Fair and Festival.-A grand Fair and Festival will be held at Lafayette Hal! on Wednesday, Thursday and Friday, September 30th, October 1st and 2nd. A brass band in attendance every evening.

City Councils.—A regular meeting of the City Councils will be held this afternoon at two o'clock.

Drunk in squads, drunk in companies, drunk in battallions were the men who received Gen. Blair yesterday morning.

Query.-How many sober men received General Blair at the Allegheny Valley Rail-road Depot at one o'clock yesterday morn-ing? Planchette writes "nary ono."

The Seventh and Eighth Wards Grant The seventh and Eighth wards that and Colfax Club will hold their regular weekly meeting this evening, when all the members are requested to be present

Surety of the Peace. J. Adams made in-formation before Justice Animon Saturday, against John Malone for surety of the peace. A warrant was issued for the arrest of the accused.

Beastly drunk, frightfully demoralized, gloriously intoxicated, were the men who played escort to Gen. Blair yesterday morn-ing. This foreshadows what we may ex-pect on the 5th of October.

After the demonstration of drunken, brawling men yesterday morning General Blair must have no very high opinion of the decency of the new friends he has found in the Democratic party.

Alleged Larceny .- John H. Fink made information before the Mayor, Saturday, oharging Jacob Blatter, alias John Jacob with the larceny of \$200. A warrant was issued for the arrest of the accused.

Did the "wickedest man" of the Post Din the "wickedest man" of the 175t count the drunken men in the Democratic escort to Gen. Blair yesterday morning? If so, tell us how many chaps remained after deducting those who were so very drunk?

That the great tide of public opinion is pre-eminently in favor of General Grant is a fact indisputable, and it is fully proven by the enthusiasm of the people on his behalf. Every demonstration of the Republicans throughout the land has been an acknowl-edged success, and theusands upon thous-ands assemble at every call for a meeting. The meeting in the Diamond, Allegheny, Saturday night, although only an impromitu affair, was unprecedentedly large, and the enthusiasm of the masses unbounded. Democratic Counterfeiters. Some time ago a citizen of Blair county, Penna, forwarded to General Spinner, United States Treasurer, one of the bogus dollar greenbacks got up by the Democrats as a burlesque upon the national currency. This specimen is printed on common coarse paper, with green ink front and back, and the engraving is from a wood cut roughly done; but at a little distance off it might readily be mistaken for a genuine note, and could easily be passed at night, or upon near-sighted persons as a genuine bill. In-stead of Mr. Chase's likeness on the left hand corner, which the genuine dollar green-dack has, this imitation bears the likeness of Seymour, and has a *fac simile* signature of Treasurer Spinner in its usual place at the bottom, right hand side. On the back it bottom, ngut nanu sue. On the back it contains a "promise to pay the bondholders in greenbacks, including 5 20 bends," which is the Democratic doctrine. The object in sending this note to General Spinner was to trains are run to agree with the splendid ascertain whether it was not a violation of Howard Regulator, just erected in their the law establishing the national currency, and Mr. Spinner referred the matter to Soli-citor Jordan, of the Treasury Departi-ment, who is of the opinion that all will use Reed's standard time alone, as do nearly all of the railways centuring in our city. Readers who have occasion to travel by railway will make a note of this item and set their watches to agree with Reed's regulator or the "big bell," which measures the flitting moments for the city as it also keeps the infallible record of the Fifth street establishment. and Blair are elected these unauthorized emissions will unquestionably supersede the genuine national currency, which will become valueless. The Blair county gen-tleman states that large numbers of these imitations have been circulated in western Pennsylvania and adjoining States, and that

many simple minded farmers have been imposed upon and received them for money, being told by nterested parties that they were just as good as greenbacks. General Spinner has also received information that this villainous imitation has been largely circulated in the South among the colored people, and passed among them in immense quantities, the unsophisticated blacks being told that if they vote for Seymour and Blair these notes will pass as money, and be as good as greenbacks to buy corn, potatoes, or any other necessaries of life. This is one of the most disgraceful modes of electioneering ever attempted in this country, and the strong arm of the law will be in voked to crush it out and punish the origi-nators if they can be reached. -- Wash.
