruling prices, taken from sales of the leading houses:

SUGARS—Cuba, 12¼c for good grocery; 12¾ to 13c for prime, and 13¼ for choice; Porto Rico—good, 13c; prime, 13¼; choice, 13¾ to 14c; Clarified Cuba, 14 to 14½c. Refined—Standard Hard, 17½c; A, 16¾c; B, 16¼c; Extra C, 16c; Sugar House, 11 to 12c.

COFFEE—Rio ranges all the way from 22 to 25½c for common to strictly prime. Java 32 to 33c.

SYRUPS—Lovering's $1; Silver Drips, $1; White Drips, $1,10; medium brands, 70 to 80c; common, 50 to 60c.

RICE—Rangoon, good, 10c; prime to choice, 11 to 11¼c; Carolina, 12 to 12½c.

MOLASSES—New Orleans, 90 to $1; Cuba, 65 to 70c; Porto Rico, 70 to 75c.

SPICES—Cassia, 30 to 35c; Cloves, 50c; Pepper, 38c; Allspice, 35c; Nutmegs, $1.50.

STARCH—Madison, 8c; Silver Gloss 11½ and Corn Starch, 13½c.

FRUITS—Layer Raisins, $4.75 per box; Valentia, 20c per lb; Prunes, 17c; Currants, 14c for new.

BAR LEAD—12c; Shot, $3.50 per bag.

SOAPS—"Babbitt's," 12c; "Oakley's," 11½c; Rosin, 4½ to 6c; "Dobbin's," 15c.

CANDLES—Mould, 16c; Star, 23c.

CONCENTRATED LYE—$7.50 per case.

BROOMS—$3.50 per dozen.

FISH—White Fish, $8,00; Lake Herring, $4; Mackerel No. 1, $22; No. 2, $18,00; No. 3, $14,50; in half bbls, 50c more.

TOBACCO—Black 5s, 10c; 4s and Louisville Navy, 72 to 75c; Wm. H. Grant's 10s and Navy, 80c; C. & D. Tobacco, 22c to 25c for best.

TEA—The market is firm and prices are higher for new crop. Choice Young Hyson, $1,75; fair, $1,50; common to good, $1 to $1,35; Oolong, 75c, 85c, 90c, $1, $1,25 and $1,35; good Puro Pure, $1,40 to $1,85 as to quality. Imperial, $1,10 to $1,85. Japan—Choice, $1,30; fair, $1.

APPLES—Quiet but firm, and the supply is almost exhausted. We continue to quote at $6 to $7 per bbl as to quality.

New York Dry Goods Market.

By Telegraph to the Pittsburgh Gazette.

NEW YORK, May 13—The dry goods market is extremely dull, owing partly to the prevalence of a great rain storm. Prices in the meantime are without essential change, except American prints, which are reduced to 19½c. The market, however, is weak and the tendency is toward a still easier rate for unseasonable styles. Print cloths are down to 9@9¼c.
