HYDRAULIC COW-MILKER.

WANTED—IMMEDIATELY—All who are looking for business to call and examine the

Hydraulic Cow-Milker,

"A sure cure for aching hands and kicking cows." It milks the four teats of a cow at once. It imitates the calf draw, and stops drawing to swallow. It will milk any cow perfectly dry in three minutes. It is operated by hand, dog, horse or other power. One man can attend several machines, milking as many cows at once. It is simple, durable and self-adjusting; will fit any cow. Milks the best-tested cows as well as any. Easily worked, not liable to get out of order, and has proven by practical use to be more agreeable to the cow than hand-milking. A rare opportunity is now offered to enterprising men either to travel or locate in city or country. Call and examine for yourselves.
