The Nittsburgh Enzette. FINANCE AND TRADE,

OFFICE OF THE PITTSBURGH GAZETTE, Monday, September 21, 1868. The gold market opened strong early this morning at 144%, but after 3 P. M. the market became weak on account of the large amount of exchange pressed on the market, and the latest sales were at 143%, with a further declining tendency. The main support during the past week was from the covering of short sales, and the pressure to-day to sell was increased by a powerful clique of bears in stocks and governments, who wished to arrest the rising tendency of the stock and bond market by settling a large amount of gold on the bull

Governments were firmer, but the sales are trifling; but few large dealers are buyers, and with the decline in gold, the governments will have to follow.

bulls, and petit speculators did not 'rise tocation which way the market was likely to go. So far the bear clique has suffered but little, and they are likely to succeed in keeping the stocks in the hands of those considerably higher.

Express stocks are firm from the increased business now oing. oney is very easy.

CRANBERRIES-Sales of eastern at \$20 PITTSBURGH PETROLEUM MARKET. OFFICE OF THE PITTBURGH GAZETTE,

Monday, September 21, 1868. The Crude market was exceedingly dull to-day, but a single sale reported, 80 bbls, on spot, at 11c, bbls returned. There was Stocks, against the expectations of the a firmer feeling, however, and hol ers generally are endeavoring to establish an adday. The market on Saturday was a fair indi- vance. Spot oil was quoted at 111/2 to 111/20 -one party assured us that he had an offer of 111/2c, which he refused. The principal cause for this firmness lies in the fact that the Refined market is much firmer for early deliveries, and the one always symwho thoug it they could force the market pathizes with the other. Late on saturday

ere wrs a sale of 500 barrels for Octeber at lic. REFINED. The Refined market was considerably excited to-day, especially to September dull.
