THE look is more and more that Mr. PENDLETON and Mr. CHASE will both of them command two-thirds of the votes in the Democratic Convention, and consequently be set aside in favor of Mr. SEYMOUR or even some nonentity of the FRANKLIN PENCE order.

A DELEGATION of Cincinnati Democrats are to receive refreshments at the depot at the hands of the members of that party in this city.

THE DEMOCRATIC editors of Western Pennsylvania, having contributed their full share towards establishing the Republican ascendancy throughout this region, are so decidedly enamored of the situation that they are anxious to intensify. Hence, their zeal for Mr. PENDLETON and the green-back humbug.

SO FAR as Democrats have participated in the movement for Mr. CHASE, they appear to have been actuated by a desire to kill off Mr. PENDLETON rather than anything else.

MR. JOHNSON, after his efforts to rally the democrats in favor of his reelection, is as eagerly deserted by them as TRACY or FILLMORE. They "like the treason, but despise the traitor."

MR. JOHNSON threatens, in a few days, to throw the whole influence of the Administration against the Democracy in case his claims to the nomination for the Presidency are ignored at the Convention in New York next July.

IT IS NOT IMPROBABLE that the Democracy will unite on ANDREW BURT in their standard bearer for Congress in opposition to GEN. NEGLEY. Like Mr. CHASE, Mr. BURT has equal claims on their support and suffrages.

THE SOUTHERN PEOPLE are rapidly becoming convinced that the Northern Democrats care nothing for them, or for any principles touching public policy, but are ready to adopt or reject negro suffrage and equality according to the chances presented for securing a presidential election.

THE FACT that a large and influential section of democrats seriously urge their National Convention to nominate Mr. CHASE for President, seems to illustrate how far the current of events is into oblivion.

THE DEMOCRATS begin to suspect that what Mr. CHASE is, after is not so much their success as his own. Hence, they now talk of demanding from his friends, as a condition precedent to allowing his name to come before the National Convention, that they will squarely support the nominee, whoever they may be.

THE refusal of Governor Seymour to permit the use of his name as a Democratic candidate left that party at sea in New York and other Eastern States.

THE CONNELLSVILLE RAILWAY WORK BEGUN.

We are very much gratified to learn that fully one-third of the second million has already been subscribed to the bonds of this Company, most of it by prominent and influential citizens of Baltimore, and that large additional subscriptions are confidently looked for.

The success which is steadily crowning the efforts of these gentlemen, backed by the zealous and powerful aid of the Directors of the two companies, and by outside friends of this desirable connection between Baltimore and Pittsburgh, is already such as to leave no doubt in their councils, of the absolute ability of the company to recommence the work of construction, assured that it may be prosecuted uninterruptedly until finished.

From a letter written by Judge B. F. PORTER, of the Second Judicial District of Alabama, and who is also a native of that State—written to the great Montgomery Grant ratification meeting, we extract the following paragraphs.

As an individual, I will give Grant and Colfax an earnest support. It is the ticket of reconstruction under the Constitution and laws of the United States, of peace, and of obedience to the authority of the Union.

FINANCES OF PENNSYLVANIA. It is stated that the necessary arrangements for making the payments due from the Treasury July 1st, will be seasonably matured.

SENATOR HENDRICKS, who begins to be spoken of among the half-score of candidates for the Democratic Presidential nomination, is a native of Muskingum county, Ohio.

THE CONTEST is to be close close to justify much weeping and gnashing of teeth. The uppy circumstance which "casts ominous shadows" on the result, is the certainty that the Southern States are to vote, and to vote under the new rule of negro suffrage.

AGATE writes from Washington to the Cincinnati Gazette the following: "The refusal of Governor Seymour to permit the use of his name as a Democratic candidate left that party at sea in New York and other Eastern States."

THE friends of the Charters Valley Railway, at a late meeting held at Canonsburg, appointed a committee to visit the city of Pittsburgh, and ask the aid of her citizens in the resuscitation of this work.

THE AMERICAN RAILWAY SYSTEM.

The whole story of American railways is detailed at length, and with complete precision, by Mr. HENRY V. POOL, in his "Manual of the Railroads of the United States, for 1868-'69," a copy of which is before us.

The coming July 4th will be forty years since the construction of the Baltimore & Ohio road, the first railroad in the United States, was commenced.

A NEW and unexpected danger threatens the South. The white race are doomed to poverty, ignorance, and extinction, while the blacks will become educated and prosperous.

THE Philadelphia Press says: The political condition of Pennsylvania is represented as better than at any period since Lincoln's re-election. There is an evident determination among the earnest Republicans not to jeopardize the cause by personal animosities or selfish aspirations.

THE DEMOCRACY OF Philadelphia are not so docile a party as their brethren of Allegheny county. While everything is here left, as a matter of course, to the management of a wire-pulling clique who make candidates and enunciate principles, or dispense with both as they think fit.

THE DEMOCRATIC delegate meetings yesterday were attended with the usual amount of bloodshed, disorder and rioting, which characterize the assemblages of that party.

THE NEW PROPOSITION FOR IMPROVEMENT, as proposed by HOL. TRAD. SEYMOUR, embraces four articles, as follows: The first impeaches Andrew Johnson for a high misdemeanor, violating the Constitution of the United States by making Treasonable Government.

Mrs. MIRA CLARK GAINES offered to compromise with the holders of her New Orleans property, and has issued the following card: "After thirty-five years of litigation, which has terminated fully, finally, and forever, particularly, in my favor, by the decision of the Supreme Court of the United States, rendered in April, 1868, I now again, as in former years, reiterate my desire to compromise on liberal terms, and invite all those who feel disposed to take advantage of this, my last offer, to come forward and enter into a final settlement. The utility of any further opposition will appear obvious."
