FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, August 11, 1868.

—The New York Stock quotations to-day as received by Mr. Ph. R. Mertz, were as follows: Gold 140¼; 1881's, 115¼; 5-20's, 1852, 111½; do 1864, 110¾; do 1865, 112⅝; do new, 108¾; do 1867, 109; 10-40's, 109¼; Cleveland & Pittsburgh 87¾; Fort Wayne, 109½; Western Union Telegraph 34½; Adams Express, 52½; Erie, 57¾.

—From statistics of the Petroleum trade, just prepared, we learn that the total production of Refined Oil in the Pennsylvania Oil region, and the possitive production of it from the amounts of Crude Oil that have reached the refineries at New York, Cleveland, Pittsburgh, Boston, Philadelphia and Baltimore, and other points, from January 1st to July 1st, was 1,275,582 barrels of 45 gallons each. From the same statistics we learn that the total amount of Crude and Refined Petroleum produced in and shipped from the Oil regions of Pennsylvania, as shown by the current statistics during the last six months, was 2,832,767 barrels.

—The public debt statement shows that the Treasury held August 1, 83½ millions in coin, and the receipts have since been at least 3½ millions more, making 87 millions now in the Treasury, of which about 65 millions belongs to the Government. As the current receipts for customs will, in all probability, exceed the payments to be made for interest in September and November, the coin balance in the Treasury will be increasing until January 1, 1869. This is a decidedly favorable showing for the bear side of the gold question. Even if the Secretary does not sell gold, the accumulation in the Treasury, showing his ability to do so at any moment, will hold speculators for a rise in check. The purchase money for Alaska will probably be remitted in coin—in fact one million of the amount was shipped on Saturday; but as the receipts from customs average over half a million per day, there will be no depletion of the amount in the Treasury if there is not over three millions sent out per week, and there probably will not be over one-third of this amount. As the estimate of the amount of gold in the Treasury belonging to the Government has been from thirty-seven to forty-five millions, it would seem impossible for the bulls to sustain the market long under the information contained in the debt statement.

—Closing quotations received by James T. Brady & Co.:

Gold, 147; U. S. 6's, 1881's, 115¾; 5-20's, 1862, 114¾; 5-20's, 1864, 110½; 5-20's, 1865, 112½; 10-40's, 109½; 5-20's, January and July, '65, 108¾; 5-20's, January and July, '67 108; '68, 109½; June 7-30's, par less ¼ July 7-30's. do ¼ August 118¾; Sept. 118¼ Oct. 118; Union Pacific Railroad, 102; Central 103.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, August 11, 1868.

The general theme of conversation in commercial circles is in regard to the crops, and the views put forward, both *pro* and *con*, are very conflicting. It begins to look now as if the yield of Wheat is large, considerably larger than for several years, probably not so good in quality in some localities, and as a consequence it is altogether likely that both Wheat and Flour will rule lower. The stock of Grain in the Western markets, particularly Wheat, is unusually large, and with big receipts and only a moderate demand for export, it does look as if the bottom had not been touched, however unpleasant it may be for parties who have staked their all on an upward movement, to contemplate. It is to be hoped for the general good of the country, that Breadstuffs will rule lower, and that the day will soon come when it will not take all a laboring man can make in a week to buy a barrel of Flour.

BUTTER—The market is dull and under the influence of increased arrivals and a diminished demand, prices are tending downward; 30 to 33 for prime to choice.

EGGS—Exceedingly dull with a supply largely in excess of the demand; we now quote at 16 to 18.

CHEESE—Is reported quiet but steady at 14 to 15 for Western Reserve and Hamburg 16 to 17 for Factory; and 19 to 20 for Sweitzer.

HAY—Is coming in pretty freely and the market is dull and drooping; Sales at Allegheny dimond market of 84 loads at $20 to $28. Straw sold at $18, which also is a decline.

GRAIN—Wheat is coming in quite freely mainly consigned to the mills; the market, however, is quiet and unchanged at $2,10 for prime Red and $2.15 to $2,20 for prime White. Corn is hardly as firm as it was a day or two since and the demand is light; we quote at $1,10 to $1,12 for prime Yellow. We can report sales in lots of about 1,200 bushels old Oats, in elevator, at 82; New crop may be quoted at 70 to 72. Rye is quiet and nominally unchanged, at $1,50 for old and $1,25 for new. We have not heard of a single transaction in Barley this season, as yet, and as a consequence there are no prices established.

GREEN APPLES—In steady demand, and we can report regular sales at $3,50 to $5,50 per bbl.

POTATOES—Continue exceedingly dull and prices are nominal at $3 to $3,25 per barrel.

SALT—Is dull and nominally unchanged at $1,75 to $1,80 to the trade and $2 for small lots in store.

PROVISIONS—Bacon is in steady demand and firm at 13¾ to 14 for Shoulders; 16½ to 18¼ for Ribbed and Clear Sides, and 21¼ to 22 for Sugar Cured Hams. Lard 19½ for kettle rendered. Dried Beef 21¼. Mess Pork $30.

LARD OIL—Is firm but unchanged at $1,15 for No 2 and $1,40 for not.

FLOUR—Is quiet and dull but unchanged. We continue to quote at $10,50 to $11 for Spring wheat; $10,75@11,50 for Winter wheat and $9,25 to $9,50 for Rye Flour. Mill prices unchanged.

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, August 11, 1868.

CRUDE—The crude market continues quiet and dull, with but very little doing and no material change in prices. We can report 1000 bbls on spot at 14, 1000 for, August, seller, at 14 and 1000 for September, seller, at 14 and 1000 for October seller, at 14 making a total of four thousand barrels, which, comparatively speaking, is a very light days business. Notwithstanding there is but little doing, the market is steady and prices are pretty well sustained fourteen cents having been the ruling price for some days. At Oil City business is also very light, tho ugh there, as here, prices remain unchanged.

REFINED—The Refined market is also dull and neglected with but little doing, and prices seem to be receding slightly. For instance, August sold to-day at 34 for first and 34¼ for last half, 1,500 bbls in all, and this we may remark were the only sales reported. September, in the absence of sales, may be quoted at 34½ to 34¼; while the demand both for present and future delivery seems to have fallen off very materially, there is but little oil offering, as the most of our refiners are well sold up and many of them for sixty and even ninety days ahead. Were it not for this, the market would doubtless have broken before this, as in its present condition it would not stand up long if any considerable amount of oil was thrown upon the market.

ARRIVALS—The following are the arrivals of oil to-day:
