FINANCE AND TRADE

phia markets are bare of bonds, and the ment of the financial question in the same hands that made the debt, will advance our securities both at home and abroad.

The same paper also says: It is no secret that that the managers of that bankrupt concern, the Atlantac and Great Westeru. road are on their way here from London and will endeavor to saddle the concern upon the Erie Railway Company by purchase if possible, put most probably by by leasing them the road. The affairs of the Great Western are in a deplorable condition and its earnings show a continued heavy decline, and it has no look for any improvement. The bondholders are endeavoring to fund the overdue interest and get the property into their posession again, and will recognize the Company, and make the Hon. H. G. Stebbins of this city President, and an endeavor will be made to galvanize the thing into speculative activity. The property is not worth to the Erie Company 50 cents on the dollar of its present ponded debt and stook, and any trade made for the property of anything above that rate would be a loosing one for the road to add to its already over-abundant stock and lease. our securities both at home and abroad.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, September 4, 1868. general markets are quiet but steady, with a slightly improved demand for some articles in consequence of a temporary scarcity; we can report an increased volume of business, in the aggregate. The weather continues wet and unfavorable for out-door operations, though it is greatly needed; new sown grain wanted rain badly, and a resumption of navigation is anxiously looked for, and would help busi-

ness here very much. APPLES—In good supply and dull but inchanged, ranging from \$2 to \$3,50 per obl, as to quality. POTATOES—The receipts are increasing, but, as yet, prices are maintained, \$3,50 to \$3,75 per bbl. Jersey Sweets, \$5,50 to \$7

BUTTER—Is in fair demand, and we can report regular sales of prime to choice at 25 to 37c. EGGS—A shade firmer, under the influence of diminished receipts, and we now quote fresh packed at 18 to 19c.

CHEESE—Is unchanged at 14 to 15c for Western Reserve and Hamburg; 16 to 17 for Factory 18 for Goshen and 19 to 20 for Sweitzer.

MILL FEED-Sale of 1 car Middlings at \$2, and another at \$2,10. The milis continue to quote at \$1 for Screenings; \$1,10 for Bran; \$1,50 for Shipstuffs, and \$2,20 for Middlings.

HAY—Baled and Loose Hay is selling at from \$20 to \$30, as to quality, and the market is firm, with limited receipts.

LARD OIL—Is firm but unchanged at \$1,20 for No. 2, and \$1,50 for No. 1.

PROVISIONS—Bacon is in steady demandat 14½c to 14½c for Shoulders; 16½ to 16½c for Ribbed, and 18½c to 18¾ for Clear Sides, and 22 to 22½ for Sugar Cured Hams. Lard is quoted at 19½ to 20c in tierces; and 21 to 21½, in kers. Mess for Bran; \$1,50 for Shipstuffs, and \$2,20 for

gar cured rains. Lard is duoted at 10.2 to 20c in tierces; and 21 to 21½, in kegs. Mess Pork \$30,50 to \$31,50.

GRAIN—Wheat is unchanged at \$2,10 to \$2,12 for prime Red, and 3 to 5c higher for White. Oats firmer and higher; we heard of 3 car loads having been sold at 65c, so that the store price may now be given at 65 to 70c. Corn is quiet and unchanged; sales of mixed at \$1,10 to \$1,12, and prime Yellow at \$1,15. Sale af 1 car No. 2 Canada Barley at \$1,90; prime No. 1 may be quoted strong at \$2. Rva is unchanged at \$1.40

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, September 4, 1868.

—Money continues abundant in New York at 3 to 4 per cent., and banks and bankers have great difficulty in placing their funds. The amount of loanable capital continues largely in excess of the needs of borrowers on call. Commercial paper is wanted and first-class names pass at 6 to 7 per cent. At the close of business on Wednesday large blocks of money were offered at 3 per cent. without takers.

—The New York Tribunc, of Thursday: in referring to Government bonds, says, The investment to-day has been heavier than for three months, and large amounts have been bought by banks and savings institutions. The dealings were fully \$5,000,000, and well distributed on the list. Heavy sales were made early in the day to break the market for political effect, but without producing any result except to further increase the present enormous short interest. The Boston and Philadel-phila markets are bare of bonds, and the dealers in the latter city are fully two mil-

phia markets are bare of bonds, and the dealers in the latter city are fully two millions short. The amount of bonds already engaged for Frankfort for Saturday's steamer is over one million, all of them of the new issues, and of the amount \$300,006 are in 67's, which are now the cheapest bond on the market and the favorite with the German bankers. The large amount of bonds now being taken from the street will have a marked effect upon the dealings in the street, and with the feeling that now obtains, that the public faith will be kept with the public creditors, and that the election of Grant will leave the settlement of the financial question in the same and 2000 to be delivered between September OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, September 4, 1868. and 2000 to be delivered between September 15th and October 15th, sellers option, at 121/4. There did not seem to be as much oil offering as on Thursday, and so far as we could discern, the demand was not quite so active and as already noted, prices have under-

gone no quotable change. The market for Refined was also rather quiet to-day, but as in the case of Crude, prices remain unchanged. We can report 500 bbls, on spot, at 30½c; 500 each September and October at 31½c. The subject of production is again being agitated considerably, and as on this hinges the future course of the trade, it is a very important matter. The production at Pleasantville is now in dispute, many who are usually well posted contending that it has been considerably over-estimated, while others, equally as well informed claim that it is yielding all that is claimed for it.

—Since the above was put in type, we REFINED.

Since the above was put in type, we can report 500 each October to March at 291/2c, and 2,000 bbls Benzole, last half October, seller, at 14c. RECEIPTS CRUDE OIL. Lockhart & F.... 1560 Standard Ref. Co 160
