ALLEGHENY CATTLE MARKET. OFFICE OF THE PITTSBURGH GAZETTE. Monday, August 10, 1868.

CATTLE. Since the advent of the Cattle plague into the East Liberty Yards, there has been considerable of a panic in the stock business, and for a time the consequences it were feared. Under the influence of the prompt measures, that were taken by the proper authorities, and the efficient man-ner in which these measures have been put into execution, the crisis seems to have been passed, and little or no danger is now apprehended. If this disease is contage-

er to remark that at no time this season was there sounder or more healthy looking, than those on sale to day. This week the butchers did not buy more than half the number they usually buy, but this was owing to the fact that they do not for a week or two expect to sell more than half the usual amount of meat; and right here we may remark that no market in this or any other country, is supplied with better stock than this Allegheny market; and our butchers and drovers, with some exceptions butchers and drovers, with some exceptions of course, are about as highminded and honorable class of men as are to be found

honorable class of men as are to be found anywhere. Since the excitement in regard to the diseased catte, no men have done more towards establishing measures to prevent its spreading, and both drovers and butchers will for some time be very cautious in regard to the kind of stock that will be brought in to this market. We do not mean to say that there are not butchers who would not, if the opportunity offered, expose unsound meat for sale, but these will be watched, and besides our people should give these fellows a wide borth.

As will be seen by reference to the report of sales, prime to extra retailing cattle sold at from 7,50 to 7,75, and good butchers cattle at 6,50 to 7. There is but very little inquiry for stock cattle, nor ist likely that there will be for some time to come.

in the aggregate against very nearly one thousand head last week, and the market, taking all in all was if anything better than was generally expected.

SHEEP AND LAMES.
The impression seems to have gone abroad that the butchers had well nigh stopped buying cattle, and as a natural consequence, it was natural to inter that there would be a largely increased demand for mutton. Now all the sheep men appear to have got this in their heads about the same time, and as a result, nearly every place about the yards were filled with sheep and lambs; it is thought there must have been over three thousand on sale, some placed the number as high as thirty-five hun-dred, and as a consequence the market particularly for common, and inferior grades, was about as hard as it has been any time this season. Some few strictly prime sheep sold at an advance early in the day, but taking the market in a general way, prices were not up to those of last week. We quote at 5 to 5,50 cts per pound for prime to extra and from that down to week. We quote at 5 to 5,50 cts per pound for prime to extra, and from that down to almost nothing for common, and inferior. We quote the following sales:

Flenner & Sheitemanitle, 320 head sheep and lambs at \$1,00 to \$2,25.

Rynn had 175 head of sheep which he thought would average \$2.75 new bond.

thought would average \$2,75 per head. Emmell, Fowler & Walters, 400 head; sold sheep at \$1 to \$3 and lambs at \$1 to \$2,25.

Adam Eckert, 138 lambs at \$1,50 to \$3,50.

Bannon sold 189 head sheep and lambs for Allen, at an average of \$2,50 for the former and \$2 for the latter.

Stokely & Bro. sold 146 head sheep at \$1,50 to \$3 nor head to 83 per head. Tidball had 100 head lambs for which he

'anted \$2.50 per head. Elliot sold 28 sheeep at \$1.75; Beeler wholesaled 70 head at \$2 to \$2,50 Deter wholesated vo nead at \$2 to \$2,50 for sheep and \$1,00 to 1,75 for lambs.
Chambers reports 98head Lawgence County sheep at \$2 to \$3,50 and lambs at \$1,30.
Clark sold at \$2 to \$4 for sheep and \$1,25 for lambs.

for lambs.
Seymour reports 170 head sheep at an average of \$2,75 per head.
A M Wick 100 sheep at \$1 to 250.
M Millan & Ker wholesaled 50 head of prime sheep at \$4,90.
J F Neely 85 lambs at 75 to \$3,50 and sheep at \$2,25 to 3,25 per head.
Charles Metz sold 110 lambs for Hopkins at \$1,25 to \$2,25.

\$1,25 to \$2,25. M Verner sold 35 head prime fat sheep at

5 cts. Emerick & Co sold 50 head of prime to ex tra at 51/2 to 6 cts and 50 common at \$2,75 to \$3 per head. Trauerman & Lobman sold 50 head prime to extra at 5 to 51/2.

The demand is improving somewhat as the weather becomes cooler, though it is still very light. We quote in a retail way at 9% to 10% as to quality and condition. Emerick & Co. bought 14 head at 9% and 18 at 834.

PITTSBURGH PETROLEUM MARKET. Oppice of the Pittburgh Gazettee,

MONDAY August 10, 1868. CRUDE—The Crude market continues quiet and without quotable change; we can report a sale of 1,000 each from September to December, sellers option, at 14; 500 bbls on cars at Venango City at \$5,50; and 500 at Oil City at \$5,40. We could hear of no sales of spot oil and the nominal price is 14 cts with 131/2 to 133/2 bid; all the year, seller's option, may be quoted at 121/2, in the REFINED—The market for Refined oil is

also quiet and unchanged; sale of 500 bbls for August at 3414; September is nominal at 8414; and "lines" may be quoted at the 84)4; and "lines" may be quoted at the same figure. The market seems to have lost the life and bouvancy which prevailed some weeks since; how long it will contin-ue in its present condition it is difficult to conjecture.

OIL SHIPPED EAST BY A. V. R. R. Lockhart Frew & Co., 319 refined, to Warden Frew & Co., Philadelphia. been passed, and little or no danger is now apprehended. If this disease is contageous, (and opinions are very conflicting on this point) and had have got a chance to spread over the country, carrying death wherever it went, the consequences that would have resulted there from, would have been very serious, not only to the farmer and those engaged in the stock business, but to the country at large. We have great reason, therefore, to be thankful that the indications now are that the disease has spent itself, and that there has not been a single case outside of those among which it first made its appearance.

As was to be expected there was a light supply of cattle on sale in the Allegheny market to-day, though the supply nevertheless was fully up to the demand, and the market, was a dull one, and, with the exception of really prime fat cattle, prices compared with last week ruled lower. The great majority of the cattle on sale were from Pennsylvania and Ohio, one or two loads only from Chicago, and it is but proper to remark that at no time this season was there sounder or more healthy looking, than those on sale to day. New York Dry Goods Market. By Telegraph to the Pittsburgh Gasette New Yerk, August 10.—Woolen goods improved in request, but only very fine qualities in approved styles command good prices. Most woolen goods are generally selling at relatively low rates, notwith standing the great wearing on gold Onstanding the great premium on gold. One house alone sold \$100,000 worth of woolen house alone sold \$100,000 worth of woolen goods from early morning till two o'clook this afternoon, but at low rates. In cotton fabrics the trade is not as animated yet as is the woolen, still there is a fair business doing and prices are generally firm. The Gloucester prints advanced to day to 140, which is the only change of moment noticeable.
