The Nittsburgh Gazette.

FINANCE AND TRADE OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, August 14, 1868. The market in gold fluctuated violently to-day, the opening quotations being 148 strong with an upward tendency, but soon the market yielded to 147% again selling up to 147% to 148, but drooping suddenly to 147% and closing at 146% dull. The cause The market in gold fluctuated violently 14714 and closing at 14634 dull. The cause ssigned for the sudden firmness and rise were rumers of war in Europe, but more the failure of D. C. Fisk a special partner of the firm of Rodman Fisk & Co., he being short several millions of gold at 146, and in order to force him to buy at high rates, the speculative Banker of Wall street and his clique raised the market on him. The clique has an immense amount of contracts in gold outstanding, but their line begins at 130½ to 147½; they can yet average about 142 and perhaps less, so they are perfectly safe. The rise was assisted by racts in gold outstanding, but their line perfectly safe. The rise was assisted by The Pearl and other City Mills are doing a the World whose financial Editor no doubt reaps a good benefit of his bull articles, but recently the Times changed from bear to bull and ioined in the attempt to run up the bull and joined in the attempt to run up the premium. The world has always been on the bull side ever since gold touched 133 and has petsistently followed up argument by arguments so plausible, that even the head of the national finances must have been convinced that his Fort Wayne speech

and all his other predictions were uttered for political bunkum. and decidedly lower, and without doubt are by two or three per cent. too high yet. Large lots are held yet on speculation for a rise, but a sudden decline of the stock market will carry them down several per cent. The more conservative speculators are anxiously wishing for a general break of the stock market, and as soon as the wrecks are cleared away speculation in Governments will take the place of Railroad shares. But no speculator of any good judgment will buy bonds at present prices, and before capitalists will take hold of bonds-the market will have to break

first. The great 'feature of the stock market was the decline of Erie stock from 571/4 to 53%, the balance of the market was but little offered, but Monday may witness a decline still greater than the fall of February,

Express stocks are lower but firm. Money easy at 8 to 4 per cent. on call, and from 8 to 10 per cent, for first-class two months paper. Business dull and quiet. -The New York Stock quotations to-day s received by Mr. Ph. R. Mertz, were as Stocks, Bonds and other Securities follows: Gold 146%; 1881's, 115%; 5-20's, 1852, 114%; do 1864, 109%; do 1865, 112; do new, 108%; do 1867, 107%; 10-40's, 108%; Cleveland & Pittsburgh 86%; Fort Wayne, 108; Western Union Telegraph 831/4; Adams Express, 52; Erie, 53%.

PITTSBURGH METAL MARKET. OFFICE OF THE PITTSBURGH GAZETTE. FRIDAY, August 14, 1868. The buoyancy noted in our last report of the crude iron market has been well sustained, the supply of many leading brands of standard forge irons having become exhausted. The sales for the current week have been very much restricted below the demand. It is estimated that stocks of all kinds of raw irons remaining in commission hands in this market to-day does not

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, August 14, 1868. The general markets are somewhat more active, and there seems to be a general imression that an improvement in business near at hand. The only drawback now is the uncertainty in regard to values, and particularly is this the case in Flour and Grain. Opinions are conflicting in this respect; some think that prices are entirely too much inflated, and, as a consequence. are not disposed to do much as yet; while others are inclined to believe that the crops have not or will not turn out as well as expected, and these instead of a decline, anticipated an advance. Wheat in nearly all of the leading markets, both East and West, has been and is still dull and weak with a drooping tendency, and, as a matter of course, Flour follows the track of

BUTTER-Is coming in quite freely and BUTTER—is coming in quite freely and the market is less active, though prices are unchanged at 30c to 33c, for good to prime. EGGS—Continue very dull, with a supply largely in excess of the demand; we now quote at 16c to 18c.

CHEESE—Is steady but unchanged at 16c to 15c for Western Reserve and Hamburg; 16c to 17c for Factory; and 20c for Sweitzer.

HAY—Sales in Allegheny Diamond mar-ket of 79 loads at \$20 to \$28, as to quality. Straw sold at \$17,50.
GREEN APPLES—Are coming in pretty

freely, though the demand as yet seems to keep up with the supply and prices are maintained at \$3,50 to \$5 per bbl, as to quality.
PEACHES—Are being sold at \$4 to \$5

er box. POTATOES—Quiet and unchanged at \$8 o \$3,50 per bbl. GRAIN—Wheat is coming in more freely GRAIN—Wheat is coming in more freely although the great proportion of the receipts are consigned to the mills; we continue to quote prime Red at \$2,10 to \$2,15, and White at \$2,15 to \$2,20. We are cognizant of a round lot of Ohio Red having been sold at \$2,10, to arrive; dealers generally are looking for a decline. Corn is in fair demand, and we can report several sales of prime Yellow at \$1,12. New eats sold to-day at 65, and even at this figure the demand does not seem to be brisk. Old oats scarce with sales in store at 83 to 85. Sales of New Rye at \$1,25 to \$1,35. We 85. Sales of New Rve at \$1,25 to \$1,35. - We

and we cannot give quotations. No move ment in Clover.

SALT—Is quiet and unchanged at \$1,75 to \$1,80 to the trade, and \$2 in a retail way. PROVISIONS—Bacon is firm with a steady demand at 14 for Shoulders; 1614 to 1634 for Ribbed, and 1834 to 1834 for Clear Sides, and 22 to 221 for Sugar Cured Hams. Lard 193, and Mess Pork \$30 to \$30,50. LARD OIL—Is firm but unchanged at \$1,15 for No. 2, and \$1,45 for No. 1. FOUR—There is a fair consumptive de-

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBUGH GAZETTE FRIDAY, August 14, 1868. CRUDE-The crude market was exceedingly panicky to-day, which was occamainly by a very strong desire on the part of some Oil City parties to sell, and Government bonds are exceedingly dull to do this they were obliged to make concessions. We have but a single sale to record, seven car loads at \$5,10, delivered on board cars at Venango City. Subsequently there were other offers to sell at the same figure, but towards the close there were no buyers here above \$5, and even at that, the demand did not appear to be very urgent. \$5,10 at Venango City is considered equivalent to 13½ c delivered here, (allowing 42 gallons to the barrel) which is a decline of a quar-ter to a half cent within the last day or two. REFINED—The market for Refined, in sympathy with crude, was also irregular and panicky, and a decline of about half a eent took place during the day. There was a sale of 500 bbls for the last of August at 33c, but later in the day the same delivery was offered at 32½c, and it was thought it could have been bought at 32½c. Spot oil was offered at 32½c to 32½c, but there were no hypers above 32. It is difficult to was oneed at 32% to 32%, but there were no buyers above 32c. It is difficult to account for the panicky feeling which has prevailed for the last, two or three days, as we have heard of no late strkes or important increase in the production, (that is within the time above mentioned) and the foreign markets have undergone no material change. Some are disposed to regard it as a bear movement; gotten up specially for the occasion, while others think it nothing more nor less than one of the peculiar freaks of the trade.
