The Pittsburgh Gazette.

FINANCE AND TRADE,

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, September 11, 1868.

The gold market is rather dull and drooping. The clique formed last week, when the market was sold down to 144⅝, sold out yesterday, and, consequently, the rates declined. A large amount of cotton is now under way to New York and Liverpool, which gives a plentiful supply of exchange, the tightening up of the money market to remove the large western crops may further influence the premium on gold, and tend to bring down quotations.

Government bonds were strong to-day, but the fall in gold tended to keep down prices; the next week is likely to witness a reaction unless the large shorts begin to cover; a close money market will prevent any further rise in the absence of any investment demand.

The stock market has a drooping tendency although the clique stocks like Nroth Western Common and preferred, and St. Paul and Toledo shares are strong. The street and outsiders are all operating in one direction; selling short whilst the sharp brokers are not selling except what they have covered by contracts, some strong reaction may be looked for during the coming week.

Express shares are dull and nearly unchanged.

Money more stringent and business dull.

Closing quotations as received by Ph. R. Mertz: Gold, 144¼; Eighty-one's, 113¾; Five Twenties, 1862, 113⅞; do, 1864, 109¾; do, 1865, 111¼; do, 1865, new, 108¾; do, 1867, 108⅞; do, 1868, 108¾; Ten Forties, 104½. Railroads—Cleveland & Pittsburgh, 85¾; Pittsburgh, Fort Wayne & Chicago, 107½; Chicago & Rock Island, 100¾; Chicago & North Western, 86¾; do Preferred, 86¾; Michigan Southern, 83¾; Reading, 89¾; Erie, 46¼; New York Central, 123¾; Ohio & Mississippi Certificates, 28½; Western Union Telegraph Co., 34½; Adams Express Co., 48¾; Merchants Union, 22¾. Mining shares—Gregory, 4,00; Corydon, 20; Quartz Hill, 93; Smith & Parnalee, 4,25; Quicksilver, 20.

—The debt statement of the 1st instant shows that gold has accumulated in the Treasury, since August 1, to the extent of $9,160,983, raising the total to $92,570,901, of which the Treasury is in the ownership, after providing for the gold certificates of deposits, of above $67,500,000. The sum has been increased, since the statement, a million and a half of dollars or more, by the customs received at New York, over the Ten-Forty gold interest paid out.

—Speaking of the market the Chicago *Tribune* of Thursday says; There was a good attendance on Change to-day, and a little more business transacted, though the day was quiet for the season, and prices ruled uniformly lower on the leading Grains, with a general dull feeling. The scarcity of vessels now in port has made owners stiff in their views, and shippers are holding off for lower rates, which they believe must come within a day or two, as a large fleet of vessels is known to be on the way to this port, and the competition will necessarily bring down the tariff. Only those holding Grain in storage date on which is running out, felt like chartering to-day for this reason, and they were very small, while the number of those was still smaller who desired to increase the stock on hand by further purchases to-day, and the markets were left almost entirely in the hands of speculators, who were far from possessing faith enough to keep it up. There was another reson for abstinence from buying—the belief that the bottom has not yet been reached—a belief apparently warranted by the fact that we have a rich harvest, while prices are of the "scarcity" brand, and are not high enough in New York to give extensive shipments a prospect of profit. The arrivals of Grain were lighter to-day, but were more than counterbalanced by the very light shipments reported, and the full receipts already on track for to-morrow's bulletin. The prospects are not diminished for heavy receipts in the future, and the chances are that they will be as large for some time to come as is allowed by the carrying capacities of the great feeding lines to Chicago.

—Closing quotations received by James T. Brady & Co.: Gold, 144½; United States Sixes, 1881's, 114¼; 5-20's, 1862, 113¾; 5-20's, 1864, 109¾; 5-20's, 1865, 111¼; 10-40's, 104¾; 5-20's, January and July, '65, 108¾; 5-20's, January and July, '67 108¾; '68, 108¾; June 7-30's, par less ¼; July 7-30's, do ¼; August 119; Sept., 119; Oct. 118¼; Union Pacific Railroad, 102; Central, 103.

Flour and Grain in Store in Chicago.

	Sept. 5, 1868.	Aug. 29, 1868.	Sept. 5, 1867.
Flour	112,718	84,835	81,615
Wheat	471,078	516,937	278,509
Corn	838,556	962,280	528,161
Oats	594,179	807,415	164,643
Rye	217,546	160,683	91,960
Barley	160,889	106,828	125,106

Showing an increase during the week on flour, rye and barley, and a decrease on wheat, corn and oats.

St. Louis Cattle Market.

(By Telegraph to the Pittsburgh Gazette.)

ST. LOUIS, Sept. 12.—Cattle—receipts and offerings large and business fair at 3a6c gross.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, September 11, 1868.

The general markets are quiet and a little dull, and devoid of any new or important features worthy of special notice. Now, that navigation has been resumed, however, we may look for an improvement in general business, particularly in iron, coal and Pittsburgh manufacturers generally.

BUTTER—Is steady but unchanged, with regular sales at 37 to 40c, for prime to choice.

EGGS—May be quoted firm at 22c, and scarce.

CHEESE—Unchanged at 14 to 15c for Western Reserve and Hamburg; 17 to 18c for Factory and Goshen, and 20c for Sweitzer.

APPLES—Are in rather better supply, although the arrivals continue light. We continue to quote at $3 to $4 per bbl.

POTATOES—Unchanged at $1,20 per bushel, and $3,50 per bbl. Sweet Potatoes—none in market.

SEEDS—Small sales of Timothy seed at $3,25 to the trade, and $3,50 to $3,75, in a retail way. Flaxseed—little or none in market, and may be quoted nominally at $2,25 to $2,30. Cloverseed is nominal at $7,50 to $8.

SALT—Is dull and nominally unchanged at $1,75 to $1,80, to the trade, and $2, in a small way.

WHISKY—Market quiet and unchanged. The following are the quotations: Common rectified per gallon $1,25; half rye and half corn per gallon $1,75; old Monongahela rye, two years old, per gallon $2,25; old Monongahela rye, three years old, per gallon, $3,50; highwines per gallon $1,35.

FEATHERS—Sales of live Geese Feathers reported at 90 to 92c.

HAY—Is unchanged, with sales from country wagons reported at $20 to $23 per ton, as to quality.

GRAIN—There is but little doing in Wheat and while the mills are well supplied, there seems to be little or none in the hands of dealers. We continue to quote Red Winter at $2,05 to $2,10 and 3 to 3 cents higher for White. Corn is in demand and higher; we can report 1 car at $1,14; 1 do do at $1,17; and 2 cars prime Yellow at $1,18. Rye is quiet and unchanged at $1,40. Oats steady with sales on track at 65 and 3 to 5 cents higher in store. Barley—none in market, and may be quoted at $1,90 to $2.00.

MILL FEED—Mill prices unchanged at $1,10 for Bran, $1,20 for Shipstuffs, and $2 for Middlings.

LARD OIL—Is unchanged, notwithstanding Lard has recently advanced. We continue to quote No. 2 at $1,20 and No. 1 at $1,50

PROVISIONS—Bacon is unchanged at 14½c to 14¼c for Shoulders; 16½ to 16¾c for Ribbed, and 18½c to 18¾ for Clear Sides, and 22 to 22½ for Sugar Cured Hams. Lard 20c for prime kettle rendered in tierces; and 21½ in kegs. Mess Pork $30,50 to $31.

FLOUR—The market is quiet and unchanged; Spring Wheat $9,50 to $10 for new and $10,25 to $10,50 for old. The "Pearl" and "City Mills" continue to quote at $10,50 for Extra Family in bbls and $10,-20 in sacks, and Double Extra at $11 in bbls and $10,70 in sacks. Rye Flour, $9.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, September 11, 1868.

CRUDE.

The market continues dull and weak, and it would seem that the bottom has not yet been touched. The sales were one thousand barrels, to be delivered on this water, at 11c; 1,000 for October at 11c, and 1,000 for November, at same figure. The above sales, compared with those of yesterday, show a decline of fully half a cent, and at the close, the demand, even at the reduction, was by no means brisk. The prospect of a bulk rise was flattering this evening, thirty-three inches, and rising at Oil City. It is not likely, however, that this will effect the market as formerly, for the reason that the Allegheny Valley Railroad is now delivering oil here about as cheap as it can be brought by boats. Before we were placed in railroad communication with Oil City, whenever there was a rise in the river, oil usually advanced at Oil City, and declined here; but this, to use a common expression, is now "played out."

REFINED.

The Refined market is also dull and weak, and prices continue to decline steadily. There was a sale of 500 bbls each for September and October at 30; and 500 bbls each, September to December at the same figure. Later in the day, spot oil was offered at 29 to 29¼, and the last half of September was quoted at 29½ to 29¾, and indeed these figures will apply for almost any delivery during the balance of the year. Our refiners, now that the eastern markets are dull and neglected, are beginning to turn their attention westward, and as navigation has been fairly resumed, it is probable that considerable oil will be shipped to western and southern markets, within the next two or three months. On cars here, standard white may be quoted at 26½ to 27.

Lockhart Frew & Co., 161 bbls benzole to Warden Frew & Co., Philadelphia.
H. W. C. Tweedle, 100 do lubricating to Secomb & Co., Philadelphia.

IRON AND NAILS.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, September 10, 1868.

At a meeting of manufacturers of Iron and Nails held on Thursday, nails were fixed at $5 per keg for from 10 to 6 pennys —¼ and 3 per cent. off for cash within ten days, in lots of 100 kegs and upwards. Iron, 3¼c, card rates, at sixty days—3 per cent. off for cash. This is really no advance, being the rates established last March. This action of the Convention, which was large, and represented by the entire west, was to affirm the March rates, which had not been maintained, and are not remunerative to the manufacturers, the disposition of the Convention being to maintain their trade at the manufacturing points, even at a loss. From present indications, higher prices for iron and nails are likely to prevail before long.
