OFFICE OF THE PITTSBURGH GAZETTE, Tuesday, July 14, 1868. Gold again advanced to-day; the market pened at 141%, and closed at 142. The advance was rather sudden and urexpected, and those who have bought at near 140 are selling out. The advance of the premium, however, is not due to a desire to speculate on an advance, but to the continued heavy exports of about four million dollars per week; at that rate it would take every dollar of gold the banks hold now to supply the market to September first, when again some five million dollars

will be disbursed for interest. Government bonds are rather steady but dull, with scarcely any investment demand, but quotations are maintained on account of the rising tendency of gold and the scare at the stock exchange about the altered certificates of most of the leading railroads. The price of governments is now entire dependent on the easy money market here; the quotations from Europe show that there will likely be little demand from there, and exports of bonds will be limited to small lots on specu-

Railroad shares are dull and lower. New York Central, Erie, Cleveland & Pittsburgh, and nearly all the leading roads are from 1 to 2 per cent. lower. Express shares remain inactive. Money is still easy, but business is very

Exchange National Bank М. & М. The Philadelphia Ledger, of Mon-day, says. There was a fair demand for money all last week, and the rate of interest on call loans was generally five per cent. on stocks and four per cent. on Governments. The banks are disposed to keep their funds within easy control, in preparation for any demand that may be forta-coming from the West. Discounts range

at six per cent. for prime name The Chicago Tribune, of Monday, says: The local Money market, as remarked yesterday, seems, after the little-stir and changing of funds, consequent upon statement day, to have settled back into its former stagnant condition. The banks have not only a full supply of lonable funds, but not only a full supply of lonable funds, but the supply is thought to be temporarily increasing and bankers are beginning to complain that they have no use for it at all. All the bankers are just now very ready to discount short time paper, but none seem to care to let out funds for sixty days, as they anticipate finding abundant use for lonable funds before that time.

The same paper also say; Some of our private bankers who make resl estate loans a speciality report money easy in that line.

Loans in sums of say \$1,000 and upwards, are freely made on one to three years' time, on "disside" business property, at eight per cent, and in the same amounts on "out-side," or residence property, at ten per cent. As the borrower, however, has to pay all the expenses of abstract of title, mortgage, etc., and usually a broker's com-mission besides, it generally costs him from twelve to orteen per cent on the latter class of loans. class of loans.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, July 14, 1868. CRUDE_The Crude market was again exceedingly quiet to-day, and while there was but little done, prices have undergone no quotable change compared with yesterday. Sals of 1,500 bbls for July at 12%; and 500, spot, at same figure. We heard of offers to buy for August and September at 13c, buyer's option, each month, we presume. The demand at present is excoedingly light, and as an impression prevails among refiners that the bottom has not yet been touched, they are disposed to to buy as sparingly as possible or hold off, so as to be able to take advantage of a decline should it occur. On the other hand,

the disposition to sell is by no means urgent, and while there are some willing to accept present prices, there are others w are disposed to hold back and wait for an

REFINED—The market for bonded oil was also exceedingly quiet to-day, and de-void of any new or important characteristigs worthy of special notice. We can report sales of 500 for last half of September, and 500 for last half of October, on private terms; 1,600 for first half August at 331; and 500 for last half of same month at same figure. Spot oil is reported as having been sold in Philadelphia to-day at 32 and August to November was quoted at 33%. The advices from the east report the market very quiet, with but little disposition to operate, and while the under current of the trade is decidedly bearish, there seemed to be a steadier feeling than there was

esterday.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSEURGH GAZETTE, TUESDAY, July 14, 1868. The oppressively hot weather, has a tendency to restrict business, which at best has been and is still very dull; nor is it probable that there will be any improvement within the next thirty days-not until the harvest is fairly over, and the movement of the crops commenced. Flour is dull and weak, with a drooping tendency, and the same is true of Wheat. Provisions

a shade firmer, and a fraction higher, compared with last week. BUTTER—The supply although not very large, is nevertheless considerably in ex-cess of the demand, and prices are barely maintained; we continue to quote at 23 to 25c, for prime to choice fresh packed. EGGS—In rather better demand, and prices are tending upward; we now quote at 22 for fresh packed.

CHEESE—is quiet and unchanged, at 13

Quotations, therefore, may be fairly given at \$2,20 to \$2,25 for prime old and new. There is not much inquiry for Rye and little or none in market; the distillers, we understand, have stopped buying until the Whisky tax is settled. Corn is quiet and difficult to quote correctly. silver, 20%; Quartz Hill, 1,15.

An important feature of the Tax bill as it cassed the Senate, is that putting coal oil and its manufacturers on the free list. This amendment is of much interest to our own State.

The following stocks were sold last evening, on the second floor of Commercial Sales Rooms, No. 106 Smithfield street, by A. McIlwaine, Auctioneer:

Cloverseed on speculation, with \$6 to \$6,50 offered, without finding sellers; but little in this market. Flaxseed is in good demand of \$2.50

in this market. Flaxseed is in good demand at \$2.50.

PROVISIONS—Bacon is steady, with regular jobbing sales at 13% to 13% for Shoulders; 160 to 18 for Ribbed and Clear Sides, and 20 to 20% for Canvassed Sugar Cured Hams. Lard, 18% to 18%, for prime kettle rendered. Dried Beef, 21 to 22c. Mess Pork, \$28.50 to \$29.

POTATOES—Coming in quite freely, and prices are barely maintained, \$5 to \$5.50 per bbl.

LARD OIL—Is firmer though there is no improvement in the demand; \$1,20 for No. 2, and \$1,40 for No. 1.

SALIT—To the trade we quote at \$1,75 to

SI,80, and from store in small lots at \$2 per barrel.
FLOUR—Continues dull and weak, though without quotable change. We continue to quote at \$9,50 to \$10 for fair to good Spring Wheat; \$11 to \$11,25 for Winter Wheat, and \$12 to \$13 for fancy brands. New Tennessee Flour is being offered by Messrs. Isaiah Dickey & Co. at \$11,50. Rye Flour. \$8.75 to \$9.

Flour, \$8,75 to \$9. New York Dry Goods Market, New York, July 14.—The Dry Goods market is steady and firm, and a fair inquiry for staple cottons and low priced woollens for the season; demand however, is in no way active or general with the there lens for the season; demand however, is in no way active or general, with the thermometer at 95 to 101 degress in the shade.
