The Pittsburgh Gazette.

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, June 1, 1868.

Gold was firm early in the day, on the information of a reaction of American securities in London, and an increased demand for cash gold to pay for imported goods; but, at the close, the market was dull and a fraction off.

Government securities took a fresh start to-day, and advanced from ¼ to ⅛ per cent. The Five Twenties of 1867 were the strongest, being in demand for the exchange for Seven Thirties, and on speculation to be used for export. It is doubtful, however, whether European capitalists are as sanguine as New York speculators. Europeans have persistently stuck to the Five Twenties of 1862, and it will be difficult to change their opinions, especially when they are to pay as much for 1867s as for 1862s. Prices of Governments are decidedly beyond the notions of the mass of the people for investment, and, although quotations may be still more advanced, it must prove a non-paying investment to buy at present quotations.

Railroad shares are on the rise, but transactions are limited.

Money is easy, and long prime investments are made at from 8 to 9 per cent. Business very quiet.

Closing quotations as received by Ph. R. Mertz, were as follows:

Gold, 139¾; 1881 bonds, 116⅝; 1862 5-20s, 112⅝; 1864 do, 110½; 1865 do, 110½; Consols, 113⅛; 10-40s, 106; 7-30s, 109½.

Railroads—Cleveland & Pittsburgh, 88½; Fort Wayne, 116½; North Western, common 68⅞; North Western—preferred, 81½; New York Central, 134½; Erie, 69½; Old Southern, 89¾; Ohio & Mississippi, 30½; Merchants Union Express, 28¼; Western Union Telegraph, 38½. Mining Shares—Corydon, 30; Quartz Hill, 105; Quicksilver, 30⅜; Smith & Parmalee, 3,10; Gregory, 4,80.

—The Philadelphia *Press*, in speaking of the advance in the price of government bonds, says:

The demand which occasions this rise in price is for the supply both of the home and the foreign market. Many millions of the bonds, especially of the '61s and old '62s, have been purchased with the last month by the foreign banking houses here. The best informed men in these houses, noting the recent temper and tone of the English and continental markets, entertain the view that our bonds will be quoted at London as high as par by this time twelvemonth. The great controlling fact in the government bond market, to-wit: that the Government will in sixty days cease to be a seller and have no more bonds to issue, was foreseen and acted upon by the great bankers of Europe at a date when it was hardly mentioned in print on this side the water. After the first of July the United States, under the law, will become a purchaser instead of a seller of its own securities, and thus the market will be no longer fed by Government issues. The demand thenceforth operating on a supply no longer elastic and expanding, but rigid and fixed, must, on ordinary principles of commerce, enhance the price so soon as it is seen that the demand itself is almost limitless, taking into connection the steady appreciation of our bonds abroad, as well as the fact that more and more capital on this side, of savings banks, trust companies, orphan estates, &c., is tending, month by month, to investment in the national securities. No slight increment of the demand will come from the earnings of the bonds themselves. These will amount to one hundred and twenty millions in gold annually—say one hundred and sixty-eight millions currency at the present figures of premium—disbursed mainly in July and January, and May and November. This fund will naturally incline for investment to the source from which it was earned, and thus furnish a new demand annually for Government bonds, in volume equal to one-seventeenth of their amount. To this might be added a good proportion of the dividends and interest of corporations of all sorts, many millions of dollars annually and quarterly, a part of which will recur to Government bonds as the best and safest medium for bringing steadily remunerative returns.

—Closing quotations received by James T. Brady & Co.:

Gold, 139¾; U. S. 6's, 1881's, 116⅝; 5-20's, 1862, 112⅝; 5-20's, 1864, 110½; 5-20's, 1865, 110½; 10-40's, 106; 5-20's, January and July, '65, 113; 5-20's, January and July, '67, 113⅝; June 7-30's, 110⅝; July 7-30's, 110⅝; May Comp., 1865, 119–40.

New York Cattle Market.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, June 1.—Receipts—4,388 head beeves, 10,681 head sheep and lambs; 23,001 head hogs. Beef in good demand, and ½c higher; fair extra, at 16¼, prime, at 16; fair to good, at 17a17¼; ordinary, at 16¼a17; inferior, at 15¼a15¾. Sheep; lambs, at 2c lower, with free arrivals; demand for extra sheared, at 8c; prime, at 7¾a7¼; common to good, at 5a6¾; inferior, at 4½ag. Hogs depressed by liberal offerings, and prices lower; good stock in fair request; common dull, and sales heavy; corn fed, at 9¼a9¾; fair to good, 8¾a9¼; light to common, at 8¼a8¾.

Philadelphia Market.

[By Telegraph to the Pittsburgh Gazette.]

PHILADELPHIA, June 1.—Petroleum quiet and nothing doing. Flour: $9,75a11 for northwestern extra family. Wheat dull and drooping; red $2,65a2,80. Rye declined to $2,10. Corn dull; sales 4,000 bus mixed western at $1,14. Oats steady; western 90a95c. Provisions unchanged.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, June 1, 1868.

The general markets are very dull and neglected, with but little prospect at present of any immediate improvement. The indications for an unusually large crop of grain are so highly favorable that the grain markets, both East and West, are beginning to shake, and the same is true of Flour. We should not be surprised to see a heavy decline in the articles referred to before the new crop is harvested, as holders will want to realize, and to do so they will be obliged to make concessions.

BUTTER—Is not coming in so freely, and while the market is dull and weak, prices are unchanged, ranging from 18 to 20c, for prime Roll. Most of the large western shippers are shipping east.

EGGS—Continue to meet with a steady demand, and prices are still tending upward; we now quote at 22 to 23c.

DRIED FRUIT—Continues very dull, with a supply considerably in excess of the demand—sales of Peaches at 12 to 13c, and Apples at 6½ to 7½c.

FLOUR—The Flour market is dull and weak, and within the past few days there has been a decline of from 25 to 50c per bbl. We have sales of Spring Wheat reported at $10,50 to $10,75; Winter Wheat at $12 to 12,25; "City Mills Springfield," $12,25; "Mad River," $12,25; "White Star," 11,75 "Clarks" and "Sear's" at $10,75. Rye Flour, $10 to $10,25.

HAY—Baled Hay, under the influence of increased receipts, is dull and tending downward. Wagon Hay may be quoted at $20 to $25.

POTATOES — Continue dull but unchanged; we quote at $1,35 to $1,40 for small lots of Prince Albert's and Peach Blows, in store.

HOMINY—Steady at $6,25 to $6,50.

PROVISIONS—Bacon is quiet and unchanged at 14 for Shoulders; 16c to 18c for Ribbed and Clear Sides; 19½ to 20¼c for Plain and Canvassed Sugar Cured Hams. Lard, 19 to 19½c. Mess Pork, $29.

LARD OIL—Is still quoted at $1,25 for No. 2, and $1,50 for No. 1.

GRAIN—Wheat is dull and drooping, notwithstanding the arrivals continue light; prime Red Winter cannot be quoted above $2,50. Oats dull but firm; sales of some 300 bush on wharf at 83c. Corn is dull; may be quoted at $1,05 for mixed, and White, and $1,08 to $1,10 for prime Yellow. Rye is nominal at $1,90 to $1,95. No movement in Barley, and none in market.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, June 1, 1868.

CRUDE—There was an increased demand for crude to-day, and while a firmer feeling seemed to exist, no advance as yet, has been established. Three sales in lots of seven thousand one hundred barrels reported, in different lots, all at 10½c, and all for immediate delivery; holders were unable to spring a fraction, and while no difficulty was realized in obtaining 10½c, it was found impossible to get any more. One thing that tended to stiffen the market somewhat was the circulating of reports to the effect that the production is decreasing, and that some of the largest wells, among others the "Fee Well," had failed. It has been learned, however, that the report so far as the Fee Well is concerned, is not wholly correct; the sucker rod, it is said, had been lost, but at last accounts she was still producing two hundred barrels per day. It is also alleged that the production has increased fourteen hundred barrels per day within a short time by the striking of new wells. We give these reports as we get them, not for the purpose of influencing the market one way or the other, but merely as items of news.

REFINED—The market for bonded oil is steady but prices are unchanged. We can report sales of 1,000 bbls for the last half of July, at 29c; 2,000 for June, at 28¼c; 384 prime light straw to white, same delivery at 27½c. We also have reports of 10,000 bbls having been sold on spot in Philadelphia at 30c; and 7,000 to do at 28¼. It seems a little strange that two sales of such magnitude should be made for same delivery, with a difference of a cent and three-quarters in the price.

—Since the above was put in type, we have a sale of 2,500 bbls, 500 each from August to December, at 30c for August, and an advance of half a cent for each subsequent month.

ARRIVALS—The arrivals of oil reported to-day were as follows:

Lockhart & Frew 400	Clark & Sumner. 400
Mawhinney & B.2900	Buffum & Kehew 160
Leech & Woods.5000	Fisher & Bro.....4000

Total.....12,860
