FINANCE AND TRADE,

OFFICE OF THE PITTSBURGH GAZETTE, ERIDAY, September 25, 1868. Gold was strong all day at from 141% to 421/2, with an advancing tendency. The ttempt to bring down the market to 140 has failed, and the large short interest reated by the bears makes them anxious

over as low as they can do. In Governments the market was rather trong, but at lower rates. An advance of ld would bring in large purchasers for conds at present quotations.

Stocks are firm, and rather on the point fadvancing than on a decline; the cliques are able to buy any stocks offering, even at quotations, and thereby sustain the market and assist in advancing prices.

Money is easy, but business is rather in active.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, September 24, 1868. The inclement condition of the weather tended very much to cripple out-door business to-day, which, at best, has been nothing to brag of for some time past. The only important feature we have to notice n connection with the general markets, s a still further decline in Wheat and Flour in the west. It was thought some time since that prices had touched bottom, and it is possible that they may go lower yet, though the general impression is that the bottom has been reached. Within the last sixty days Spring Wheat Flour has declined fully two dollars per barrel, and Spring Wheat is down about 40c per bushel. Winter Wheat is also lower, but it.

has not declined in proportion with Spring Wheat.

APPLES—Are coming in quite freely, but with a steady demand, prices are pretty well sustained, ranging from \$3 to \$4 POTATOES—Dull, and caunot be quoted

above \$1 per bushel, and \$3 per barrel. Sweets scarcer and firmer; \$6,00 to \$6,50 BUTTER—Is in better supply, but as yet prices are unchanged at 35 to 40c. EGGS—Steady, with sales of fresh packed

t 23c. CHEESE—Quiet and unchanged at 15 to 16 for Western Reserve and Hamburg; 17 to 18c for Factory and Goshen, and 19c to 20c for Sweitzer. SEEDS—Sales of Timothy Seed at \$3,50 to \$3,75, and Flax Seed at \$2,45 to \$2,50. Clover Seed is dull and nominal at \$8,75 to

PROVISIONS—Bacon is quiet and unhanged at 14 to 14½ for Shoulders; 16½ for Ribbed and 18 to 18½ for Clear Sides, and 21 to 22 for Sugar Cured Hams. Lard is quoted at 20 to 20½c, in tierces, and 22, in kegs. Mess Pork, \$31 to \$31,50.

CRANBERRIES—Sales of new crop, eastern, at \$20 to \$24.

crop, eastern, at \$20 to \$24.

BEESWAX—Is quoted at 35 to 40c.

LARD OIL—Is quiet and unchanged at \$1,20 fer No. 2, and \$1,50 for No. 1.

SALT—Is dull and unchanged at \$1,75 to \$1,80 to the trade, and \$2, in a retail

way.

GRAIN—There is nothing doing in Wheat, and we do not hear of any established prices; taking the Western markets as a basis, prime Winter cannot be fairly quoted above \$2. Rye is quiet but unchanged at \$1,40. Oats firm with a moderate demand at 65 to 66c on track, and 68 to 70c for small lots in store. Corn is quiet and a little weak but uuchanged; last sales at \$1,14 to \$1,17 for mixed to prime Yellow. Barley is quiet and in limited supply; No. 2 Chicago may be quoted at \$1,90, and

Barley is quiet and in limited supply; No. 2 Chicago may be quoted at \$1,90, and prime Penna. and Ohio at \$2.

MILL FEED—Is very dull but unhanged at \$1,10 for Bran; \$1,30 for Shipstuffs, and \$2 for Middlings.

FLOUR—Is dull and weak with a drooping tendency. We now quote good to choice Spring \$9 to \$9.50. The mills continue to quote at\$10,50 for Extra Family, in barrels, and \$10,20. in sacks, and Double Extra at \$11, in barrels, and \$10,70, insacks. Rye Flour, \$8.75.

Rye Flour, \$8,75.
WHISKY—The market continues firm and as but few of the distilleries are in op-eration, in consequence of the high price of grain, it is not likely that the supply which is now very light, will be much increased. We quote at present rectified per gallon \$1,30; highwines per gallon \$1,40; half rye and half corn per gallon \$1,75; old Monongahela two years old, per gallon \$2,25; and old Monongahela three years old \$3,50

per gallon. PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTBURGH GAZETTE, FRIDAY, September 25, 1868. The Petroleum market, both Crude and Refined, was very unsettled, and irregular to-day, and the fact that Antwerp has droppod two and a half francs, staggered the says: There was considerably less grain paid for at the banks to-day than usual, as there was but little movement in the way of shipments eastward. The money market, however, continues to work very close. There are indications that some of the banks, in anticipation of their quarterly statements, are endeavoing to contract their line of loans and discounts, and there statements, are endeavoing their line of loans and discounts, and there seems a fair prospect that a more pressing time than has yet been felt this fall, will be experienced between now and the 5th of October. The report of the amount of flour and grain held in store here, on the night of Saturday, September 19th, shows night of Saturday, September 19th, shows dred barres, for a "refusal" of one party having been "bluffed" into paying two hundred thousand dollars for October a 12½—subsesand dollars for October a 12%—subsequently the buyer tried to impress the seller with the fact that it was all a joke, but

(the seller) failed to see it in that light. CRUDE. The Crude market was very unsettled and irregular to-day; it opened about where it left off on Thursdey evening, but where it left off on Thursdey evening, but as the day advanced, under the infinence of free offers to se!, prices fell off somewhat, and closed considerably lower. Sale of 1,000 each for October, November and December at 12c; 1,600 for October at 12½c; 500 next fifteen days at 12½c; 1,000, all year, seller, at 11½c; 1,000 each for October, November and December at 11½c, and 1000 for first half October at 12c. At the 1,000 for first half O tober at 12c. At the close, there were offers to sell September and October at 12c—we heard of one offer having been made to sell October at 11%c.

REFINED, The market was exceedingly quiet today, not a single sale report d, though, compared with yesterday, prices are off fully half a cent. We now quote September at 32½c, and October at 32c, against S3, yesterday, for the former, and 32½c for the latter.
