DISEASED LUNGS.

There is no doubt whatever that diseases of the ungs, or ulcers of whatever sort, on any of the inernal organs may be, and are frequently cured, and a complete condition of health established. If the claborative functions, of which the stomach is the primary and most important one, are restored to a condition to do the repairing of the human system,

lcers or sores, whether upon the lungs, the liver, the kidneys or the bowels, or upon the legs, as is frequently the case, can be made to heal, and a complete standard of health re-established.

We have frequently seen these results from the use of Dr. KEYSER'S LUNG CURE, a pleasant and agreeable medicine, which will ripen up and

carry out of the animal economy all effete and used UNION PACIFIC RAILWAY, up material. Dr. K. says that he has known the nost distressing and harassing coughs, whose vibraions would threaten to shake the whole constitution to pieces, removed in the course of a few days

In long standing cases of consumption, or of other ometimes fatal but always troublesome and annoying maladies, known as catarrh, chronic bronchitis

trachitis or pharyngitis, it is a wonderful alleviaing medicine in the former and a sure cure in the latter disease. DR. KEYSER'S LUNG CURE IS ENRICHED BY SOME OF THE MOST VALUABLE PLANTS AND HERBS KNOWN TO BE USEFUL AND CURATIVE IN ALL DETE-HORATED STATES OF THE HUMAN BLOOD, and bilst it adds to its plasma, it at the same time Tanners' Scraps, Ceroons, Cattle Tails, stimulates, gently but effectively, the skin, the kidneys, the liver and the gl nular system to sufficient action to enable the body to take on healthful Office and Warehouse, No. 335 LIBERTY ST. 3d door from Wayne, action and cradicate the disease. The sick and afflicted should bear in mind the virtues of this great PITTSBURGH, PA. nedicine, and if those who are sufficiently alive to the importance of health, will resort to it in the beginning of a cough or cold, there would be no HILL ROULS, UNION PACIFIC RAILWAY,

falling into declines and rapid consumption, so hopelessly incurable and so moss surely fatal.
