Gov. GRANT has issued his writ directing the vacancy created by the death of Mr. D. A. FINNEY, M. C., for the XXth District of Pennsylvania, to be filled at the October election.

"Push the Debt and Taxation upon public attention," shouted Mr. SEYMOUR. Up in Maine his supporters obeyed the injunction.

It is an evidence of the extraordinary effort to be made by the Democracy to carry Pennsylvania in October that they are sending their ablest and most eminent representatives hither, to take part in the canvass.

PITTSBURGH has a well-earned reputation for the heartiness and grandeur of its large Republican demonstrations. This week it will surpass all its past demonstrations in that line.

SINCE 1863 conductors and engineers of railway trains have been liable to penal responsibility for accidents happening in consequence of running faster than the respective schedules prescribed.

NEBRASKA comes next; her election is to be held on the first Tuesday, the 6th of October, when Governor, State officers, Legislature and one Congressman are to be chosen.

THE KENTUCKY DEMOCRACY claim that, in the end, every dollar's worth of property destroyed in that State and in Maryland, during the war, will be paid.

PHOX information derived from intelligent and judicious friends residing in the different counties composing what is known as Western Pennsylvania, we are confident the Republican majority in October will at least fully equal the largest heretofore obtained.

THE DEMOCRATIC party has formally and completely committed itself to the principle of equal taxation of all property. None of their Conventions have yet specified the proper rate to be levied, but leading Democrats in Congress, having suggested two per cent. as the rate for bond-taxation, this is perhaps the figure intended to be applied to all property.

WE learn from the Nashville Press that there is only one district in Tennessee where the Democrats have the remotest chance of electing a Congressman.

THE TRIANGULAR contest for the Republican nomination for State Senator in the Bradford district has ended in the selection of Mr. PETER M. OSTERTHOFF, over Mr. GEORGE LANSON.

THE MASSACHUSETTS Democracy repudiate the financial planks of the New York platform. Their candidate for Governor, ADAM, says, in his published letter accepting the nomination, that, by these objectionable planks—

"The Democratic party appeared to commit themselves to an indefinite extension of the interfering policy of the Federal Government."

DEMOCRATIC LOVE OF DISLOYALTY. The framers of the Democratic National Platform manifested a deep concern, in the first place to deliver the rebel leaders from the punishments and disabilities to which they were justly amenable, and then to restore to their hands the political control of the States that participated in the rebellion.

"First—Immediate restoration of all the States to their rights in the Union, under the Constitution, and of civil government to the American people."

Not yet is this anxiety displayed in behalf of the loyal inhabitants of the States that embarked in Rebellion. No fear is expressed that the political authority in those States may revert to the same men that held it during the war, and who are as hostile to the Union now as at any former period.

LET us scrutinize these demands somewhat more closely. "The immediate restoration of all the States to their rights in the Union under the Constitution." Seven of these States have already been restored, and the remaining three will be as soon as they shall comply with the conditions exacted of them.

THE STATES which were seceded from the Union, and were imposed to the extent of \$28,448,596, causing at the end of 1867 an actual diminution to the extent of \$11,844,908 sterling.

BRITISH NATIONAL DEBT. From official documents the following statistics of the national debt and commerce of Great Britain are gleaned:

At the close of the financial year on the 31st of March, 1857, the funded debt amounted to £755,004,119; the unfunded debt was £23,151,400; and the estimated capital of terminable annuities, £26,763,244; making the total amount of the National Debt £804,918,763.

At the date in 1857, £841,722,963; in 1858, £836,144,640; in 1859, £823,934,880; in 1860, £816,340,310; in 1861, £818,048,896; in 1862, £815,820,290; in 1863, £817,559,322; in 1864, £815,280,134; in 1865, £808,189,303; in 1866, £809,849,949; in 1867, £800,848,847; and on the 31st of March, 1868, £797,031,630; viz: £741,190,328 funded debt, £77,911,600—unfunded, and £78,830,292, the estimated capital value of the terminable annuities, which in that year amounted to £3,447,270.

Since 1855 the interest of debt incurred for the Crimean war has been wiped out, and the proportion of debt payable by terminable annuities has been materially increased.

The total gross revenue of the country for the year ended March, 1868, amounted to £60,600,318 sterling. Of this sum \$2,650,000 was derived from customs, amounting to £20,102,000 from excise duties, £9,541,000 from stamps, £17,177,000 from property and income tax, and £3,500,000 from other taxes; £4,800,000 from the postoffice, £345,000 from crown lands, and £2,586,518 from miscellaneous receipts.

By a boiler explosion in the Hospital at Madison, Wisconsin, Saturday, the engineer and assistant were instantly killed, and the foreman severely scalded. His injuries are so bad that he cannot recover.

EDITORIAL ARGUMENT. The following beautiful specimen of Democratic argument, uttered at the meeting of the unfettered on Thursday night last by our friend Johnson, is especially recommended to the attention of "Jim Farr" ("Hager beer Johnson") who has been another intelligent Democrat, and in the judgment of the writer is too good to be lost.

DR. SARGENT'S BACKACHE PILLS. Are the most efficient and most popular Diuretic medicine known, removing at once any obstruction of the Kidneys, soothing inflammation and strengthening the Urinary Organs.

DR. SARGENT'S BACKACHE PILLS. Have been in use 25 years, and are daily performing wonderful cures. In many instances where patients were unable to walk upright or to rise without assistance, they have been relieved by a single dose.

DR. SARGENT'S BACKACHE PILLS. Cure all diseases of the Urinary Organs, the symptoms of which are weakness and pain in the back and loins, pains in the joints, difficulty in voiding the urine, general debility, &c.

THE KIDNEY, BLADDER, &c. Are those organs through which most of the waste of the body passes; they are the great excretory organs, and when they become diseased, the system becomes deranged, and if not relieved at once, it leads to the most fatal and distressing ailments.

THE ELECTORAL COLLEGES. The States will be entitled to votes as follows, after the November election: Alabama 5; Arkansas 5; California 5; Connecticut 3; Delaware 3; Florida 3; Georgia 5; Idaho 10; Indiana 13; Iowa 10; Kansas 11; Kentucky 7; Louisiana 7; Maine 7; Maryland 7; Massachusetts 12; Michigan 8; Minnesota 4; Missouri 11; Nebraska 3; Nevada 3; New Hampshire 3; New Jersey 7; New York 33; North Carolina 20; Rhode Island 4; South Carolina 6; Tennessee 10; Vermont 6; West Virginia 5; Wisconsin 9; total 239.

THE following extract from a private letter is published in the Cincinnati Commercial. Its author is a Mississippian: "I am a Southern man by birth, education and feeling, and wish only the peace, quiet and prosperity of my country, and as such feel no hesitancy in saying that the election of Grant and Colfax can alone give us these; while the election of Seymour and Blair will bring greater discord and a more unsettled state of affairs with us than now exists."

GEN. FORRESTER, the eminent Democratic leader, thus explains the Fort Pillow butchery: "There were with me many citizens who had been wronged, and I think, without waiting for the surrender of the men who had wronged them and their families, they shot them down."

THE Philadelphia Morning Post gives the following excellent recipe for making Democratic gains: To get the Gains you must take the Standard Democratic Arithmetic, published at the World office, and for sale at the office of the Age. This classic volume should be in the hands of every Democratic voter.

Now, if you will please recollect that four times five is fifty, and that twice two makes ten, and then that ninety-four into seventeen goes six times, and that thirty-four from twenty-five leaves eleven, you will easily comprehend that the Democrats made great gains in Maine. You have first got to deduct from the so-called Republican majority of 22,000 about 30,000 illegal votes, and to add to the Democratic vote about the same number to cover the tare and tret. Then you must take the per centage of the gain of the majority of the vote of the Democracy in 1868, just fifty years ago, and you will square root can be extracted from the difference.
