AUGUSTA, ME., Sept. 15.-Returns from wo hundred and ninety-eight towns, embracing more than four-fifths of the entire vote of the State, give Chamberlain 63,148 and Pillsbury 44,650. The same towns last year gave Chamberlain 46,907 and Pillsbury 37,423. The Republican majority this year 18,493, last year 9,484. The towns yet to be heard from gave last year Chamberlain 11,184 and Pillsbury 8,204. Should the same ratio of relative increase be obtained in these, with those already reported, their yote would be Chamberlain 14,912 berlain would have 78,160 and Pillsbury 54,800, giving Chamberlain a majority of 21,360. It is not believed, however, that the towns to be heard from will maintain

the rates of increase exhibited in those that are reported. Judge Rice and other leading Democrats here claim 55,000 votes for Pillsbury, but concede the same relative increase to Chamberlain.

Mr. Blaine, Chairman of the Republican State Committee, has only claimed 20,000 majority, asserting that Chamberlain's vo e would go as far above 70,000 as Pills. bury's would exceed 50,000. Mr. Blaine's canvass of the State was most thorough
