Citizens of the Eighth Wardth Council -They Oppose the Proposed Division of the Ward.

The Committee appointed by Councils at a recent meeting to re-district the Consolidated city, having prepared a report, a portion of whole we published in the Gazarric divide the present Eighth ward at Pride street, a proposition which does not appear to meet with the approbation of the citizens of that ward, a meeting was called for the purpose of protesting against the division, and to udopt measures to prevent, it if possible. Pursuant to the call a number of the citizens assembled at the Ann street School House last evening to take action

on to state the object of the meeting. He stated that it was a kind of an indignation meeting, relative to the proposed division of the ward, and that he, being a member of the districting Committee, was there now for the purpose of receiving instruc-tions instead of giving them, and he hoped the meeting would come to some conclu-tion, as to what course the members of Council from that ward, who had been invited to attend the meeting, should take when the report was presented for adop-

Mr. Samuel Morrow thought the object of the meeting was to have an expression of the citizens of the Ward relative to the roposed division at Pridestreet.

The Chair thought that a committee to prepare business for the meeting should be

appointed, and suggested that some gentle-man make a motion to that effect. Mr. Flinn moved the appointment of the The names of several gentlemen were suggested as members of that committee but they all declined. Mr. J.A. Sargeant thought the commit-

tee was unnecessary, as it was only necessary to adopt a resolution expressing a sense of the meeting, which could be done without the aid of a business committee.

Mr. Henry Tatnalt desired to make a few remarks if in order. He said the citizens of Pipetown had been imposed upon long endugh. They did not care what ward they were in, but they wanted a precinct. Give them a precinct and they would be satisfied. They could then vote in the morning or at night and would not they to tramp through the mud to the election.

Mr. Flinn moved that the Districting Committee be requested to change their

Committee be requested to change their report so as to include that portion of the Eighth ward known as Pipetown, in the Second ward, if any division be made. Mr. Tatnell objected to the motion on the ground that the Second ward did not want the addition to their ward, and they did not want to go into the ward, but they

wanted to be a precinct.

Mr. Samuel Morrow was opposed to the division of the ward as proposed by the Committee, and thought if there was any division Shingis street should be made the line instead of Pride street. Mr. Tatnell again took the floor and insisted upon having a precinct.

Mr. Flinn submitted the following reso-

Still another was added to the list of suicides yesterday. Annie McCausland, a young girl seventeen years of age, residing at the house of Robert McAdams, on Pennsylvania avenue, near Soho, died yesterday from the effects of a dose of arurday evening. It appears that she went to Mangeld's the police of the p to Mangold's drug store Saturday and and purchased two drachms of arsenic, which she swallowed as soon as she returned home. The family with whom she lived discovered that she had taken polson, and instead of going for a physician went to Mangold's drug store Saturday afternoun and instead of going for a physician went to the drug store where she had procured the drug and the druggist gave an antidote for arsenic, which was administered, but it had no effect. The girl continued to grow worse, and on Monday evening Dr. Rex was sent for, but it was then too late to render any assistance, and the died yes-terday morning. Coroner Clawson was notified to hold an inquest on the body.

but has been in this country for several years. The only reason she gave for taking the poison was that she was tired of life and wished to die.

Personal.

H. J. Lombaert, Esq., one of the distinguished Vice Presidents of the Pennsylvania Railroad, and Henry Windsor, Esq., President of the Philadelphia and Boston Steamship Line, came West yesterday on a tour of relexation and observation, They were accompanied by W. J. Howard, Esq. Solicitor of the Pennsylvania, Rallroad Company. They came from Harristong in the Directors, car of the Northern Central Railway Company, which was placed at the sarvice of the President and Directors of the Westmoreland Coal Company to make an excursion to their Works at and pear Liven Station. The car which contained the parties was detached from the Philadelphia Express at Irwin Station yesterday at one o'clock and left of the side track. It was understood that the distinguished occupants were to come to the city in the evening. We have not learned whether the gentlemen interested in the Westmoreland mines have any special object in view in making a visit to them at this time. The others, we are fin-formed, are taking a short relaxation from their onerous labors, which they perform with the greatest fidelity.

Man Drowned Coroner's Inquest. Jacob Zenghielt, a resident of McKeesport was drowned in the Monongahela river yesterday morning. He was employed at a saw mill on the opposite added the river, and was crossing in a skiff at an early hour in the morning when he took an unexpected fit and fell into the river and was drowned. The body was recovered shortly afterwards, and Coroner Clawson held an afterwards, and Coroner Clawson held an inquest upon it. The jary returned a verdict of accidental drowning. The deceased leaves a wife and two children, who were dependent upon his labor for support.

LANE POISONING CASE

Reasons Filed in Support of the Motion for a New Trial and in Arrest of Judg-At the time of the conviction of the negro Lewis Lane of murder, we stated that his counsel, William T. Haines and John C. McCarthy, Esqs., gave notice of a motion in some time since, in which it is proposed to arrest of judgment and for a new trial, announcing that they would file reasons therefor within the required period. Yesterday the reasons were filed, and are as

FOR A NEW TRIAL. Because the Court charged the jury as ollows: "The life or death of this man is in your hands. There is no middle course. If he is guilty of murder he must be conof the first degree, or ac-quitted of everything. * * * *

If your verdict is guilty, you must state of the first degree; if not guilty, you say so, and no more.

IN ARREST OF JUDGMENT. I. Because the inquisition upon which the commitment and all subsequent pro-ceedings are founded is invalid, and for the ceedings are admined is invalid, and for the following reasons, to-wit:

1. Because an Alderman has no jurisdiction at common law to act as Coroner, nor has such jurisdiction been conferred upon

thin by any Act of Assembly. 2. Because even it the act of May 27th, 1844, Sec. 15, can be so construed as to in-clude Aldermen under the designation of "Justices of the Peace," yet the emergency on which such jurisdiction is alone founded, viz: the inability of the Coroner to attend, or, as stated more forcibly in a subsequen act, the impracticibility of his attendance did not arise.

3. Because the Act of May 27th, 1841, sec. 15, requires an inquisition taken by a Justice of the Peace, under the authority con-ferred by it, to be submitted to the Court of Quarter Sessions, and that the Court shall adjudge the case justified his interference as Coroner pro hac vice, and that the proceedings are in other respects regular; none of which appear of record.

II. Because the District Attorney did not be indirected and not in the indirected and not in the indirected and indirec sign the indictment, and that the act, or that portion thereof, requiring the Assist-

ant District Attorney to sign, the name of the District Attorney to the bill of indictthe District Attorney to the bill of maintment, is unconstitutional.

III. Because, though the indictment against the prisoner in this case was returned a true bill by the Grand Jury, yet the Assistant District Attorney was in the room the whole time of said finding examining witnesses and acting for the Commissional the presented of said Grandmonwealth, in the presence of said Grand Jurors and operating with them, the same being in violation of law, highly prejudicial to the rights of the prisoner, and contrary to the official oaths of said Grand Jurors.

IV. Because the indictment was not submitted to the Grand Jury by the District Attorney, and that the act or that portion thereof, requiring the Assistant District Attorney to submit bills of indictment to the Grand Jury, is unconstitutional. V. Because none of the names of the witnesses appearing before the Grand Jury and sworn by them were marked on the indictment by the District Attorney, or by any person authorized to do so, as required

by the act of Assembly, and the finding is therefore illegal. No time was fixed for hearing, the arguments in the case, but it will doubtless be disposed of at an early day.

A Nuisance. The railroad crossing on Penn street is at best a great nulsance, but one, we presume, which cannot be abated entirely, it being a kind of necessary evil; yet the pub-Mr. Frank P. Case, submitted the following, as a substitute for Mr. Flinn's resolution, which was unanimously adopted:

Resolved, That it is the sense of this meeting, that no portion of the eastern end of this ward, be taken off, but that it any change be made it is our wish that the limits be Shingiss street on the west, Bluff on the south, the avenue on the north, and Miltenberger street, the present eastern are subjected in consequence thereof. But when the company take the liberty of making that point a "shifting yard," and allow trains to stand across the street for five or ten minutes it a time, the amoyance is inwhich time, the street on either side was perfectly crowded with wagons, street cars, and other vehicles from Wayne street to Ganal. It is altogether probable that we are subjected to these annoyances without the knowledge of the railroad companies; and if such is the case, we hope they will give the matter their attention, and make the inconveniencies to which the public

Heavy Sentences. Bartley T. Campbell, Esq., editor and Barlley T. Campbell, Esq., editor and proprietor of the Evening Mail of this city and J. Henry Miller, Esq., of the late the dollars and costs each, and in default of Evening Advocate, were before the Court of Quarter Sessions of Philadelphia yester-days. Mr. Wills afterwards made inforof Quarter Sessions of Philadelphia yesterday, on a charge of libel preferred against them by a man named Allinder, formerly a resident of Allegheny City. The alleged libeliwas contained In an article published some months since In the Associate They some months since in the Advocate. They were both found guilty. Mr. Miller, was sentenced to pay a fine of one thousand dollars and costs and to stand committed until such time as the sentence is comfilled with. Mr. Campbell, the author of the article in question, gays his opinion to the Court "on the business" and was fined one thousand dollars and sentenced to undergo an imprisonment of four months. This heavy sentence, the Court remarked was partly attributable to the address made by party attributable to the address made by Mr. Campbell. Doubtless both of the defendants, will receive pardon at the hands of the Governor, as an effort in that direction will at once be made by their numerous friends in this city.

ber of Congress.
For more than a year I shiftered inconvenience from a constant sounding in my left ear. On the 21st of May Tapplied to Dr. E. S. Aborn, at 134 Smithfield street, Pittsburgh. He relieved me at once, and from that day to this I have had no difficulty of any kind. Truly,

LET US PROTECT OURSELVES. The physical structure of the strongest human be-ing is vulnerable everywhere. Our bodies are en-dowed by nature with a certain negative power. which protects them, to some extent, from unwhole-some influences; but this protection is imperfect, and cannot be safely relied on in unbeatthy regions. or under circumstances of more than; ordinary danger. Therefore, it is wisdem; it is pridence; it is common sense to provide against such contingencies by taking an antidote in advance; in other words, by fornitying the system with HONTETTER'S STOMACH BITTER'S—the most complete protective against all the epidemic and endemic maladies that has ever been administered in any country. As a remedy for Dyspepsia, there is no medicine that will compare with it. Whoever suffers the pangs of indigestion, anywhere on the face of the earth where HOSTETTER'S STOMACH BITTER'S can be procured, tices so voluntarily; for, as surely as truth exists, this invaluable Tonic and Alteriarity. condition. To the nervous it is also especially recommended, and in cases of confirmed constipation it also affords speedy sad permanent relief. In all cases of fever and ague the BITTER'S is more potent than any amount of quinine, while this most dargerous cases of bilious fever yield to its wonderful properties. Those who have tried the medicine will never use another, for any of the aliments which the HUSTETTER BITTER'S probeses to subdust to those who have not made the expression of the BITTER'S probeses. by taking an antidote in advance: in other words.

CURE OF FISTURAL CONT. DB. KEYSER : I write to thank you for your kindness and scientific management of my disease; for which I called to consult you some time in January last. You will remember that I had a complication of diseases, which finally ended in a terrible fatula. which I had been advised to "let alone," on account of a harassing cough, which it was feared might fasten it on my lungs. I knew that the pecalair mode of freating diseases like mine was by a cutting operation, which, if successful at all, would maturally throw the disease upon the lungs or some other vital organ, on account of the suddenness of the cure and the immediate check to the discharge, which I believed was a salutary provision of hature to get rid of some morbid condition of the system. I feel perfectly satisfied that your method or treatment, purifying the system, and local appl to the fistulous part, must cure, if anything could, without cutting, which I find it did, and I am happy to report myself well in every particular, with sounder and better health than I have had for years.

I would also add that the applications you made were almost painless, and have left me a new man. with all the energies and vigor of restored health? Yours, gratefully, I. I. C.
