It is just what every farmer and dairyman has been looking for, and now that it is within reach of all, it is not to be wondered at that the Hydraulic Cow Milker has created a grand field of enterprise er has created a grand field of enterprise for go-ahead men who are desirous of realizing a lucrative business on a moderate capital. Most Bitters of the present day that are loudly puffed through the newspapers as having great curative properties are vile compounds and base impositions, containing a production of the present day that are ing no medicinal virtues whatever, and are really very poor whisky beverages, and, instead of acting as a stimulant and tonic, instead of acting as a stimulant and tonic, have a tendency to weaken the stomach by entirely destroying the crating. The public should therefore be very cautious and purchase none but Roback's Stomach Bitters, which have stood the test as a remedial agent for many years, and are really as their name indicates, a stomach bitters and not a beverage. They combine the properties of the best tonic and a stimulant—as laxative, an efficient and anti-bilious agent and when taken in conjunction with Roback's Blood Pills, are the safest and surest preventive against all bilious derangements, thoroughly regulating the whole system and giving tone to the digestive organs. They are highly recommended as an invigorating tonic to mothers while nursing, mereasing the flow of milk; and for convaluating the flow of milk; and for convaluation instead of acting as a stimulant and tonic, have a tendency to weaken the stomach by entirely destroying the coating. The public should therefore be very cautious and purchase none but Roback's Stomach Bitters, which have stood the test as a remedial agent for many years, and are really as their name indicates, a stomach bitters and not a beverage. They combine the properties of the best tonic and a stimulant—a laxative, an efficient and anti-bilious agent and the best stomachle known to the world,

The Late Thaddeus Stevens-Address from Gov. Geary. The Governor has just issued an address to the people of Pennsylvania, embodying

an order as follows: EXECUTIVE CHAMBER, HARRISBURG, Aug. 14, 1868.—To the People of Pennsyl-ranta: The death of the oldest member of he Pennsylvania delegation in Congress, Thaddeus Stevens, is an event which to-day shrouds the Commonwealth in gloom. Though not a native of the State, Thaddeus Stevens' most earnest efforts were always devoted to its interests and glory, and his name will ever be associated with all that

is great in the progress of the last quarter of a century, as well as all that pertains to statesmanship in the struggle to preserve and perpetuate the American Union.

The people of Pennsylvania owe to the statesmanship of Thaddeus Steenlarged vens the initiation of a system of public improvements, which has since developed the vast resources of the State and rendered its prosperity a subject of wonder and admiration. To his wisdom and liberality we are indebted for our present magnificent system of free school education, by which the children of the poor are enabled to reach a degree of cultivation beyord which the

wealthiest and most favored of other lands cannot go.

As a member of the Convention which re-

munificent charities, will never dic. It will survive the recollection of man, and forever live in the records of our courts, our State and National Legislatures; in the history of our country, to which he was so ardently attached, and in the hearts of his countrymen, whom he so immortally honored and so faithfully served.

It is directed that all the departments of the State Government be closed after twelve o'clock on Monday next; that the National flag be displayed at nalf-mast at the same time on all the public buildings of the State.
