FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, August 7, 1868.

Gold was a little offish to-day, fluctuating between 147½@148, against 148¼ to 148¾ yesterday. Governments were also weak and a shade lower, though the decline was very slight.

The local money market is moderately easy, and all good borrowers experience but little difficulty in getting all the accomodations they want. The banks are charging about nine per cent; while on the street, rates range all the way from 10 to 15 per cent. per annum according to the standing of the borrower. Bonds and Mortgages are sold at from 10 to 12c. Business generally is dull, though we are in hopes that as the crops will soon commence to move, that an improvement is near at hand.

Columbia Oil Stock keeps pretty stiff, and so far as we can learn there is but little offering. The latest sales ranged from 21½ to 23½; at the present prices of oil this Company will be able to pay handsome dividends. There is some inqury for Oil Basin, on speculation, with 1¼ bid. This Company is expected to make a good dividend next month, and it is owing to the fact that it has been paying regular quarterly dividends for a year or more, that some parties are wanting to buy, it up. The fact is, all producing companies are stronger, and it is not at all improbable that some of these, which heretofore have been regarded as worthless, may yet get up to par again.

The following are the New York stock quotations as received to-day by Mr. Ph. R. Mertz: Gold 147⅞; 1881 bonds, 115¾; 5-20's '62, 114⅜; 5-20's, '64, 110¾; 5-20's, '65, 112¼; 5-20's, '67, new, 108¾; 10-40's, 109¼. $1½; Fort Wayne, 109¾; Cleveland and Pittsburgh, 88¾; Erie, 59; Western Union Telegraph 34⅝.

—Late accounts from France report the grain crop as already housed, and that notwithstanding the long drought, it is large and of fine quality. In Belgium, also, the wheat is all but ready for cutting, with the best prospects, and throughout all Germany and Hungary the same accounts prevail of fine weather, plenty, and falling prices.

—The *Financial Chronicle*, in commenting on the National Bank Quarterly statements, says of the money market:

We are far from thinking that during this fall any panic in the money market is to be expected like that which desolated it last spring. Among the safeguards against such a catastrophe we may mention the twenty-five millions of three per cent. certificates recently authorized. These will propably inflate the currency less than was predicted. They will ease the money market and will prevent any disturbance from the payment of the maturing compound notes. As a further indication of the plethora of the loan market we may mention the small increase of loans, which are only twenty-eight millions more than in April, while the deposits increased forty-seven millions. This shows how idle capital is accumulating here, and how difficult it is for our capitalists to lend that capital at remunerative rates. It would be well for the country and render our internal banking machinery more properly adjusted to the wants that machinery has to supply if such a plethora as the present were met by a general sending home of the National Bank notes for redemption. During the summer months the country needs less currency by twenty or thirty millions to do its work. The banks which issue this superfluous currency ought therefore to redeem it and put it out again in the fall when it will be wanted for the exigencies of business. Such a spontaneous and self-regulating method of giving elasticity to the currency, is the great want of our national banking system, and it must inevitably be ere long supplied.

—Closing quotations received by James T. Brady & Co.:

Gold, 148⅜; U. S. 6's, 1881's, 116⅜; 5-20's, 1862, 114¼; 5-20's, 1864, 110¾; 5-20's, 1865, 112½; 10-40's, 109; 5-20's, January and July, '65, 108⅝; 5-20's, January and July, '67 108⅜; '68, 108⅜; June 7-30's, par less ¼ July 7-30's, do ¼ August 118⅜; Sept. 118¼ Oct. 118; Union Pacific Railroad, 102; Central 103.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, August 7, 1868.

The market for Crude was very dull today and compared with yesterday, prices are a shade lower. For instance, spot Oil, which was held firmly yesterday at 14¼c, was, we are assured, offered to-day at 14c, without finding takers; and all the year, sellers option, which sold yesterday at 13c, was offered at 12¾c, without finding buyers. We can report 1,000 bbls for August at 14¼c; and 1,000 bbls for September, sellers option, at 14½c. At Oil City, the situation is without important change; we heard of offers to sell at $5.50 delivered on cars, without buyers.

REFINED—The market for Refined oil was also dull and weak to-day, and compared with yesterday, prices have declined fully half a cent. Sale of 500 bbls for August at 34½; and 500 October at 35; later in the day the last half of August sold at 34¼, against 34⅝, yesterday, and September, which sold yesterday at what was considered equal to 36, was offered to-day at 35, without finding takers. "Lines," which sold yesterday at 35 would not command above 34½ to-day; indeed, so far as could learn, the number of sellers were greatly in the preponderance, and the market presented quite a contrast compared with Thursday, when there was considerable excitement.

ARRIVALS—The arrivals of oil to-day were as follows:

A. B. Mills,	80	D. M. Edgerton,	240
Fisher & Bro.,	4,500	Leech & Wood,	160
Creery & Beau'nt,	480	Fleming & Co.,	280

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, August 7, 1868.

The general markets are moderately active, and some articles are firmer in consequence of scarcity; as a general thing, however, there is an ample supply of all the leading commodities to meet the wants of the local trade, and thus far there has been but little inquiry for export. Corn is considerably firmer in consequence of an expected "corner" in Chicago about the 15th inst., and prices are higher. In fact Grain of all kinds is firm though with the exception above noted, there is no change in prices.

BUTTER—There is a steady demand and we can report regular sales at 30 to 35c, for good to prime.

EGGS—Dull but unchanged; we continue to quote at 19a20c.

HAY—Sales at the Allegheny Diamond market of 82 loads at $17 to $30 per ton, according to quality. Straw was quoted at $25,00.

MILL FEED—Sales of choice Middlings reported at $2,40; and Seconds at $1,60.

GREEN APPLES—In steady demand but unchanged at $3,50 to $5,50 per bbl as to quality.

POTATOES—In good supply, and dull, but unchanged; we continue to quote at $3,00 to $3,50 per bbl.

GRAIN—There is considerably activity in Wheat, and we can report a sale of 11 car loads new Winter, to go out of the market, on private terms. Prime Red may be quoted at $2,10 to $2,15; and White at $2,20 to $2,25. Corn is considerably excited, and prices are higher; sale of 1 car Ear at $1,10; and 1 car mixed at same figure; strictly prime Yellow is held at $1,15—an advance of 5 cts per bushel. Old Oats are being sold at 82 to 83 in elevator, and 84 to 85 in store; New crop may be quoted at 60 to 62. Old Rye is in demand at $1,45 to $1,50, and little or none to be had. New Rye is in demand at $1,25. Nothing doing in Barley as yet.

SEEDS—Flax seed is in demand at $2; it will bring the same figure in Cincinnati. There appears to be no demand for either Timothy or Clover Seeds.

PROVISIONS—There is a continued good demand for Bacon at 13¾ to 14 for Shoulders; 16½ to 18½ for Ribbed and Clear Sides, and 21½ to 22 for Sugar Cured Hams. Mess Pork has advanced to $30. Lard is firm at 19½. Dried Beef unchanged at 21¾.

LARD OIL—Is firm but unchanged at $1,15 for No. 2 and $1,40 for No. 1.

SALT—Is reported dull at $1,75 to $1,80 to the trade and $2 for small lots in store.

FLOUR—The Flour market is firmer though there does not seem to be any decided improvement in demand. There are so many different grades of Flour in market that it is almost impossible to quote correctly, and besides there are no established prices. Spring Wheat brands range all the way from $10 to $11; and Winter Wheat may be quoted at $10,75 to $11,50. Rye Flour, $9,25 to $9,50, for Choice. The following are the Pearl Mill prices for fresh ground articles, which quotations are the same for all our mills, viz: Double extra, wholesale in barrels, $11, and retail $11,50; wholesale in sacks by the barrel, $10,70, and retail per singly sack, $2,85; extra family flour, wholesale in barrels, $10,50, and retail $11; wholesale in sacks by the barrel, $10,20, and retail $2,70 per sack.

PITTSBURGH METAL MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, August 7, 1868.

The metal market has been considerably excited this week, and with a brisk demand and an unusually light supply prices have advanced about two dollars per ton. The demand it seems is not confined to Pittsburgh alone, as we understand that there are inquiries from Cleveland, Buffalo and other points abroad, and it is said that the sales would have been larger had it not been for a scarcity of stock. We understand that out of some thirty-two or three furnaces in Westerm Ohio, all but two or three are out of blast, and this accounts for the very meagre arrivals from that section.
